# Wife Badly Injured In Hammering

## Ex-Husband Jailed For Attack In Marin City

A 21-year-old dental secretary from Marin City was in critical condition today after being bludgeoned about the head with a balpeen hammer allegedly wielded in a parking lot near her apartment by her ex-husband.

The assault occurred exactly a week after the victim, Mary L. Jones of 79 Cole Drive, won an interlocutory decree of divorce and custody of the couple's 3-year-old son, James Davis Jones Jr.

A formal complaint charging Jones Sr., 30, of 409 Drake Avenue, Marin City, with assault with intent to murder was filed by the district attorney's office today.

He was held in Marin County jail in lieu of $11,000 bail.

Marin General Hospital officials said Mrs. Jones admitted shortly after the 8 p.m. assault yesterday, was unconscious and in critical condition at noon today. She suffered head injuries, but the officials declined to give further details. They said she was in the intensive care unit, and underwent extensive brain surgery last night.

Marin County sheriff's officers gave the following account:

Jones, a maintenance man at E. F. Sweeney British Cars in San Rafael, went to the victim's apartment last night, apparently to visit the son.

He and the victim, employed by a San Francisco dentist, began aguing and went out to the parking lot near Jones's car. Jones grabbed the hammer from inside his vehicle, and struck Mrs. Jones "more than once" on the head. The woman collapsed.

Neighbors who heard her screams called the sheriff's office. Jones was arrested minutes later in his car at Drake Avenue and Cole Drive.

Deputies said the hammer was lying at the scene of the assault.

Marin City relatives were keeping the son today.

Deputies said they received a call last Monday from Mrs. Jones informing them of the court order granting her custody of the son, and requesting aid in getting the youth from the father. Officers said the son was returned to the mother without incident.

Last Feb. 3, a court order was issued restraining Jones from molesting his wife and from occupying the Cole Drive apartment.

Last Wednesday, Superior Court Judge Samuel W. Gardiner granted the interlocutory decree on default to Mrs. Jones, along with $75 monthly child support.

## 'Death Trap' Is Protested In Sausalito

Thirty-five persons signed a petition presented to the Sausalito City Council last night requesting something be done about traffic at South and Second streets.

"The intersection has become a death trap," said Mrs. Marsha Elliott, originator of the petition, who lives at 8-A Second Street.

She said pedestrians and motorists are in "constant danger" and suggested that protective signals and marked crosswalks be installed immediately.

City Mgr. Charles A. Brown was directed by councilmen to discuss the matter with Norman Wohlschlaeger, superintendent of public works, and other department heads and put the subject on the agenda for a future meeting.

## Park Director Is Resigning

Edmund Mahany today gave notice he is resigning as Novato parks and recreation director as of the end of this year.

Mahany said "advancement opportunities" prompted him to quit the city job, and he gave notice now to allow the city time to find a replacement, reported City Administrator J. Julien Baget.

"Beginning a parks and recreation department in Novato has been a rich and rewarding experience," Mahany wrote in his letter of resignation.

Mahany began working for the city Sept. 13, 1962.

# Own Car Kills Woman, 80, In Larkspur

## Auto Rolls From Driveway After Felling Driver

An 80-year-old Larkspur woman, apparently trying to stop a runaway automobile in her driveway late yesterday, was knocked down by the vehicle and fatally injured.

The victim was Mrs. Nora Mumbert of 363 Eliseo Drive, a resident of the area for a year and one-half.

Larkspur police said today they could not be sure Mrs. Mumbert was run over by the car. They believe she was struck by the open door of the auto as it rolled backward down the long driveway at the home at 4:58 p.m.

**HEARS SCREAMS**

A neighbor, Robert Glassburn of 340 Elisio Drive, was working in his yard. He said he heard Mrs. Mumbert drive home and stop he car. Then he heard a woman screaming, "Oh, my! Oh, my!"

Glassburn ran toward the Mumbert home. He said he saw Mrs. Mumbert falling from the car, but could not tell whether the wheels ran over her.

The keys to the car were still in Mrs. Mumbert's hand when an ambulance arrived.

The car continued to roll down the driveway, crossing Elisio Drive, and started over the edge of a cliff when it was stopped by a small drainage ditch.

**LIVED ALONE**

Mrs. Mumbert suffered a broken pelvis and hip. She died at 7:10 p.m. An autopsy was to be performed today.

Mrs. Mumbert, who lived alone, was the widow of James Mumbert of Lodi, who founded the Mumbert Concrete Pipe Co. there.

She was a native of Claytonville, Ill., and had lived in California for 45 years.

She is survived by a son, Cecil V. Mumbert, who now operates the pipe factory; four sisters, Mrs. Alice Walker and Miss Elda Howell, of Pasadena, Mrs. Clara Burkhardt of Pomona, and Mrs. Elsie Hinkle of Bourbonnaise, Ill.; two brothers, Elmer Howell of Leole, S.D., and Clarence Howell of Seal Beach, Orange County; two grandchildren, and one great-grandchild.

Funeral arrangements are pending at Gierhart and Wells Mortuary, Lodi.

# Dry-Eyed, Solemn Throng Pays Last Tribute To Hoover

## Hometown Burial Due Probably On Sunday

COMBINED AP & UPI

Plain citizens and public figures joined today in paying last respects to former President Herbert C. Hoover.

Among early arrivals at St. Bartholomew's church in New York City were United Nations Ambassador Adlai Stevenson, New York Sen. Jacob K. Javits, former Postmaster General James A. Farley and State Department protocol officer Jay Rutherford.

Many who passed by the flag-draped coffin were workers from office buildings in the vicinity of the church in mid-Manhattan.

Hoover's body will lie in state for 48 hours amid the Byzantine-Romanesque grandeur of the 125-year-old edifice, guarded by an honor detail from all the armed forces.

The line of mourners extended for more than a block around the huge, be-domed Byzantine-style sanctuary on Park Avenue, just across the street from the Waldorf Towers where Hoover, 90, died yesterday in his apartment.

There were no tears for the great humanitarian and 31st president of the United States whose long life had encompassed a half dozen careers. The crowd was grave but dry-eyed. They bowed, genuflected, nodded, or crossed themselves as they passed the flag-draped, candlelit bier.

**WOMAN WAVES**

One woman waved her farewell. Others knelt momentarily to pray. There was no music—only the sound of the unending line moving slowly but unhaltingly up the aisles.

President Lyndon B. Johnson and GOP presidential candidate Sen. Barry Goldwater will come to St. Bartholomew's tomorrow to attend the brief Episcopal memorial service conducted by the Rev. Dr. Terence J. Finlay. Hoover was of Quaker stock on both sides of his family but considered St. Bartholomew's his neighborhood church. The funeral of his wife, Lou Henry Hoover, was held there in 1944.

There was only one wreath—white crysanthemums from President Johnson — at the bier. It was brought to the church by Maj. Gen. J.F.R. Seitz, deputy commanding general of the First Army.

**POLISHED RIFLES**

The honor guard, which carried highly polished rifles with chrome-plated bayonets, changed every 30 minutes. The mourners were kept moving and no one was allowed to sit in the 1,250-seat church for meditation or prayer. The only light in the chancel was provided by four tapers burning in tall candleholders placed at each corner of the coffin.

Hoover's body will be moved by train to Washington Friday morning. The coffin will be moved from the church to Pennsylvania Station by hearse instead of horse-drawn caisson, an honor given only to presidents who die in office.

The tribute will be repeated on Friday and Saturday in Washington in the Capitol rotunda.

## Stop-Work Warning On Canal Given

Marin County supervisors got a stop-work warning yesterday from the Army Corps of Engineers on the Saucelito Canal project.

In a letter to the board, Lt. Col. Robert H. Allen, district engineer for the corps, requested a report on the county's project plans by Nov. 15.

Unless the plans are received by then, "it will be necessary that we recommend to the division engineer that work on the project be stopped because of the uncertainty of the sponsor's plans for the project," Allan said.

He said he learned from "newspaper articles and from meetings with local interests and a representative of the California Department of Fish and Game" that the county was considering relocation of the proposed Saucelito Canal.

The corps has no objection to considering changes in the channel alignment, but to date has not been officially informed of any change in the county's plan for the project, Allan said.

He asked specifically for the county's schedule for acquiring tidelands and other lands and rights-of-way for the project.

Supervisors referred the request to County Administrator Alan Bruce, with instructions to report Nov. 10 with an estimate of acquisition costs.

### San Rafael Grade Crossings Get Nod

The California Public Utilities Commission today granted the application of the state Department of Public Works to construct two railroad grade crossings in San Rafael.

One will connect Francisco Boulevard with Dubois Street, while the second is needed for the eastern extension of Second street. When these are completed, the crossings at Irwin Street and Francisco Boulevard may be abandoned, the PUC order said.

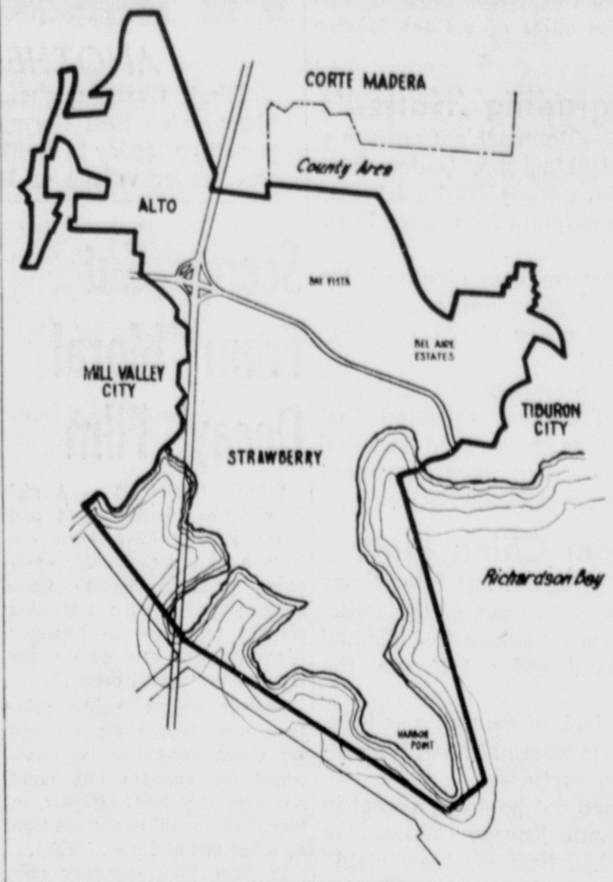
### Little Boy Is Hurt In Tam Valley Fall

Four-year-old Gregory Crotts of Tamalpais Valley was in "good condition" at Marin General Hospital at noon today after he reportedly fell six or seven feet off a sheer bank at Shoreline Highway and Spruce Street, striking his head on a corner of concrete at the Coyote Creek flood control project.

The boy is a son of Mr. and Mrs. George Crotts of 405 Spruce Street. Tamalpais Fire Department gave first aid at 11 a.m.

# Alto Is Seeking To Incorporate



BOUNDARIES OF PROPOSED NEW CITY—Map by Independent-Journal artist Jack Lucey shows area proposed yesterday to be incorporated as the City of Alto, surrounded by Mill Valley and Corte Madera except for a small unincorporated area at northeast (upper right). Proponents of incorporation said the filing would stymie Mill Valley efforts to annex 127 acres of the area. Mill Valley City Mgr. Bert A. Balmer disagreed.

## Annex Move Is Target

By BRUCE COLEMAN

Notice of intention to incorporate the City of Alto was filed yesterday with the county clerk in an effort to block the City of Mill Valley's proposed 137-acre annexation.

The proposed city would be sandwiched between cities of Tiburon, Corte Madera and Mill Valley and would include the "orphans" of Strawberry, Bel Aire, Bay Vista, Eagle Rock, Pelican and Tiburon Hills, Greenwood Cove, and Alto.

**1,620 ACRES**

It would contain 1,620 acres and about 6,000 residents.

"This move has been instigated from the fact neighboring communities want to divide us up among themselves," said Harvey M. Chapman, of 4 Meadow Drive, Alto, chairman of the proponents and circulator of a petition bearing 50 signatures.

"I think this is darned important," said Stanley J. Gallagher of 241 Ricardo Road, Strawberry, "when you have two cities pushing you and two other cities who could be . . . we would be orphaned to any one of them . . . to keep our interest and our economy in the best possible shape, I think we have to incorporate."

**90-DAY BAR**

Immediate effect of the notice of intention is to place a 90-day bar on the proposed Mill Valley annexation.

(The annexation includes the Alto strip and such businesses which add to Alto's tax base as Goodman Building Supply Co., Sabella's Restaurant, Hi-Ho Motel and Alcan-Marin Ltd's. Marina Apartments.)

However, hearing on Mill Val-

## Mill Valley Is Going Ahead On Annexation

The City of Mill Valley will proceed with its proposed annexation regardless of yesterday's proposal of 50 persons to form a City of Alto, City Mgr. Bert. A. Balmer said today.

"If the Marin County Local Agency Formation Commission approves our request (that the proposed 137-acre annexation may be considered and pursued) we will set it for a hearing," Balmer said.

"Alto's request for incorporation is not a valid one, as far as I can determine legally, until the commission approves its request and it goes to the board of supervisors."

Balmer said the 90-day bar, which proponents of incorporation of Alto say is effective with their notice of intention to create a new city, is not effective becausee Alto's request has not yet been approved by the commission.

## $700,000 Bond Ballot Set In April For Hub Schools

Voters in San Anselmo School District will be asked next April 20 to authorize $700,000 in bonds and borrow $500,000 from the state for new buildings in the next five years.

The trustees set the April 20 date in a resolution calling for the election last night at Isabel Cook School. That is the date of school trustee elections.

Supt. Stephen Parodi said the bond issue would bring the district to its legal bonding limit for about five years.

The trustees heard a report last night that a new state law would penalize the district if building program does not keep up with enrollment.

The new law penalizes districts for classes of more than 32 pupils in the first three grades by cutting state allowances by $10 per pupil.

The board turned down a request from four parents for bus transportation for their children to Brookside School. The parents said Sir Francis Drake Boulevard is between their homes and the school, creating a hazard for their children.

Trustees decided that bus service could not be given within three-quarters of a mile of the school, but directed Superintendent Parodi to work with the police department in an effort to correct the danger.

### China Sends Johnson Request For Summit

WASHINGTON (UPI)—Red Chinese Premier Chou En-lai has sent a message to President Lyndon B. Johnson urging a world summit conference to abolish nuclear weapons, the State Department said today.

The State Department made it clear that the United States was rejecting the proposal.

## Johnson Back Campaigning; Crime Rate Sickens Barry

COMBINED AP & UPI

President Lyndon B. Johnson said today the overriding foreign policy issue in the campaign is whether the United States "will use our great power with restraint" in a step-by-step quest for peace.

Returning to the political wars for a day's foray into Ohio, Missouri and Illinois, Johnson voiced a blistering indictment of the policies proposed by his rival, GOP presidential nominee Barry Goldwater.

Without mentioning Sen. Barry M. Goldwater by name, Johnson said in a statement that his opponent had "placed under attack all of the policies which have brought us close to peace."

Telling several hundred persons at Akron-Canton Airport that "you can be proud of the kind of leadership this country has produced," Johnson expressed confidence that the people will vote Nov. 3 to "continue on the path of strength and restraint which we have followed for the past 20 years."

Johnson said that as he sits in his office "late at night, I am deeply conscious of the immense power this nation commands."

In obvious reference to Goldwater, he added, "this great power cannot be put in the hands of those who might use it impulsively or carelessly. . . ."

# WIRE NEWS BRIEFS From Everywhere

## Gangster Kidnaped At Gunpoint

NEW YORK (UPI)—Gangster Joseph (Joe Bananas) Bonnano, a top figure in the Mafia, was kidnaped at gunpoint today from a parked car in front of his Park Avenue apartment, police reported.

Bonnano, whom the FBI regards as one of the underworld's most feared chiefs, was sitting in the automobile with his lawyer about 12:30 a.m. (EDT) when the gunmen appeared. They dragged Bonnano out of the car, fired a shot in the air and sped off in another car, the police said.

The gunmen wore raincoats and each carried a .45-caliber automatic pistol, the lawyer, William Power Maloney, told police.

Bonnano was due to appear today before a federal grand jury investigating the New York underworld. He was reputed to be chief of a Cosa Nostra family in Brooklyn.

## Khrushchev Downgrading 'Halted'

COPENHAGEN (AP)—Denmark's Communist newspaper says the Soviet Union's new leaders have halted their campaign to downgrade Nikita Khrushchev because of the adverse reaction from most European Communist parties.

Peter Schaeffer, Mascow correspondent of the Danish party's Land Og Golk, said meetings in Soviet plants, state institutions and other places attacking Khrushchev have been stopped.

Stig Bringert, Moscow correspondent of Copenhagen's liberal newspaper Politiken, reported that Khrushchev and his wife, Nina, have been installed under virtual house arrest in a four-room apartment "from where he can see the Kremlin towers."

## Fallout Slight From China Blast

WASHINGTON (AP) — No significant fallout was deposited on the United States as most of the radioactive cloud from Red China's nuclear test floated across the American mainland and out to sea, the Weather Bureau reports.

It said last night that a lack of rainfall was helpful. Rain in the path of the cloud might have brought some of the radioactivity to earth.

Even if predicted rain had not held off, except in northern New England, Atomic Energy Commission scientists said fallout from last Friday's "low yield" test had not been expected to cause any undue health hazard in the United States.

## British Strike Set

LONDON (UPI)—The new Labor Party government lost its first skirmish with labor today when it failed to halt a threatened dock strike. A walkout that could throttle trade is set in about six weeks by Britain's 65,000 stevedores. Their union could not agree to settlement yesterday.

## Labor Aide Named

LOS ANGELES (UPI)—Gov. Edmund G. Brown yesterday appointed Ulysses Scott Simonds Jr., business manager of the San Mateo County Building and Construction Trades Council, to the Bay Area Transportation Study Commission.

## Gun Play Kills Tot

VISALIA (AP) — Kevin Jay Morris, 3, of rural Visalia, shot himself to death yesterday when he pulled a nightstand next to a chest of drawers, climbed up, and picked up a revolver. The weapon went off, the bullet striking him in the head.

## Capital Drag War

SACRAMENTO (UPI)—A special police squad will patrol downtown Sacramento streets this weekend in an effort to combat teenage drag racing. The problem of juvenile dragsters has become critical in downtown Sacramento on Friday and Saturday nights.

## New Torso Killing

NEW YORK —The headless and limbless torso of a woman, clad in a bathing suit, was found today under the outside stairway of a tenement building near Times Square. Police said the woman apparently was between 25 and 40 years old. Her time of death was placed sometime between 9 p.m. (EDT) last night and 3 a.m. today.

## Ex-Judge Very Ill

WASHINGTON (UPI) — Retired Supreme Court Justice Harold H. Burton, 76, was reported in serious condition today at George Washington University hospital. An announcement, released by Mrs. Burton through the Supreme Court press office, said Burton was hospitalized "for treatment of Parkinson's disease now complicated by renal failure."

## Labor Feeds Kitty

LOS ANGELES (UPI) — The AFL-CIO is spending about 1 million dollars for the election of President Lyndon B. Johnson and 25 liberal congressmen in an effort to repeal the right-to-work laws, according to the head of the labor organization's legislative department.

## Auto Strike Meet

DETROIT (UPI) — The United Auto Workers union, in response to White House prodding and economic needs of its members, today ordered the national General Motors council into session Friday to vote on ending a 27-day strike that has idled more than 300,000 workers.

# Split California Proposed Again

REDDING (AP) — A proposed division of California into two states is due for discussion Friday by directors of the nine-county Northern California County Supervisors Association.

Earl Davies, Tehama County supervisor, proposed a division at the Tehachapi Mountains south of Bakersfield, during last week's membership meeting at Sacramento of the Northern California County Supervisors Association.

The association approved a split if a suitable arrangement cannot be made for reapportioning state legislators.

The northern county leaders fear that reapportionment on a population basis will overbalance the state Legislature with representatives from the Los Angeles area.

The United States Supreme Court has ruled state legislatures must be apportioned according to population, rather than geography. The nine counties figure Northern California would lose seats.

The association directors scheduled to meet Friday at Redding represent the counties of Trinity, Siskiyou, Modoc, Shasta, Lassen, Tehama, Butte, Glenn and Plumas.

## State Listens To Cancer Drug's Backers, Foes

BERKELEY (AP) — Hearings into a proposed statewide ban on use of the drug Krebiozen for treating cancer have a one-day layoff today before resuming Thursday in Los Angeles.

A three-man committee of the State Department of Health Tuesday heard five cancer victims testify Krebiozen saved their lives.

Also testifying was Dr. Andrew C. Ivy, 71, of Chicago, the drug's sponsor. He offered to submit the drug to rigorous testing.

The health department's Cancer Advisory Council has called for a ban on Krebiozen in California. The drug already is banned from interstate shipment by the U.S. Food and Drug Administration, which claims it is worthless.

# Scenes Cut From 'Moral Decay' Film

WASHINGTON (AP) — A girl in a topless bathing suit and other footage have been cut from a film a Goldwater campaign group hopes to flash across American television screens tomorrow to hammer home its claim that the country is beset by "moral decay."

Russell Walton, public relations director for the Citizens for Goldwater-Miller, acknowledged the changes last night and said that NBC officials, in turn, had agreed to use the film as scheduled at 2 p.m. (EDT).

In New York, network officials said a final decision will not be reached until today.

FILM'S COST

The object of the film, said Walton, is "to depict the moral decay which has occurred in this country." He placed the film's cost at $100,000—$65,000 to produce and $35,000 for television time.

Before the changes became known, Chairman John M. Bailey of the Democratic National Committee described it as "the sickest political program to be conceived since television became a factor in American politics."

He said he had urged the Fair Campaign Practices Committee in New York to appraise it.

'MAKE MAD'

Walton said "the purpose of the film is to portray and remind the people of something they already know exists. We want to just make them mad, make their stomachs turn."

Several times in the film a black limousine roars along a road. Walton said the purpose is to remind viewers that President Lyndon B. Johnson once drove his car at high speeds near his Texas ranch.

In addition to the topless bathing suit scene, Walton said he agreed to delete a provocative book cover titled "Jazz Me Baby" and photographs of a man in a fig leaf.

*LITTLE OLD ANTI-NAZI*

# 10 Police 'Protect' Picket From Woman

LOS ANGELES (AP) — "What are you doing in that crazy rig?" roared Sadie Weiss O'Sullivan, aged 70. And with that, she marched up, snatched the swastika band off the man's arm and flung it in his face.

A policeman, stationed nearby for protection as the khaki-uniformed man picketed a Democratic dinner party Tuesday night, saw the incident and radioed for reinforcements as a precautionary measure.

In a twinkling, 10 helmeted policemen were swirling about the white-haired, tiny figure of Mrs. O'Sullivan, a widow.

"Ten policemen? For a little old lady?" she queried.

"Well, we never know what might happen . . . " officers explained.

And off they went — attacker, attacked and the 10 helmeted policemen — to the police station to tell their stories.

Police said the man identified himself as Robert Martell, 43, and gave his address as post office box in nearby Glendale which is a mailing address for the American Nazi Party.

Martell, police said, was picketing a dinner in suburban Studio City for Democratic Congressman James Corman, at which acting U. S. Atty. Gen. Nicholas deB. Katzenbach was the featured speaker. Martell carried a sign which read: "Katzenbach, hatchet man for race-mixers" and "Americans, support your local police."

And Mrs. O'Sullivan?

"I was just walking by to go to the market to get my dinner when I saw this crowd," she said. "And I said to myself, 'What's this?'

"Me, I'm a New Yorker. You know, sort of nosey, like a woman. So I walked over.

"When I saw this guy in that uniform with that swastika, my blood just boiled. I saw red.

"Everybody else was just standing there watching him, so I walked up and said, 'What are you doing in that crazy rig?' He just mumbled something, so I grabbed that red and black armband and ripped it off and threw it right in his face."

Police Sgt. Robert Weeks said Martell first attempted to make a citizen's arrest, then asked Weeks to arrest Mrs. O'Sullivan for assault and battery.

"I was so embarrassed," said Mrs. O'Sullivan. "I have a son and three grandchildren, and I thought, 'My son will have a fit.' But really, he'll just think, 'Well that's Mother.'

"And then I heard someone say, 'Oh, the poor old lady,' and that really hurt. I may be 70 years old, but I've got guts! And you know, the police were very nice."

Police wrote a report which was to be given to the city attorney. Then Mrs. O'Sullivan, formerly of Yonkers and Miami, Fla., was escorted back to the market — to get her dinner.

# Missing Woman On Luxury Liner Presumed Overboard

LOS ANGELES (AP)—A woman passenger discovered missing aboard the Lurline after a trip from Honolulu was presumed to have gone overboard, shipping officials said.

The FBI was called into the case yesterday because of the possibility of a crime committed on the high seas, but spokesmen said they had no further information.

The Matson Navigation Co., owner of the Lurline, said a Mrs. Ruth Ladd was known to have boarded the luxury liner at Honolulu last Wednesday. She was missing the next day.

Matson officials said they did not know Mrs. Ladd's age or if she had any relatives. They said a Honolulu hotel registry showed she was from Grand Rapids, Mich.

The Lurline docked here Monday and started its return trip to Honolulu yesterday.

One ounce of platinum, if stretched out, will make a wire almost 1,200 miles long, according to the Book of Knowledge.

# Black Point Water Job Gets Go-Ahead

The North Marin County Water District board last night established an assessment district in the Crest Drive section of Black Point, but not until after there was some juggling of protests.

Before the hearing on the $250,000 district of 320 acres, six protests representing 22 acres had been filed with the district, said Jerome B. Gilbert, manager.

During the hearing, which was attended by 35 people, 11 protests representing 37 acres were presented. Another protest of 13 acres was handed to the board but later withdrawn, Gilbert said.

"So we wound up with 17 protests out of 67 parcels or approximately 25 per cent, and 69 acres out of 320 acres, or less than 25 per cent of the property," Gilbert reported.

Plans for the district call for a new pumping station, water storage tank and mains on Crest Drive and School Lane. The schedule calls for completion of the work early next summer.

The board postponed action on acquisition of an easement for a water main on Maestro Road, pending further negotiations with Paul and Marie Brindel, owners of the private road. This easement has been in dispute between the Brindels and the water district for several months.

The board also authorized increasing the district bodily damage insurance from one to two million dollars.

# Two-Party Business Phone Eliminated For Marinites

The California Public Utilities Commission yesterday approved deletion of the two-party business telephone service rate offered by Pacific Telephone and Telegraph Co. in Marin.

Those businessmen who now have this service may either subscribe to the one-party service or the one party message rate service. Gordon Davenport, PT and T manager in San Rafael, explained that the message rate service allows 75 outgoing calls and an unlimited number of incoming calls at $5 per month.

This is cheaper than the two-party business service, Davenport said.

In the PUC order the phone company was also granted a 25-cent-a-month increase in business phones where customers have their numbers listed outside their rate area and a 50-cent increase where a phone is listed jointly by two business customers.

# Angry Whites Greet Two In Mississippi

Two Stanford University students serving as Freedom Project volunteers—one of them from San Rafael—were greeted by a truck-load of angry whites yesterday in Lambert, Miss., and told to "get out of town and stay out before somebody gets shot," the Sanford Daily reported today.

The two are Frank Morse of 20 Maplewood Drive, San Rafael, and David Harris of Fresno.

They told the Stanford Daily of the incident by telephone yesterday, saying they planned to return to Lambert today. The campus newspaper said the telephone call apparently was monitored. It reported attempts to reach the Freedom Project office in nearby Marks, Miss., were unsuccessful because all incoming calls were being blocked out.

Morse said that when he and Harris telephoned local police to report the death threat, the police hung up as soon as the two identified themselves as Freedom Project workers.

Morse reported that a local Negro sympathetic to the civil rights movement was killed, mutilated and thrown into a river at Marks a week ago. There was no local investigation, he said.

Marks, where Morse and Harris are based, is in northwestern Mississippi.

In a separate report from Columbus, Miss., the Stanford volunteer, Doug Sorensen of Scotts Bluff, Neb., reported the Freedom House was burned to the ground last week. Again, there was no investigation, he said.

The Stanford students are responsible for maintaining their academic work at the university while serving as Freedom Project volunteers.

Morse, an orphan, formerly lived with Rev. and Mrs. Richard D. Belmont of San Rafael. Rev. Belmont is vicar of the Episcopal Church of the Redeemer.

Morse was suspended from Stanford last spring for smashing a door in a building at the university's campus in Florence, Italy. He returned to the university this fall.

# Dead Deer Means Jail For Novatan

Ralph Arthur Young Jr., 41, of 31 Cambridge Heights, Novato, was sentenced to four days in jail today for possessing a dead deer out of season Sept. 30.

Judge David R. Baty of West Marin Justice Court imposed a fine of $100 or a jail sentence of five days. Young said he was unable to pay the fine. The judge gave Young one day's credit for time served in jail the day of his arrest.

Young was arrested by a sheriff's deputy near Nicasio Reservoir.

# 2 Proposed For School Unit Vacancy

Mrs. Gloria Melbostad and Jack L. Younger, both of Mill Valley, have been proposed as candidates for an upcoming vacancy on the Tamalpais High School District board.

Board president James M. Stubblebine said today the board will set up interviews with the two applicants before making a choice to replace Dr. Delman D. Smith, who is resigning Nov. 1.

Smith, when he submitted his resignation, asked that the new member be chosen from Southern Marin, so that that area of the county would be represented.

Mrs. Melbostad was one of the candidates from the Mill Valley area in the unsuccessful Tamalpais unification election in June. She is 34 and lives at 355 Vista Linda Drive. Her husband, J. Richard Melbostad, is a manufacturer's representative.

A 10-year resident of Mill Valley, Mrs. Melbostad has three children. She is former president of the Sausalito League of Women Voters.

Younger, 45, of 240 Manor Drive, operates the Jack Younger Insurance Agency in San Rafael. This year he has headed the education committee of the County Grand Jury, which recently called for upgraded vocational training in Marin County schools.

Younger has lived in Marin County 19 years and has two children. He is president-elect of the Ross Valley Kiwanis Club.

## Manslaughter Case Continued

Hearing on a felony manslaughter charge against Kenneth Mark New, driver of a car that struck and killed Arthur S. Olson of Novato on the Golden Gate Bridge Sept. 28, was continued today in San Francisco Municipal Court until Nov. 25.

New is under psychiatric care at Veterans Hospital in Martinez. He has a history of schizophrenia.

Continuance was ordered today by Municipal Court Judge Fitz-Gerald Ames.

## Teller Says Space Feat Outshines Bomb

COVINA (UPI) — Dr. Edward Teller, developer of the hydrogen bomb, termed the Soviet accomplishment of orbiting three men in a space ship more significant than Red China's detonation of a nuclear device.

"That even the Chinese could do it, proves that making a nuclear explosion is easy," Doctor Teller said last night in a talk to more than 400 members of the Aerojet Corp. Management Club.

# CANDIDATE

Continued from page 1

Goldwater made a campaign trip into the Philadelphia area today with a tribute to the late President Herbert Hoover as "one of the most respected men in America — who never had a whisper of scandal anywhere about him."

The comment came in a brief speech to several hundred persons at Philadelphia International Airport.

Goldwater announced on the plane from Washington that he would attend private funeral services tomorrow afternoon for the late president in New York.

Attacking the Johnson administration, Goldwater said, "I get a little sick at my stomach when I see people trying to explain the rising crime rates" and the growing violence in the streets.

He said that disrespect for law and order "trickles down from the top."

"We must have impeccable leadership to have the respect at all levels of government," he said.

Sen. Hubert H. Humphrey stumped through Illinois today, offering a program designed to "give the consumer his due."

"As a creature of all the people," his statement said, "the federal government has a special responsibility to the American people in their capacity as consumers."

Humphrey said that the function of the government is two-fold:

"On the one hand, it much act as agent of the consumer to protect him from danger and fraud.

"On the other hand, it must act as his client to see that his demand and requirements are met within the framework of our private enterprise system."

At San Francisco, Rep. William E. Miller canceled two days of campaign appearances and decided to fly to New York City today to be on hand for funeral services for Herbert Hoover tomorrow.

The Republican nominee for vice president abandoned plans for a swing through Pennsylvania. He will, however, stop tonight in Dayton, Ohio, for a campaign speech.

Miller's campaign schedule also was disrupted by a hurry-up television filming session.

Assistant press secretary Harold Dunham would say only that the material was part of a program to be shown on nationwide television.

Richard M. Nixon said today the Walter Jenkins case, the Soviet Union leadership shakeup and Red China's bomb test have thrown the presidential election polls "into the waste basket."

The former vice president, speaking at Lincoln, Neb., said "these events made people think of the major issue in the campaign — foreign policy."

In California yesterday, State Controller Alan Cranston replied to a charge by Republican Senate candidate George Murphy that he wasn't really working hard for Democratic Sen. Pierre Salinger's bid for a full term.

Cranston called Murphy's charge "the latest example of Murphy's disregard for the truth. It's a little ironic that when news of Murphy's totally false charges reached me, I was campaigning for Senator Salinger in Ventura County."

Salinger, in San Francisco yesterday, told a union audience that Murphy is "accepting the support of the radical right and refusing to repudiate the John Birch Society."

In a Sherman Oaks rally, Murphy concentrated on foreign policy. He declared:

"While the rate of United States casualties in South Vietnam . . . mounts daily, the administration has failed to chart a clear course for victory over Communist aggression in Southeast Asia.

"My opponent says our role in Vietnam is frustrating. I say it is not only frustrating, but it is failing."

## Sewer Directors To Use TV Leak Finder

Directors of Richardson Bay Sanitary District last night furthered plans to place a television camera in sewer lines on Cecilia Circle in Bel Aire to check for leaks and breaks in lines.

Directors adjourned to 8 p.m. Nov. 4 at the Trestle Glen treatment plant for consideration of annexation of tidelands and other portions of Harbor Point on the Strawberry peninsula. Secretary Alfred O. Pratesi reported the required 75 per cent of property owners in the areas had requested annexation.

## Hospital Unit Head

SANTA BARBARA (UPI)—Robert J. Thomas of San Marino has been installed as president of the Cauifornia Hospital Assn. to succeed Clifton H. Linville of Fresno.

# San Anselmo Boy Booked For Assault

A 15-year-old San Anselmo youth was booked at juvenile hall at 3:50 p.m. yesterday on a charge of assaulting a San Rafael police officer and disturbing the peace.

San Rafael patrolman John Loane said the boy was one of five or six teen-agers whom he advised not to push a disabled motorcycle along Fourth Street near West Crescent Drive, because of heavy traffic.

Loane said the others complied, but the young San Anselman shot back an obscene comment about "cops." Observing two women within earshot, Loane elected to book the youth on a disturbance charge and asked him to get in the patrol car.

The boy grabbed Loane under the arms, police said, shoving him off balance. Loane responded by grasping the youth's shirt and tossing him over his head.

In the scuffle, Laone's shirt and pants were torn, his hat crushed and his glasses broken. In addition, his .38-caliber pistol flew from its holster and skidded several feet away.

Officer Roy Conyers jumped from the car and retrieved the pistol, then aided Loane in hand cuffing the youth and placing him in the car.

for the last homecoming of its most renowned native son.

Indications were that final services for Hoover would be conducted Sunday.

Actual burial will be at a gravesite selected by Hoover himself atop a small hill which overlooks the rest of the park, the Hoover Library, and the cottage in which he was born. The family has stipulated that services will be brief.

Mrs. Hoover's body will be taken from its burial place at Stanford University and placed beside her husband.

American flags around the world have been at half-staff by direction of President Johnson since shortly after Hoover's death.

A 30-day period of mourning was decreed by Johnson.

## Terra Linda's Fire Station Now Fulltime

The Terra Linda Fire station has been manned on a 24-hour a day basis since Oct. 15, Asst. Fire Chief George Walser reported last night to the Terra Linda Community Services District board.

The change was made after Robert Kelley of 1045 Las Ovejas, a former volunteer, joined the department on a fulltime basis, Walter said. Kelley is the second fulltime fireman. A third is slated to be added to the staff in January.

The board adopted a resolution backing passage of county measure B on the Nov. 3 ballot for formation of a Marin County Transit District.

## Car Flips On Waldo, Driver Slightly Hurt

Gerald A. Ross, 20, of 355 Canal Street, San Rafael, was injured at 2:15 p.m. yesterday when his car overturned on Highway 101 just south of the Waldo Tunnel He was treated for a cut head and scraped left arm at Marin General Hospital.

The California Highway Patrol reported Ross said the car went out of control on the curve emerging from the southbound tunnel.

## MARIN FIRE CALLS

11:54 a.m., Novato—Carburetor fire in car belonging to Michael Corey, 215 Shevelin Road, Novato, at Hhighway 37 overpass; minor damage.

12:01 p.m., Tamalpais—Fire, cause undetermined, destroyed tarp on pickup Ford of Bill Schultz at 106 Almonte Boulevard.

ley's request will still be held at 8:45 a.m. tomorrow before the Marin County Local Agency Formation Commission at the Civic Center, according to John F. Barrows, executive officer.

The commission last May rejected a petition by Mill Valley to annex 255 acres, which included the area in the present annexation request. At that time the commission received many protests from Tamalpais Valley residents who said they did not want to lose their business strip on Shoreline Highway. Tomorrow the commission will consider whether the new Mill Valley annexation is the same or substantially the same as last May's. (The law reads that an annexation cannot be sought until after one year if it is the same or substantially the same.)

"We are very satisfied with things as they are, and in being in an unincorporated area, said Chapman, who is a resident engineer with the State Division of Highways. "But we prefer to be incorporated rather than be annexed.

"The rumor going around is Mill Valley and Tiburon have got together and decided how they are going to split this area. I have lived here better than 20 years and everybody has worked together . . . If we want any additional rules and regulations imposed upon us, we should do it ourselves or at least decide who is going to do it for us.

"Mill Valley has already chopped into what we call our area, including Sutton Manor, Enchanted Knolls and Scott Valley."

Chapman cited a letter from Gordon W. Strawbridge, Tiburon mayor, to the board of supervisors Oct. 1 in which Strawbridge said the City of Tiburon considers its sphere of interest and potential future boundary to include the entire Tiburon Peninsula except Belvedere.

Alto Fire Chief Carl O. Heynen Jr., a proponent who said he speaks as a private citizen, declared, "the majority of the property owners of the Alto strip are in favor of this incorporation." He said Strawberry is the largest area in population of the several communities and Alto is the oldest settled area, some residents having lived there over 50 years.

He said that it would be the province of the people to decide where a center of the proposed city would be and its name.

"This will give the people of the area opportunity to say if they want to be governed by this or by other people," said Heynen. "We have always felt that the Alto strip was part of Alto and Strawberry. If they (Mill Valley) want to take in the high school, we don't care about that."

Albert Bianchi, attorney for the petitioners for incorporation, said after the notice was filed, "our mission is to mire the malicious Mill Valley marauders."

Charles M. Mowers, owner of the Hi-Ho Motel at 707-A Redwood Highway, said, "In my opinion a new city would in all respects benefit the county and persons involved in it."

Harry H. Johnson, owner of the Sabella Harbor Building at 558 Redwood Highway, said, "If incorporation goes through, at least the property owners would have some jurisdiction over their own destiny as far as their property is concerned. I would definitely be for the incorporation over annexation."

## Merchant Traps Two On Charges Of Shoplifting

Two San Rafael men were booked on shoplifting charges after they were allegedly seen taking goods from the Food Mart, Fifth and Tamalpais avenues, San Rafael, at 2 p.m. yesterday.

Police said Sylvester L. Richardson, 39, of 883 Fourth Street and Jay D. Trimble, 49, of the Lincoln Hotel were booked on a citizen's arrest by Maurice Guy, store owner.

Guy told police clerk Marcel L. Hasseldt saw Richardson pocket an 18-cent bar of soap, and saw Trimble take three small cans of fish and sandwich spread, worth a total of $1.97.

Parnelli Jones proved that the ST-107 could roar around a track safely even at speeds over 138 MPH. That's faster than you'll ever drive, but here's what it means to you! *RIV-SYN*, Wards extra mileage producer, assures longer tire life. The wide angle tread design puts more rubber on the road where you really need the traction. 3300 "swirl-sipe" edges deliver quick, safe stops. The tough 4-ply nylon cord carcass absorbs road punishment and resists damage due to heat build-up and moisture rot. Parnelli proved it! Buy ST-107 tires and see for yourself.

THANKS, GENTLEMEN — State Sen. John F. McCarthy had a private, as well as official reason to be grateful for the good work done by local firemen and peace officers when a tidal wave hit Marin boat harbors in the wee hours of Mar. 28. McCarthy's own Loch Lomond Yacht Harbor was one of the hardest hit. Here, McCarthy presents framed, illuminated copies of a State Senate resolution of commendation to Sheriff Louis P. Mountanos, Police Chief Charles J. Chiesa and Fire Chief Vance Trivett.

(Independent-Journal photo)

## Elaborate Scroll Praises Marin Tidal Wave Alert

Three days after one of the nation's worst earthquakes sent a tidal wave to Marin shores last March, the California Senate passed a resolution praising San Rafael police and firemen and the Marin County Sheriff's Office for its work during that emergency.

The last paragraph of the resolution, passed March 31, was an instruction to the senate secretary to "transmit suitably prepared copies of this resolution" to Police Chief Charles J. Chiesa, Fire Chief Vance Trivett and Sherif Louis P. Mountanos.

Yesterday the three men learned what was meant by the term "suitably prepared copies," as Sen. John F. McCarthy (R-San Rafael), himself a harbor owner and author of the resolution, presented framed, illuminated copies of the document to Chiesa, Trivett and Mountanos.

McCarthy, whose own property was among the hardest hit by the tidal wave, had praised police, deputies and firemen for their "prompt, effective action," which he said helped prevent loss of life or serious injury during the tidal wave.

## Hammer Saves Space Money

HUNTSVILLE, Ala (AP)—Every time Marshall Space Flight Center rocket engineers use their new magnetic hammer it saves taxpayers $30,000.

They developed the electronic device to remove distortions from segments used in making fuel tank domes for the giant Saturn V moon rocket booster.

Such distortions could ruin the tank segments at a cost of $30,000. The new tool "hammers" out the defects with electrical pulses lasting about 500 millionths of a second.

Today's most difficult and dangerous railroad to operate runs through the rice fields and jungles to South Vietnam from Saigon to Dong Ha, the National Geographic says. The Communist Viet Cong repeatedly attacks and sabotages the trains. Since 1961, more than 150 passengers and trainmen have been killed, and 128 locomotives damaged.

The Appalachian Trail, 2,050 miles of marked hiking, threads through 14 states, eight national forests and two national parks. Summertime hikers may face snow blizzards in New Hampshire's White Mountains, sweltering heat in Tennessee.

## South Vietnam Unveils New Constitution

SAIGON, Vietnam (UPI)—South Vietnam's new temporary constitution was made public last night. It provides in theory for civilian rule but leaves sweeping power to the military.

Elections will be postponed indefinitely.

The military regime of Maj. Gen. Nguyen Khanh is scheduled to end by Oct. 27. But Khanh and Maj. Gen. Duong Van Minh (Big Minh) are favored to succeed themselves, respectively, as premier and chief of state.

The constitution was drafted at the instigation two months ago of South Vietnam's riotous Buddhists. The American establishment here has been dubious that civil rule could be restored in a war-torn country in the time allotted.

The authors are 17 political, educational and religious leaders selected by Gen. Minh. They in turn will select the chief of state, who will select the premier.

The council will continue to operate as a legislature until an election can be held for a regular legislature.

The City of New York has an extreme length, north and south, of 36 miles. From the western border of the Borough of Richmond (Staten Island) to the eastern border of Queens, the distance is 25 miles.

## EXTREMISM WITH EGGS IS BOREDOM

SIOUX CITY, Iowa (AP) — Ann Ellen Christensen, 20, of Newell, Iowa, says she was just looking for excitement and had no personal motive when she tossed an egg that hit Sen. Barry Goldwater during a campaign visit here last Friday.

The incident will cost Miss Christensen a $50 fine, or 15 days in jail if she doesn't pay up by next Friday. This was the ruling Tuesday when she pleaded guilty in Municipal court to a charge of disorderly conduct.

Miss Christensen, a business college student, shares a third-floor apartment with four other girls. She said she threw the egg from an apartment window. Police said witnesses saw her do it.

## International Club Elects

John Bradley has been elected fall semester president of the International Club at San Rafael High School.

Janet Anderson was named vice president; Jean Douglas, treasurer, and Doreen Phelps, secretary.

The club plans to have foreign exchange students all Marin high schools appear at its meetings as speakers.

## Shakespeare Fete Elects Directors

Mrs. Chapin A. Day of San Rafael was elected a director of the Marin Shakespeare Festival last night.

Four directors were re-elected: Mrs. Jo Egenberger, Earl Pennington, Robert Pendergrass, and Robert Andrews.

Election of new officers by the directors was postponed to give directors time to seek out a replacement for Brian Rolands as treasurer. Rolands has resigned the post, but will continue as a director.

Members heard reports from executive director John Brebner, executive producer Ann Brebner, and promotions director Mellon Hunton.

The 1965 season will run from July 14 through Sept. 4, producing "Romeo and Juliet," part one of "Henry IV," and "As You Like It." A talent search is planned throughout the western states to find male and female leads for "Romeo and Juliet."

A primary goal of the group during the year will be to establish a women's auxiliary known as the "Merry Wives."

## Wine License

SACRAMENTO (CNS)—James O. Reimel, director of alcoholic beverages control, announced the department has issued a wine grower's license to Tiburon Vintners, 72 Main Street, Tiburon.

## Cattle Drive Is On Water

NEW YORK (AP)—In one of the longest cattle drives in history, the cattle didn't walk a mile.

Last year a herd of 515 Santa Gertrudis steers traveled 2,536 miles from deep in the heart of Texas to a town south of Pittsburgh entirely by the inland waterway system. Steelways magazine, published by American Iron and Steel Institute, says the trip was so smooth that the animals gained an average of 70 pounds per head, instead of losing that much, as often occurs during such a long trek.

The cattle drive is one example of the rising amount of cargo being carried over the 29,000 miles of navigable inland waterways in the U.S. In 1962 a total of 19.7 billion ton miles traveled by inland waterways, according to U.S. Army Corps of Engineers.

## Legion Talk Set On Veteran Benefits

James Burdick, Marin County veterans service officer, will speak about new legislation and benefits for veterans at a joint meeting of American Legion Posts 284 of Mill Valley and 179 of San Anselmo next Monday.

The San Anselmo post will host the meeting at 8:15 p.m. in the American Legion Log Cabin.

# Acting Postmaster Announced For Belvedere-Tiburon Office

Theodore J. Lehmann, 55, a career postal worker now employed in the Post Office Department's San Francisco regional office, will become acting postmaster of Belvedere-Tiburon on Oct. 31.

Lehmann, a 10-year Belvedere resident, will succeed Mrs. Stella A. Ehrenfelt, who has reached the mandatory retirement age. Mrs. Ehrenfelt has been postmaster of Belvedere and Belvedere-Tiburon for 28 years.

Appointment of Lehmann was announced today by Postmaster General John A. Gronouski. He said Lehmann was recommended for the post by Sen. Pierre Salinger.

The appointment as acting postmaster will be in effect until an examination is given and a choice from among those passing is presented to the president, who then will make the permanent appointment subject to Senate confirmation.

Lehmann began his postoffice career prior to World War II. He entered military service in 1942 and remained in the Army until 1957, rising from second lieutenant to lieutenant colonel. He returned to the postoffice in 1958 and has served as costs analyst in the San Francisco regional office.

He and his wife, Margaret, have a daughter and five sons. The family home is at 23 Acacia Avenue, Belvedere.

## Building License

SACRAMENTO (CNS) — The contractors' state license board announced it plans to issue a general building contractor's license to Gerald J. Mouchka, 825 Los Gallinas Avenue, Santa Venetia, if no protest is received by Nov. 2.

# Episcopal Group Says Laity Undermines Stand On Rights

ST. LOUIS, Mo. (AP) — An influential wing of the Episcopal Church today accused its general convention of undermining the "hundreds of courageous priests" who have fought for equal Negro rights.

The sharp reaction was voiced by the American Church News, following rejection by the church's governing body of a proposed move to condone nonviolent civil disobedience "for reasons of conscience."

Lay church representatives beat down the measure yesterday, overriding the clergy.

Terming the result an "outrageous usurpation by the laity of the teaching function of the church," the American Church News declared:

"By this action the church seems further to repudiate the hundreds of courageous priests of her own ranks who have joined in the most significant social revolution of our time."

The publication, organ of the denomination's high church or Anglo-Catholic wing, the American Church Union, was circulated today among the church representatives here from across the country.

Demolition rivals construction as a big business in New York City, says the National Geographic.

# State Finds Sale Of Bedding From Meningitis Spot

SACRAMENTO (AP) — State investigators have found surplus mattresses from Fort Ord, where meningitis has hit, in retail stores in Stockton, Sacramento and Oakland.

Frank C. Freer, chief of the Bureau of Furniture Bedding and Inspection, said that his men are trying to determine if the mattresses had been sterilized before they arrived in the retail outlets.

If they had been sterilized at a temperature of 233 degrees Fahrenheit — the heat required by state regulations — there would be no violation of the law and the mattresses could not spread the disease, Freer said.

## Wrong Son In Picture

GOLDSBORO, N.C. (AP)—Herbert Newkirk walked proudly into the newspaper office with a picture and a story about his son, Herbert Jr., who had won an athletic scholarship at Wisconsin State College.

However, the embarrassed Newkirk left quickly and returned with another picture.

"I brought the wrong picture," he apologized. "The one you have is of Hubert . . . He's Herbert's twin brother."

# Doctor, Hospital Spar Over X-rays Of Hands

Dr. Stanford W. Ascherman has offered to drop his fight to be accepted on the staff of Marin General Hospital if the hands shown in an X-ray picture are not his.

Harold F. Riede, attorney for the Marin Hospital District, turned down the deal, offered Monday by Ascherman's attorney, Harry Gonick, after Gonick said that if the hands are Ascherman's several of the charges leveled at the doctor should be dropped.

The X-rays are pictures taken before and after a broken bone was set in 1959. Ascherman claims that he set the bone of the patient, injured when he fell off a bicycle.

Riede has charged that another doctor set the bone after Ascherman made "five or six attempts," unsuccessfully. Riede has claimed the other doctor will testify on the case if he can be protected by a subpoena so he cannot be sued.

Ascherman, in an impromptu hearing at the county courthouse, offered X-ray pictures of his own hands as evidence, and said the other doctor, William A. Hammond Jr., should do the same.

The session was held before hearing officer John R. McDonough Jr. after he and both attorneys had appeared before Superior Court Judge Richard M. Sims Jr. to gain a stay in a court order to wind up hearings.

There was no previous announcement the short session would be held after the court appearance. The next hearing is set for 2 p.m. Monday at Marin General Hospital.

Riede yesterday said again that Hammond will testify, if subpoenaed. He said Hammond will say he did the work on the broken bone, and that the fact Ascherman's hands show in the X-rays does not prove Ascherman did the work.

# Park Problems Are Explored In Sausalito

Rest rooms proposed for Cloud View Park and landscaping of Langendorf Park were discussed last night by the Sausalito City Council, but both were continued for further study.

Councilmen decided to ask for a recommendation on the rest rooms from the recreation commission, although Councilman Eleanor O'Hara Chapin favored getting them right away.

Widening of Woodward Avenue, as proposed, above Langendorf Park will mean a better turn for drivers from Woodward to Easterby Street, reported City Mgr. Charles A. Brown. It will also mean the city will get at little cost, 5,000 yards of fill needed for the city corporation yard. Twelve oak trees at the park will be affected by the widening. Some of them must be removed and, perhaps, others can be boxed to save, Brown said.

The council said it will hear from the recreation commission and interested property owners Nov. 10.

Brown reported suggestions on proposed changes in the civil service rules and ordinance, received from the City Employees Assn., two department heads, the city attorney, and Councilman Earl F. Dunphy will be sent to the state personnel board. A representative from that board will make a presentation to city council, he said.

Twelve employees attended the council meeting, but were informed before its opening that there would be no action taken on the ordinance and rules last night.

The Sausalito City Council also:

1. Voted 4-0, Councilman Carl W. Gabrielson absent with influenza, to go on record supporting formation of a Marin County Transit District (County Measure B on Nov. 3). Endorsement was requested by the Women Voters, Southern Marin chapter.
2. Thanked the recreation commission, Parent-Teacher Assn. and youth volunteers for work on the summer recreation program.
3. Heard from Brown that specifications have been drawn for improvements to Richardson Bay School tennis courts and that work will begin "immediately."
4. Authorized Brown to raise the wage of senior citizens employed as attendants at parking lot No. 3 from $1.25 to $1.50 per hour since "in this day and age Marin is an expensive county." Three or four people, said Brown, have indicated interest in the jobs.
5. Continued to Nov. 10 discussion on the proposed community antenna television ordinance.
6. Agreed to meet Nov. 10, since Nov. 3 is election day, and meet again Nov. 17.
7. Heard from Councilman Chapin that the Big G Supermarket is to request an added sign for its Marinship market and said the applicant must go through the proper procedure, having violated the ordinance before.
8. Heard request from Dunphy that sidewalk be installed at Bridgeway and Anchor Street.
9. Adjourned in memory of John B. Lowe, former Sausalito mayor and councilman, who died recently.

# Residents On Kent Avenue Protest Traffic Hazards

The Marin County Board of Supervisors received a petition yesterday from residents of Kent Avenue, Kentfield, to stop speeding and eliminate pedestrian hazards along the avenue.

The petition signed by 54 residents touched off a discussion of the problem of enforcing traffic regulations.

Donald R. Frost, director of public works, said there is lack of adequate enforcement.

The California Highway Patrol is not staffed to provide the service needed, he said. In some cases there is not enough right of way for both pedestrians and vehicular traffic. "When you have two lanes for traffic and parking and pedestrians, you can't do it in 18 to 20 feet."

The request from the Kentfield residents noted that cars park on both sides of Kent Avenue forcing school children to walk in the streets.

Frost said his department would check the avenue and determine if one side of it could be a "no parking" area.

The residents also noted that the lower end of Kent Avenue near the Stadium Way parking lot is a continual scene of congestion. Supervisor William D. Fusselman said that area is under study. He commented that the new College of Marin gymnasium is going to produce a lot of traffic.

King Henry I of England (1068-1135) established the length of a yard as the distance between the tip of his nose and the end of his thumb.

# San Marin Park District Formed

A park maintenance district for San Marin was approved last night by the Novato City Council after hearing many of the same arguments that had been aired at an informal meeting last week.

Marco Weiss, attorney for Sunset International Petroleum Corp., developers of San Marin, explained the only function of the district would be to maintain planting strips along San Marin and San Andreas drives after Sunset puts them in at a cost of $30,000. He said Sunset would pay more than half of the expenses of maintaining the planted areas because it owned that large a share of the land in the district.

City Administrator J. Julien Baget answered that until such a time as the city has its own maintenance crew for the work, it must be done by contract through an assessment district.

# LBJ Consults Panel On Foreign Problems

WASHINGTON (UPI)—President Lyndon B. Johnson today asked a blue ribbon panel of consultants to provide him with views for dealing with the problems of relations with Communist countries, the Atlantic Community and the need to limit the spread of nuclear weapons.

After meeting for nearly an hour with the bipartisan citizen's panel, Johnson said in a statement that he expressed to them "my own strong sense of urgent purpose in all three of these areas . . ."

Among those on the panel are Gen. Omar Bradley (ret.), Allen Dulles, former director of the Central Intelligence Agency, and former Secretary of State Dean Acheson.

# Lot Split Ordinance Delayed After Clash

A long-awaited county lot-split ordinance will have to wait a little longer, at least until the public has its say.

The Marin County Board of Supervisors voted 4 to 1 yesterday to have a hearing on the proposed ordinance next Tuesday.

There was a clash of opinion on how fast the board should proceed on the emergency ordinance.

Supervisor Peter H. Behr felt the board should consider the ordinance next week, and adopt it then if the board felt it was a good ordinance. He cast the dissenting vote against the motion that would preclude adoption at the next meeting.

Supervisor George H. Ludy said he was opposed to quick action and wasn't going to be a party to "ram-rodding" the ordinance through. The ordinance will affect many people and they have a right to study it, he said.

Supervisor William D. Fusselman said, "I agree to the need, but insist that the public must have the opportunity to know."

Mayor Robert D. Carrow of Novato said the ordinance "is long, long overdue. . ." Speaking for 25,000 people it should be no more than a week in the interests of the property owners."

He said there are sub-standard areas adjacent to Novato and charged "the board is not meeting the needs of our district."

If adoption of the ordinance is delayed three weeks or longer, there will be a rush of applications for lot splits to beat the ordinance deadline, Supervisor Behr said.

Assemblyman William T. Bagley, appearing as attorney for a property owner, urged the board to conduct a hearing so property owners would have a chance to read the proposed ordinance.

## The Marin County Board Of Supervisors Also:

1. Approved plans and specifications for construction of a family rehabilitation center and kitchen on county property in Lucas Valley, estimated to cost $400,500, called for bids by Nov. 17, and set July 1, 1965, as completion date.

2. Approved release of a replica of the Old Mill, which was built for the county's exhibit at the State Fair, to the City of Mill Valley with the city paying transportation costs.

3. Approved the master plan for an Eichler development at Harbor Point including 27 single-family homes, 124 multiple units and a one-acre recreational park.

4. Received a recommendation from County Fire Chief Louis J. Bloom that an ordinance be adopted requiring adequate water main extensions for fire protection in heavily-wooded unincorporated areas. Supervisors referred the request to the county administrator's office for study.

5. Approved appointments of Donald J. Andrich, supervisor of unsecured accounts, treasurer-tax collector's office; Fred C. Prebil, Bruce M. Burgess, Elmer H. Berry, James J. Dalton, Lyle Smith and Harvey A. Freetly, all junior appraisers, assessor's office; William Bowles, junior planner, planning department; Virginia G. Hilman, deputy clerk, municipal court; John J. Santos, deputy sheriff, and Joseph Joslin, deputy probation officer.

6. Approved transfer of $2,000 from the contingency reserve fund to pay for extra personnel needed in the election department for the November election.

7. Repealed two county ordinances, one establishing regulations for slaughter houses, and one providing milk control regulations, that have been preempted by state laws.

8. Approved appointment of Trygve Larson of Santa Venetia and James Stumpf of San Rafael as directors of Flood Control Zone 7.

9. Proclaimed Oct. 28 as legal secretaries' ninth annual Day in Court and Oct. 24 as United Nations Day in Marin County.

Supervisors Behr and Fusselman were absent at the morning session, but attended the afternoon sessions.

## No Action Taken On Reed Trustee

No action was taken last night at a closed session of the Reed School District board considering the resignation of a trustee, Mrs. Alyce Farkas, board chairman, reported.

Richard J. MacLaury has told board members he would like to resign for business reasons when the board can come to agreement on appointing a successor to fill out the year left in his term.

Mrs. Farkas reported that board members discussed the possible resignation last night. She said no one was yet being considered for MacLaury's post and any further action would come at a regular board meeting. MacLaury was absent from the meeting at Del Mar School.

## Tool Belt Stolen

Someone stole a $45 carpenter's belt of tools from the bed of James C. Buse's pickup truck Monday night or yesterday, he told San Rafael police. Theft occurred while the truck was at his 33 Grove Street, San Rafael, home or near a Tamalpais Valley dentist's office, he said.

# Bay Area Leaders Look At Shoreline

By JEFF GREER

Twenty Bay Area civic leaders, state legislators and newsmen took to the air from Marin County heliport yesterday for a look at San Francisco Bay's waters and shoreline.

They saw more smog than anything else. Two thick brown layers smudged the horizon from Santa Clara to Marin and Contra Costa shorelines. But they also got a look at the greatly varied mass of water, mudflats, marshes and filled areas that have generated so much controversy between "fill" and "anti-fill" factions.

State Sen. J. Eugene McAteer of San Francisco and his San Francisco Bay Conservation Study Commission sponsored the inspection flight by two helicopters.

McAteer said the flight did much to impress his committee with the scope and complexity of the problems on which the State Legislature has asked recommendations.

The study group has held six hearings since it was created at the last session in Sacramento; it plans to hold several more before writing its report by Jan. 8 and going out of business.

"Our big problem is to determine what must be done with San Francisco Bay 'in the public interest'," McAteer stressed. That phrase is the key to the commission's job, he declared.

During the morning's hearings in Sausalito, McAteer had asked each of three Marin County spokesmen to define what they meant by "public interest." He sparred with Supervisor Peter H. Behr over the latter's declaration that state sales of tidelands a century ago were not "in the public interest."

Behr agreed with McAteer and commission member Henry Bostwick Jr. that some private developments, such as Belvedere Lagoon, have been "in the public interest." He called the Audubon Society waterfowl refuge on Richardson Bay another example.

But he said it is also in the public interest for state and federal funds to be spent helping local agencies regain control of other tidelands.

Sausalito, related Mayor Jan Paul Dyk, is so concerned about the problem that it has imposed a three-year moratorium on filling, in hopes that a regional study will determine the future of the bay.

Mrs. Harold Summers, president of the Marin Conservation League and long-time Marin County planning director, spoke most strongly about the alarming "increasing speed of irrevocable filling." She said experts figure that the appraised value of privately-owned tidelands has increased one thousand per cent in five years, and 70 per cent in the past six months.

"This is fantastic. Maybe it's a reflection of your activities," she told the study commission.

Mrs. Summers contended that the Army Corps of Engineers "has become an automatic permit-giving agency" in allowing bay filling.

She said that court tests are needed to determine validity of 19th-Century state lands commission sales of tidelands to private buyers, and asked further tests to determine filling rights and restrictions.

Before the hearing, which drew an audience of 60 Marin County residents, commission members inspected the Army Engineers' Bay Area model. They saw demonstrations of several proposed "barrier" plans designed to exclude salt water from parts of the bay and the Sacramento-San Joaquin Delta.

Filling and loss of shoreline for public use is not the only problem, McAteer and others later pointed out on the flight.

The San Joaquin Drain, coupled with barrier plans that might limit northern bay tidal action, could pollute Marin's shores, McAteer said.

The helicopter flight revealed only Marin County — and to some extent the hilly Richmond shore—as areas easily enjoyed by recreation-seekers. The vast majority of the Alameda, Santa Clara and San Mateo shorelines consist of barren fill—some being subdivided, others used as garbage dumps.

"Engineers tell us," McAteer pointed out, "that 70 per cent of the bay is less than 12 feet deep—and that 50 per cent of it can economically be filled by present-day methods."

## Youth Found Guilty After Death Crash

Daniel E. Gramlich, 17, formerly of Novato, was found guilty in San Francisco Juvenile Court today of manslaughter with negligence in a traffic accident in San Francisco Aug. 29 in which three persons were killed.

Gramlich was ordered to be delivered in custody to juvenile officers in San Mateo County, now his legal residence.

Juvenile Court Referee Forest Peterson made the finding today. Juvenile officer James Pierce said he would deliver the youth to San Mateo County tomorrow. It will be up to authorities there to impose sentence. This could range from probation to custody under the California Youth Authority.

The boy is a son of Otto G. Gramlich of 831 Reichert Avenue, Novato, and Mrs. Gramlich of Pacifica.

His car crashed into a Volkswagen bus near Playland at the Beach, killing three of the 10 occupants.

Soon after the accident he was charged with intoxication and speeding. The charges were later changed to manslaughter with negligence.

## Connection Fees

The Novato Sanitary District board last night approved an agreement which will raise connection fees for Bel Marin Keys, a subdivision east of Highway 101 and south of Highway 37.

## Beatnik Beggars Worry Chamber

An effort to do something about "beatnik beggars" who panhandle in Sausalito on week ends was started yesterday by the Sausalito Chamber of Commerce board of directors.

For the first time in our memory, customers were accosted by beatnik panhandlers last Saturday and Sunday, several members reported at yesterday's board meeting at Zack's by the Bay, said A. Leonard Bjorklund Jr., president.

"We intend to encourage merchants to report all these incidents to the police department so it may take the action necessary," said Bjorklund.

## Earthquake Hits

HELENA, Mont. (AP)—A light earthquake hit southwestern Montana today, awakening some residents and rocking furniture. It apparently caused no damage.

# Portable Classrooms Studied In Fairfax

The Fairfax School District Board agreed last night to inspect installations of two brands of portable classrooms, and instructed Supt. Homer Sisk to learn more about a third type.

District officials hope to put four, and possibly five, of the classrooms to use in Fairfax schools later this school year.

Trustee Fay Jensen was named to form a citizens' architectural advisory committee. The group will advise the district on design of the planned junior high and elementary schools, and will also aid in carrying out a plan to incorporate the portable classrooms into the permanent design of these schools.

Board members passed a resolution endorsing Proposition 3 which, if passed Nov. 3, will authorize 260 million dollars in state bonds for loans and grants to needy school districts' building programs.

Sisk was authorized to apply to the county for a $40,000 loan to cover expenses during the "dry season" until the district receives its share of tax monies, and to enter into an agreement with the county schools office for audio-visual services.

Trustees accepted an offer of the Marin Chapter of United World Federalists to place a United Nations flag in each school.

About 30 minutes of the four-hour meeting was spent in an executive session which Sisk said dealt with negotiations for a site tentatively chosen by the board for a new school.

## Driver Found In Hit-Run Case

San Rafael police had little trouble finding a 20-year-old man they sought in connection with a hit-run accident early today.

They found Marvin Leon Beard of 903 Fifth Avenue, sleeping in his car on the parking lot at Macy's, Fifth Avenue and Court Street.

Beard said he often sleeps there.

He was cited on a charge of hitting the parked car of John D. Forwood of 1446 Lincoln Avenue, Apt. 4, in front of Forwood's home at 2:19 a.m.

## Sues For Divorce

SANTA MONICA (AP) — Actor Ernest Borgnine sued singer Ethel Merman today for divorce, charging extreme cruelty. His complaint, filed in Superior Court, gave no details.

# Boy Reported As Runaway After Head-On Auto Crash

A 16-year-old Corte Madera boy escaped unhurt from a head-on auto crash on Shoreline Highway yesterday, and a few hours later was reported as a runaway.

Still sought today was the boy, Michael C. Bell, stepson of Clyde F. Allyn of 1 Key Largo Cove.

The youth was driving on the wrong side of the highway as he headed around a sharp downhill curve near the Green Gulch Ranch at 3:10 p.m. yesterday, the California Highway Patrol reported. His car crashed head-on with a northbound auto driven by Dr. Gerhard J. Hildebrand, 38, of Berkeley.

Hildebrand and Jeff Dias, 16, of 1895 Mar West Street, Tiburon, suffered minor injuries in the crash, but refused hospitalization, the highway patrol reported.

The highway patrol took the two youths to the Mill Valley Firehouse where Dias was given first aid treatment and picked up by his mother. Young Bell left there on foot.

He was reported as missing at 10:03 p.m. by his stepfather.

## Sneak Thief Loots Movie Cash Drawer

Theft of $161.25 cash from a box office drawer at Motor Movies on Bellam Boulevard, San Rafael, was reported to Marin County sheriff's officers yesterday.

Mrs. Phyllis McDowell, manager, said a ticket-taker left the office momentarily Monday evening to obtain change from the snack bar. On return, the money was missing, according to the report.

# Split Board Gives Excavation Permit

After a long discussion that resembled a court hearing, Marin County supervisors yesterday granted a permit for excavation of land in the north end of the Salt Works Canal off Strawberry Point.

The supervisors' chambers took on the air of a courtroom as attorneys argued their cases and County Counsel Douglas J. Maloney represented the county.

As the legal tangle grew, Supervisor Byron W. Leydecker, who cast the dissenting vote, said he wanted an opinion from the state attorney general on the county's role in the tidelands issue.

The permit to excavate 10,000 yards of material was granted to Bala and Strandgaard, civil engineers of Corte Madera, in behalf of Mrs. H. W. Beckwith.

Attorney Raymond H. Shone, representing Mrs. Beckwith and two other owners, pointed out that the applicants have secured permits from the State Lands Commission and the Army Corps of Engineers for the excavation.

The project was opposed by attorneys Stephen H. Kaufman, representing the Strawberry Recreation District, and Leonard J. Bloom, representing adjacent property owners.

The attorneys recapped the court action involved over the project, but supervisors told them this was not under consideration.

Maloney said: "Essentially the problem is whether an individual who has a state permit to extract minerals from county-owned tidelands must also secure permission from the board of supervisors before proceeding."

In Maloney's opinion the county could consider denying permission or securing revocation of the permit if the proposed dredging would interfere with the county's administration of public trust in regard to commerce, fishing and navigation.

If not, there does not appear to be any reasonable means whereby the county could prevent the applicant from proceeding under the state permit, he said.

Leydecker said if the state has jurisdiction over the extraction of minerals, in this case the earth, "What do we have title to?" He said he would like an opinion from the attorney general's office.

Shone said his client's property is in the center of property already filled and only seven of the 14 acres are suitable for building. "All we're asking is to improve navigation and dredge the canal and make it available for use of adjoining property owners," he said.

Supervisors Peter H. Behr said that he is deeply concerned about bay filling, but the board could not lose sight of legal rights and could not go beyond "its proper sphere" to deny the application.

Supervisor agreed that the county should request the State Lands Commission for notices of applications for permits to excavate county-owned tidelands.

## County Sells 2 School Bond Lots

The Marin County Board of Supervisors yesterday authorized sale of $624,000 in San Jose and Dixie School District's bonds.

The San Jose District bonds totaling $384,000 were sold to the Bank of America, the only bidder, at an interest rate of 3.7072 per cent.

The Dixie School District bonds, totaling $240,000, were sold to R. H. Moulton and Co., a San Francisco bonding house, at a rate of 3.5745, the lowest of four bids.

## Placed On Probation For Drug Possession

Jesse Garcia, 31, who has been residing in a San Anselmo hotel, was placed on six months probation by Marin Municipal Court Judge Leonard A. Thomas yesterday on his guilty plea to a reduced charge of having a hypnotic drug in his possession.

He originally was charged with giving a false name to obtain narcotics.

## HAPPY HUNTING FOR HULK

Abandoned cars are easy to find in Marin but not so easy to dispose of, because of legal red tape. But if they are found on a public right of way such as this one on San Pedro Road near the Northwood Bowmen's archery range, the California Highway Patrol can order them removed. Here John Turrini mans the hoist and Officer Paul Zensius of the CHP watches. Since the hulk was left on county right of way, the county will pay hauling cost for the removal.

# Salinger Tells Marinites Of Conservation

A crowd of about 400 jammed the home and lawn at the Jerome Flax estate in Ross last night to greet Sen. and Mrs. Pierre Salinger.

Stressing the need for conservation and preservation of natural resources, Salinger declared: "We don't want to go down in history as the state which built great highways and magnificent cars, then had no place to go."

Salinger accused his Republican opponent, George Murphy, of not spending five minutes to discuss conservation and preservation of California's natural beauty.

"If I do nothing else," promised Salinger, "I will be the number one protector of the beauty of California and its natural resources."

The senator spoke from the second floor balcony of the Flax home.

Robert D. Carrow of Novato, Marin chairman for Salinger, introduced the senator.

Mrs. Kelly Wheeler of Tiburon was in charge of arrangements for the reception.

## Bus Stop Moved

The southbound bus stop at Entrada Drive in Ignacio was discontinued at noon today, being replaced by a permanent stop at the Ignacio overpass, Western Greyhound Lines announced.

*POLITICAL BRIEFS*

# Clausen For Bay Pollution Study

Rep. Don H. Clausen today went on record in favor of a study of water pollution in San Francisco Bay prior to construction of a system to drain the San Joaquin Valley.

He wrote to Kermit Gordon, director of the U.S. Bureau of the Budget, supporting an appropriation of $300,000 to the Public Health Service for a pollution study of the bay.

The so-called San Luis Drain would take agricultural water from the San Joaquin Valley and dump it into the bay through Carquinez Strait.

## CHAPLIN MOVIE

Oldtime Charlie Chaplin and W. C. Fields movies will be shown Sunday afternoon and evening in Terra Linda during "Byron Leydecker Day," Jack Brandon of Terra Linda announced today.

The free movies will be shown at the Terra Linda Recreation Center, 650 Del Ganado Road, from 2 to 4 p.m. for children and at 8 p.m. for adults.

Brandon, Terra Linda area chairman for Supervisor Leydecker, said refreshments will be served at both showings.

Mrs. A. F. Marcelli, who is in charge of arrangements, said folk singing is also on tap for the evening entertainment.

## PROPOSITION 2

Both San Quentin Prison and College of Marin would gain from the bond money if Proposition 2 is approved on Nov. 3, according to William E. Waste of Kentfield, newly appointed chairman of the Marin Citizens committee for Proposition 2.

Proposition 2 is the 380 million dollar state building bond issue for college and other institutions.

Waste was named Marin chairman by Cyril Magnin, Northern California chairman.

San Quentin would get 1.3 million dollars, Waste said, and the College of Marin would share in 50 million dollars to be distributed among junior colleges in the state.

# Sausalito's Gazebo Attracts Everybody But Commuters

Sausalito's "white elephant" bus depot, empty since January, is being sought by Armstrong Circle Tours and Travel Service for use as a travel bureau.

City Councilman Melvin S. Wax, being so advised at last night's city council meeting, said immediately he does not favor allowing the commercial area of the city expand in the area of the bus shelter, which is on Bridgeway between Anchor and Bay Streets.

The council referred the subject to the planning commission for its views.

"The basic reason for the 'gazebo,'" said Mayor Jan Paul Dyk, "was to have a shelter. I would hate to see it eliminated. Any one would be willing to get the most excellent location in Sausalito to conduct a business."

Since January, said City Mgr. Charles A. Brown, the city has been unable to obtain a Greyhound agent for the gazebo. There has not been enough guaranteed revenue to make the business pay, he reported, even though the city has tried to add other services such as theater tickets, boat trips and chamber of commerce activities.

Brown suggested the city either sell the $5,000 building or leave it where it is and try to make it produce something in revenues.

In Great Britain, the amount a candidate may spend on his campaign for office is severely controlled by law about $2,000 for each candidate. The idea is to obviate personal wealth as an advantage.

# Lagunitas Trustees Delay Site Parley, Await Area Poll

Trustees of the Lagunitas School District last night delayed further discussion of a proposed new school site adjacent to the Woodacre Improvement Club until after a club meeting next Thursday.

The site, one of two under consideration in the Woodacre area, would be used by the district so that pupils would make use of the club's building as a multi-purpose room.

Supt. Marshall J. McCunniff said the club hopes to poll its members to get a consensus on the proposal at the Thursday meeting.

Trustees resolved last night to hold a public hearing on the proposal in Woodacre soon after the club's meeting.

Trustees also agreed last night to pay half the tiution fees for district teachers taking extension courses in Spanish.

AWARD WINNER—The U.S. Public Housing Authority's first honor award for design excellence will be presented to architects Aaron G. Green and John Carl Warnecke tomorrow in Washington, D.C., for design of Marin City low-rent apartment project shown here.

(Photo by Ken Molino)

# Marin City Project Design Wins Award

Architects Aaron G. Green and John Carl Warnecke will be honored in a ceremony in Washington, D.C., tomorrow for design of the 300-unit Marin City low-rent apartment project.

The apartment development was selected for the Public Housing Administration's first honor award for design excellence after a jury of architects and other specialists considered more than 700 projects. The award is being given for the first time this year.

Sharing the citation with Green and Warnecke, both of San Francisco, are the civil engineering firm of Bryan and Murphy of Berkeley, planning consultant Lawrence Livingston Jr. of Sausalito, and landscape architect Lawrence Halprin of San Rafael. All contributed to the project.

The architects, along with Donald O. Stutsman, executive director of the Marin County Housing Authority, and Omar E. McNally, county housing authority chairman, flew to Washington today for the award ceremony.

Green, before leaving, called the award vindication of his contention that matters of design, practicality and aesthetics can be evaluated only by competent experts. "The domination of public architecture by bookkeepers and accountants can only result in mediocrity," he said.

The statement echoed a controversy over the Marin City apartment project in 1962 when the U. S. General Accounting Office criticized "wasteful features" of the buildings such as balconies and view windows.

Green, former associate of the late Frank Lloyd Wright, said "imagination and practical creativity in the design of the Marin City project brought higher standards and better living to many citizens without increasing costs."

McNally said that if voters of Marin on Nov. 3 authorize a 200-unit apartment development for elderly citizens, the housing authority will "seek the same architectural excellence in their design."

## Tam Valley Man Struck By Car

A 65-year-old Tamalpais Valley man was hit by a car at Fourth and A streets in San Rafael yesterday, but San Rafael police said he was not hurt.

Carlton George Melin of 620 Springfield Way, Tamalpais Valley, was struck lightly at 3:04 p.m. by a car driven by Kathleen M. Kirrane of 11 Leeward Road, Belvedere.

Police said Mrs. Kirrane was turning left from Fourth Street into the sun and did not see the man before she hit him.

## No Public For Public Hearing

There was no public last night for the first official public hearing on unification of San Jose and Novato school districts.

Several members of the Marin County Committee on School District Organization, which called the meeting, were on hand at Pacheco School at 8 p.m., along with trustees Alan Swabacker of San Jose District and William Kirk of Novato District.

When no one else appeared by 8:25 p.m., the meeting was adjourned.

A second public hearing is scheduled at 8 p.m. today in the Novato High School cafeteria.

## They Save Sight For Students

SAN ANTONIO, Tex. (UPI) A schoolboy who got bad marks in school was scolded loudly by his parents when he brought home a poor report card. Neighbors told members of the West Side Lions Club.

The civic group arranged to send the youth to a doctor and paid for eye glasses. The boy became an outstanding student.

That case history of three years ago is one of many in the files of the Lions Club, which has made a project of saving sight. In 10 years the group has provided about 1,500 school children with eye glasses, examinations and, in some cases, surgery.

## Huge Transmitter Is Being Installed

MADRID (UPI) — A huge radio transmitter is being installed on the southeast coast of Spain by Westinghouse Electric Corp.

The transmitter, built more than 12 years ago, will be used to provide long-range fleet communications for the U.S. Navy. It is capable of delivering about 500 kilowatts of power. The equipment was brought out of mothballs at Quonset Point, R.I., and shipped here.

Two and a half million Americans are treated for peptic ulcers each year and one of every 10 Americans has an ulcer at some time in his life.

## Playwright Ailing

NEW YORK (AP) — Playwright Lorraine Hansberry is critically ill. The 34-year-old Negro writer is in University Hospital. A spokesman said today her condition is critical, but the nature of her illness was not disclosed. She wrote "Passion in the Sun."

## Woman Driver Hurt

Julia Rose Purcell, 49, of San Francisco, was cut on the forehead at 6:15 p.m. yesterday when her northbound car drifted onto the center strip of Highway 101 north of the Terra Linda interchange and hit the concrete culvert at the end of a drainage ditch. She was treated at San Rafael General Hospital.

## Center Road Improvement District Voted By Novato

The Novato City Council last night voted to form a second assessment district for improvement of Center Road.

Second phase of the work will widen and improve the street from the end of the first assessment district at Tamalpais Avenue west to Lu Sutton School.

Edwin N. Ness, assessment district attorney, reported owners of 65 per cent of the assessed valuation in the proposed district have signed a petition requesting its formation.

The city will pay approximately 60 per cent of the cost, according to Lawrence A. Coleman, director of public works.

The council approved the boundary map, named Coleman as engineer and Ness's firm of Sturgis, Den-Dulk, Douglass and Associates as attorneys for the district.

### The Novato City Council Also:

1. Rezoned from limited agricultural to mobile home zoning 120 acres south of Hamilton Air Force Base, north of St. Vincent's School and east of Highway 101, requested by John A. Lyddon. The area is in process of being annexed to Novato.
2. Approved an agreement with Novato and San Jose school districts for a winter after-school recreation program.
3. Accepted deeds from the Marin County Abstract Title Co. for the Sunset Parkway extension; Mac Tavish and Associates for widening a portion of Diablo Avenue, and Sunset International Petroleum Corp. for San Marin Drive.
4. Accepted rebuilt portion of Rowland Boulevard as completed.
5. Rezoned from limited agricultural to single family residential 30 subdivisions within the city.
6. Rezoned from single to multiple family a lot at 1025 Second Street, requested by Dunya Chernenko.
7. Refused to permit a property split by George F. Lester at 2 Farvue Road which would create an 8,200-square foot lot where the minimum lot size is 20,000 square feet.
8. Continued until Nov. 10 a request by James Eggers to establish a nursery at 2004 Novato Boulevard; until next Tuesday the second reading of an ordinance rezoning from single family dwelling to light industrial 28 acres east of Highway 101 north of Novato Creek and west of the Northwestern Pacific Railroad, and for 90 days consideration of abandonment of a portion of Railroad Avenue.
9. Granted Novato Manor Convalescent Home 60 days extension to complete street improvements.
10. Approved specifications for a new police sedan.

# New Gift Records Set By Crusade Boosters

Two Marin County residential areas and four social agencies have turned in record high gifts to the United Crusade drive, Stephen D. Burke, county campaign chairman, announced today.

Burke noted that:

Residents of Ignacio, second residential area in the county to complete the drive, have contributed a total of $467 compared with $189 last year. The Ignacio volunteer campaigners, headed by Mrs. Gordon Berg, chalked up a 224 per cent of their goal.

In Marin Golf and Country Club, first area to complete the drive, chairman Mrs. Gordon Walker reported a new total of $498, or 148 per cent of goal. Residents of this area last year contributed $305.

The staff of Sunny Hills, with 100 per cent participation, donated $774 (last year $587). The Marin Jewish Community Center staff donated $170 ($107 last year). Family Service Agency's staff gave $269 this year ($213 in 1963). The staff of the Marin Council of Community Services donated $265 (last year $246).

Social agencies comprise a group in the professional division, headed by Charles E. Pollock as chairman. He said that not all agencies have completed their drives and that the group as a whole stands at 64 per cent of goal.

In the residential division, of which Mrs. Charles J. Francis is chairman, Sleepy Hollow at 90 per cent of goal was reported third among area standings.

## Murder Charged In Auto Blaze

SAN BERNARDINO (AP)—After deliberating for an hour and five minutes Tuesday, the San Bernardino Grand Jury indicted Mrs. Lucille Miller, 34, for murder in the death of her dentist husband in a flaming automobile.

Dr. Gordon Miller, 39, of nearby Alta Loma, burned to death in the Millers' small foreign car Oct. 8. Mrs. Miller told police she and her husband were en route to a market when she pulled off the road and the car caught fire. She was unable to get him out, she said.

An empty gasoline can was found on the back seat. The car's gas tank was not ruptured, officers said.

## 500-Passenger Airliner Sought

WASHINGTON (AP)—The government has asked three airplane manufacturers to study the possible development of a double-decker airliner that could carry 500 passengers.

Such a plane would be a commercial version of Defense Department designs that the three companies already are working on, for military transport capable of carrying 600 to 700 troops.

The three aircraft manufacturers — Boeing, Douglas and Lockheed—completed study contracts of $400,000 each Sept. 15.

# Losses In Blue Chips Widen In Mart Drop

NEW YORK (AP)—Blue chips widened losses at the close today as the stock market erased an early gain. Trading was fairly active.

Volume for the day was estimated at 5-1 million shares compared with 5.14 million yesterday.

Fractional losses were shown by General Motors, Bethlehem, Chrysler and Jones and Laughlin.

U.S. Smelting recovered a couple of points and Xerox was up a point or better.

Airlines, Rails, Building Materials and Aerospace stocks turned mixed.

Kennecott, up nearly a point, highlighted metals.

Anaconda eased. Phelps Dodge, Homestake and International Nickel added fractions.

Gains of a point or so were scored by American Broadcasting-Paramount, Delta Airlines, Heinz, Ideal Cement, Moore-McCormack, Philip Morris, Richardson-Merrell, Schlumburger, Seeburg, Soo Line and Weyerhaeuser. Norfolk & Western rose about 3.

Off a point or so were Cerro, Disney, Libbey-Owens-Ford, Mack Trucks and McLouth Steel.

Prices were irregularly higher on the American Stock Exchange in heavy trading.

Corporate bonds were irregularly higher. U.S. government bonds were steady in moderately active dealings.

## Continental Can's Earnings Better

NEW YORK—Record earnings for the third quarter and for the year to date have been announced by Continental Can Co., Inc.

Earnings for the third quarter were $17,836,000, an increase of 26 per cent over last year's third quarter. Net sales were $344,680,000 compared with $330,290,000 last year, an increase of 4 per cent.

Earnings per share of common increased from $1.12 last year to $1.46 on 310,000 fewer shares outstanding in 1964.

# Railroad Exec Says Turning Point Here

By GEORGE C. HARLAN

NEW YORK (UPI) — "The railroads are at the turning point and are headed for a growth industry. I only wish I had 40 more years in the industry."

This faintly wistful remark was tossed off by 61-year-old Alfred E. Perlman, president of the New York Central Railroad, on a recent inspection tour of the Central's system conducted for newsmen and Wall Streeters.

**Perlman likely could get better than even money on his prediction, particularly in Wall Street. Stocks of most of the major lines have been bid up sharply in the past year or so.**

Perlman belongs to a vanishing breed of rail executives. Although armed with an engineering degree from Massachusetts Institute of Technology, he started his career with the Northern Pacific Railway as a track laborer and roadmaster.

The new crop of top executives of the railroads and other old-line industries have been groomed, for the most part, in the white-collar ranks of engineers, lawyers and salesman.

When Perlman came to the Central a decade ago, he found the nation's second biggest railroad hamstrung by inertia, inefficiency and outmoded operating procedures.

Since he took over at the throttle, the Central has spent nearly 453 million dollars to streamline and automate its physical plant and operations.

**Nothing so vividly underscores the revolution that has taken place in railroading than a recent scene at a freight yard office near Indianapolis. Seated at a desk was a veteran yardman in coveralls and an oil-stained cap hesitantly pecking at a keyboard to feed rolling stock data into an electronic machine.**

Perlman is a railroad visionary, and like so many visionaries his zeal is tinged with self-righteousness. He still rankles at suggestions that he is an innocent in the world of high finance. In a spectacular but unsuccessful stock battle waged by the Central several years ago to block Chesapeake and Ohio's control of the Baltimore and Ohio, Perlman was caricatured as a sheep among the wolfs of Wall Street.

**The trump card held by Perlman is a merger with the Pennsylvania Railroad. Should he be able to play it, the welding of the two giant carriers would represent a crowning achievement for his career. It's within his grasp.**

A decision on whether to give the green light to the mammoth transportation complex is expected to be made late next year by the Interstate Commerce Commission.

## OTHER PEOPLE'S BUSINESS

By HARRY CRAFT

### *Aid Center Sold; Appliance Outlet Is Expanded In Novato*

The American Aid Center at 1407 Fourth Street, San Rafael, has been sold by **Wilfred Weinstock**, who has owned it about a year, to **George C. Faulkner** of Ignacio, a native of Marin.

The name will remain the same. The firm sells Motorola-Dahlberg hearing aids.

**STAN'S APPLIANCE CENTER** is the new name of **Stanley W. Orman's** expanded business at 1217 Grant Avenue, Novato (where Elkin of Novato used to be). He now sells washing machines, dryers, refrigerators and the like and services them.

**EXPANSION** of the **Corte Madera Shopping Center** may see the addition of three stores and business facilities by Christmas, according to **Hollie L. Smith**, president of the **Corte Madera Center Merchants Council.**

The council is considering hiring a promotion manager and has voted a substantial portion of its budget toward stressing center buying advantages.

**Lloyd Thompson** of the **Madera Gardens Development Co.** notes that proposed plans include tripling the size of Tamalpais Savings and Loan Assn., bringing an Independent-Journal office within the complex, increasing the size and facilities of other stores and completing construction in present vacant areas of the center, but he forecasts a two-year program for completion.

**LEROY RUDOLPH**, vice president and general manager of the **Bank of America**, San Rafael, besides being an enthusiastic horseman, is also a big game hunter, and his Terra Linda home shows off many trophies.

Tomorrow he and Mrs. Rudolph take off for Inyo County where he will go after a Tule bull elk. He was one of 50 Californians to qualify.

**FURNITURE DEALERS Charles and Viola Bellach** of San Rafael left yesterday for North Carolina on a 10-day buying trip. The area around High Point, N.C. encompassing about 150 square miles is one of America's famous districts for cabinet work, says Bellach.

**CHARLES DANIELS** of **Golden Gate Disiributing Co.**, San Rafael and his six salesmen attended this month's Holiday Packaging Preview of James B. Beam Distilling Co. held in Sacramento.

**SAN RAFAEL** public accountant **Robert L. Bourne** is attending the annual Institute on Federal Taxation at the University of Southern California School of Law.

## Elected To Board

# Novato Takes Long Look At Library Plan

The Novato City Council wants to take a long, hard look at county library services in Novato before making any proposal to the Marin County Board of Supervisors for a service area.

It asked the city staff to have a full report for the council's Nov. 24 meeting.

Jerrold D. Moore, chairman of the Novato Library Improvement Committee, asked that the council approve including Novato in a proposed county services area to operate a library, which he suggested could be put before the voters next April.

He said his committee had a commitment from Harry Hiefetz to give a 65,000-square foot site off Rowland Boulevard in his Scottsdale development.

"I recommend that the council take a long look at the library services before making such a recommendation," said city administrator J. Julien Baget.

"I am not so sure the proposed site is the best in view of the growth of the city," he added.

John F. Barrows, assistant county administrator, reported the county boundary commission has approved boundaries of the proposed services area, which would extend beyond the Novato city limits.

(Barrows noted today that the Local Agency Formation Commission, which rules on annexations and new cities and districts, has no jurisdiction over county services areas, which are operated by the county board of supervisors. The board of supervisors levies special tax rates for such areas to cover cost of the services for which the areas are formed.)

## Firemen Go On A Snake Hunt

ASHEVILLE, N.C. (AP) — The Haw Creek Volunteer Fire Department near Asheville received a call to go on a snake hunt.

Mrs. Lula Deaton called firemen to "hunt down a snake" in her home. Chief K. A. Roy Masters and his assistant, Worth Frink, responded.

The firemen reported that they found a 36½-inch copperhead lying under the coffee table on the Deaton living room.

# Candidates Differ On Featherbedding Issue

State Sen. John F. McCarthy and his opponent, Vera Schultz, differed on Proposition 17, the initiative to eliminate "railroad featherbedding," at a candidates' night at San Francisco Theological Seminary in San Anselmo last night.

The two were the only candidates present. Sen. Pierre Salinger and Democratic Congressional candidate George E. McCabe were represented by proxy.

As co-chairman of the Committee to Eliminate Railroad Featherbedding, Senator McCarthy favors Proposition 17.

Mrs. Schultz said she opposes 17 because "it would effectively remove from the state legislature the power to legislate for public safety."

McCarthy contends the proposition would eliminate "fossil jobs" of firemen on freight diesel locomotives and bring California law into line with federal statutes, while protecting workers' rights and benefits.

On legislative apportionment, McCarthy said he favors an amendment to the U.S. Constitution "so that rights of the people to decide questions of legislative apportionment through their own elective process will be preserved."

McCarthy said he wants capital punishment retained. He pointed out that many convicted murderers who were paroled had killed again.

Mrs. Schultz argued that the death penalty is not a deterrent to crime, and that the majority of those executed were members of the minority races. She said she supports a moratorium on the death penalty.

Dr. Henry Adams of the seminary faculty was moderator.

## Sea Water Is Converted

FREEPORT, Tex. (UPI) — For the day when man turns to the sea for much of his water, current American research is aimed at building sea water conversion plants with a capacity of up to 50 billion gallons of water daily.

At Freeport, a pilot plant on the Texas Gulf Coast produces only a tiny fraction of that, with a condensation process. But it is a start.

Officials say that nuclear energy will be used eventually in larger plants, for really big-scale production of fresh water from sea water. They say the cost of producing 1,000 gallons of fresh water from salt water already is down from around $4 in 1952 to $1.25 now.

## This Weatherman Retires To School

AUSTIN, Tex. (UPI) — William Percy made his last weather forecast last summer, ending a 35-year career, and then went back to college.

The retired employee of the U. S. Weather Bureau looked back on service in more than a dozen cities in this country as he enrolled in the University of Texas. He is studying archaic civilizations of Mexico, a lifelong interest of the 56-year-old bachelor.

## Women Drivers

AKRON, Ohio (UPI) — Latest figures show that 42 per cent of licensed drivers in car-owning households are women. And this figure can only increase as more and more families move to the suburbs.

# Statement of Policy

## Regarding Political Advertising

The Independent-Journal does not aggressively solicit or render copy writing service for political advertisements that are argumentative in content. Political advertisements are construed to be all assertions subject to public controversy, whether or not a public election is involved.

Any political advertisement that is not clearly the personal appeal of the elective candidate or candidates involved must show the name of the sponsoring group together with the name or names of one or more persons officiating for such group and their address.

Political advertisements must be submitted in complete and explicit form, ready for the printers, and clearly marked as to size and date of appearance. All political advertisements are payable in advance. Charges are figured at the regular rate.

Advertising deadlines are 4 p.m., two days preceding publication. As examples: Tuesday advertisements must be in Friday at 4 p.m.; Monday advertisements must be in the preceding Friday morning. Any intervening holiday advances the deadline by a day.

No responsibility to show printer's proof is assumed under the above schedule.

If a proof is desired, advertisement must be submitted substantially in advance. Corrections, if any, must be ordered by 4 p.m., two working days preceding publication. Any changes from original copy will be charged for on basis of printing work involved.

On the last publication day before an election no political advertisement other than a simple statement of advocacy will be printed. As example: "Vote yes on proposition three," or "Elect John Jones," together with facts as to nature and time of election and, if desired, candidate's party affiliation or occupational identity.

Nearing a public election, no advertisement introducing a new controversial subject will be accepted to run later than the fourth publication day preceding the election. If any new statement or issue should be introduced on the fourth publication day preceding the election, attacking the opposing candidate or issue involved, the newspaper may, at its discretion, make allowance under this rule for the opposing side to answer.

Necessity for the newspaper's disinterested handling of political advertisements is readily apparent. These terms and conditions are adhered to in spirit of fairness to all.

# Thomas Loses High Jumping Duel With Russian Ace

By TED SMITS
Associated Press Sports Editor

TOKYO (AP) — John Thomas, once the world's premier high jumper, leaped into the gathering gloom in Tokyo's National Stadium today, matched Valery Brumel's best effort — and once again came out a loser.

The 6-foot-5 Cambridge, Mass., youth and his old tormentor, the Russian Brumel, both cleared 7 feet, 1¾ inches in the Olympic high jump. Both missed at 7-2¾ and the gold medal Thomas so desperately wanted, the medal he wanted to vindicate himself for a third-place finish in Rome four years ago, was decided on fewer misses at the height of 7-1. On that basis, Brumel won it.

Their dramatic duel, which was among the opening events on this final day of track and field competition in the 18th modern Olympic games, ended in the darkening shadows of early evening. In between:

1, The United States, helped along by the best-ever showing of its sailors, gathered in 14 more medals and pushed its leading total to 86, including 34 gold. Russia, with only two full days of competition left, has 64, including 19 gold.

2, Sprint gold medal winners Bob Hayes and Henry Carr anchored the U.S. 400- and 1,600-meter relay teams to expected victories. The time for each was a world record, 39 seconds flat for the 400, 3:00.7 for the 1,600.

3, Slim, 32-year-ol d Abebe Bikila, a sergeant in Emperor Haile Selassie's palace guard, became the first man to win the classic Olympic marathon twice, and did it in the fastest time ever recorded for the 26 mile, 385-yard test — 2:12:11.2.

4, The heavily favored U.S. women's 400-meter relay team, with sprint gold medalists Wyomia Tyus and Edith McGuire running in key roles, was upset by Poland in world record time of 43.6 seconds.

5, New Zealand's Peter Snell, the world record-holder at a mile, dashed America's hopes in the 1,500-meter run when he clipped off the metric mile in 3:38.1 and added that gold medal to the one he won in the 800 meters. Dyrol Burleson, the lean Oregonian who was the only one of a select U.S. trio to make the finals, finished fifth.

But the show-stealer was the dramatic duel between Thomas and Brumel, the personable young Russian who holds the world's record of 7-5¾ in the high jump.

It started four years ago in Rome. Thomas, then a 19-year-old Boston University student, was hailed as the greatest high jumper the world had ever known. The Olympic gold medal was all but conceded to him.

But two Russians, the winner Robert Shavlakadze and Brumel, came from nowhere and finished one-two. Brumel went on to raise the world record time after time, and time after time beat the frustrated Thomas in their head-to-head meetings.

This time it looked like it may be different.

When the bar reached 7 feet, ¼ inch, five men — Thomas, Brumel, Shavlakadze, John Rambo of Long Beach, Calif., and Sweden's Stig Pettersson — were still in competition, and all cleared the height.

Shavlakadze and Pettersson went out when it reached 7-1. Brumel cleared that height on his first attempt. Thomas missed once, then went over. Rambo made it on his third try.

At 7-1¾, Brumel and Thomas both went over on their first try. Rambo missed three times and took the bronze medal. Then it went to 7-2¾. Brumel missed three times then turned his back while Thomas made his final, futile attempt to wipe out four years of frustration — and missed.

So the determination of the winner went back to misses at 7-1, the one slip Long John made.

Even more impressive to the marathon-mad Japanese, however, was the triumph by the loose-striding Bikila, who was the surprise of the 1960 Games when he ran barefoot over the Apian Way and won the classic test of endurance.

This time he wore shoes on his trek through residential and industrial sections of Tokyo adjoining the Olympic stadium. Leading most of the way, he

### *Busch's Joy Didn't Last Long After His Cards Won The Series*

Jack Hanley

Gussie Busch must be a slightly disillusioned millionaire at a time when his joy should be unrestrained. All he ever wanted from his Cardinals was a World Series in Busch Stadium and, if a World Series materialized ,to do some modest gloating for a reasonable time.

**BUT BUSCH's** period of ecstasy, that warm afterglow following victory in the seventh game of the 1964 World Series, was the shortest ever enjoyed by a triumphant baseball owner. It lasted less than 24 hours.

Busch's buoyancy was punctured the morning after the series ended. He never anticipated the sharpness of the needle that his manager applied. It wasn't a jab lacking in retributive justice. After all, Johnny Keane was on his way out as manager until the Cardinals came from 11 games off the pace to win the pennant on the last day.

**BUSCH NEVER** had said that Keane would be fired. But he did fire Keane's good friend and general manager, Bing Devine, when the Cardinals seemed hopelessly out of the race in August. So it was only logical for Keane to assume that he, too, would get the axe. Furthermore, unsuccessful managers should expect to be fired since that has been the established policy of owners.

It never has been the policy of successful managers, however, to reject the forgiving and magnanimous overtures of owners. That is, it wasn't until Keane sank the needle into a forgiving Busch, leaving him pained and embarrassed.

**IT WAS** a costly jab for Keane since Busch was prepared to offer him a two-year contract at $50,000 a year. But, as Devine was to say later, "Johnny is a man of principles and must live with himself." Keane won't exactly lack the ability to put groceries on the table—the Yankees have seen to that.

It was a costly experience, too, for Busch—not in dollars, of which he has many, but in a joy that was taken from him the morning after he first experienced it.

WINNING TEAM—Members of the U.S. 1,600-meter relay team get together after winning the event today in the Tokyo Olympics. From left are Ulis Williams, Henry Carr, Mike Larrabee and Ollan Cassell. The quartet set a new world record with a 3:00.7 clocking. (AP Wirephoto)

## Yank Cagers Vs. Russia In Finals

TOKYO (AP) — The U.S. basketball team, never beaten in Olympic competition, whipped Puerto Rico 62-42 today at the Tokyo Games and moved into the final for another head-to-head clash with Russia.

The Russians matched the Americans' 8-0 record in their semifinal by defeating Brazil 53-47.

The U.S. team, which has won the Olympic crown by beating the Russians the last three times, has a string of 46 consecutive victories since the sport was added to the Olympic program in 1936.

The United States, surprised by the quickness of the aggressive Puerto Ricans, trailed at halftime 24-23, and the biggest upset of the tournament seemed to be in the making.

However, the Americans came up with their most explosive burst of the entire tournament at the start of the second half, outscored Puerto Rico 22-5 in the space of 12 minutes and put it out of reach.

Bill Bradley, Princeton star from Crystal City, Mo., and Jerry Shipp of Bartlesville, Okla., triggered the second half move and led the scorers with 16 and 14 points, respectively.

The Puerto Ricans' attack was hurt when Teofilo Cruz was lost on fouls halfway through the second half. Cruz had been the Puerto Ricans high scorer with 10 points.

# Schoendienst To Pilot Cards

By MIKE RECHT
Associated Press Sports Writer

ST. LOUIS (AP) — Albert (Red) Schoendienst, a Huck Finn who made the baseball field his playground for more than a decade, may not be doing much hunting, his favorite pastime, this winter.

The world champion St. Louis Cardinals named him manager of the club for 1965 and, he said, "You know I will give 100 per cent." The new job for one of the National League's finest second basemen is expected to take most of his time.

"I already canceled plans to go duck hunting tomorrow," he said at a press conference called yesterday at the Cardinal offices. The likeable redhead still laughed and grinned through his boyish-looking face, but it was a new Schoendienst who sat in a business suit and quietly and seriously talked about his new job.

"It's good to have a fine ball club to begin with," he said, "but it would have been easier to take over a last-place team than a first place one.

"I know what the ball players can do. I know they'll give me 100 per cent because I'll be giving them 100 per cent."

But after so many years as a player and then a coach with the Cardinals, how strict will he be?

"The rules will be set and I'll expect the players to stick with them," he said.

The 41-year-old Schoendienst, of nearby Germantown, Ill., signed a one-year contract yesterday almost at the same moment Johnny Keane was inking a similar pact in New York to manage the Yankees.

Keane resigned as manager of the Cardinals last Friday, the day after his club had beaten the Yankees in the World Series. Yankee Manager Yogi Berra was fired the same day.

Yesterday's activities completed one of the most unusual series of hirings, firings and resignations ever to occur in baseball.

It apparently also climaxed an amazing reorganization of the Cardinals which began with the firing of General Manager Bing Devine in August.

General Manager Bob Howsam made the announcement of Schoendienst's appointment.

Branch Rickey, a club consultant for almost two years, reportedly was behind the firing of Devine and Business Manager Art Rotzong and the hiring of Howsam.

And before the Cardinals made a final surge that brought them the National League pennant after being far off the pace in early September, rumors had Keane on his way out, too.

Following Devine's release, Eddie Stanky, director of the Cardinals' player development, resigned and subsequently three top scouts also left.

Rickey also resigned Monday.

The hiring of Schoendienst, a favorite in St. Louis since he came up to the Cardinals in 1945, is expected to soothe some of the ruffled feelings among Cardinal fans caused by the shake-up.

A six-man committee headed by August A. Busch Jr., club owner, decided on Schoendienst. Howsam, Stan Musial, Dick Meyer, former football great Jim Conzelman and attorney Mark Eagleton composed the rest of the committee.

At the press conference, it was indicated Musial, former Cardinal great and a former roommate of Schoendienst, would take a more active part in the operation of the team.

## U.S. Heavyweight Makes It To Finals

TOKYO (AP)—Joe Frazier, a 20-year-old Philadelphia butcher became the only American to reach the final round of the Olympic boxing tournament today when he scored a second round technical knockout of Russia's Vadim Yemel Yanov.

The slugging Frazier, a heavyweight who was a last minute substitute for Buster Mathis, said after the fight his greatest wish was to be a preacher even though he currently is working as a butcher.

Frazier was one of four U.S. boxers to reach the semifinals but the only one to survive.

Flyweight Bob Carmody of Paterson, N.J., was outpointed by Italy's Fernando Atzori; featherweight Charlie Brown of Cincinnati lost a decision to Anthony Villaneuva of the Philippines, and lightweight Ron Harris of Detroit was beaten by Poland's Jozef Grudzien.

All three get the bronze medal awarded to losing semifinalists.

Frazier knocked the Russian champion down for eight counts twice in the second round and was handing him such a beating that after about two minutes had elapsed the Soviet trainer threw a red and white towel into the ring to tell the referee to stop the contest.

Frazier, who will meet Germany's Hans Huber in Friday's final, did a victory dance around the ring after the fight, swinging his arms high in the air. Yanov, meanwhile, stood groggily in his corner with the trainer dabbing a sponge in his face.

"The Russian hit me plenty but he didn't hurt me." said Frazier. "I knew I had him when I connected with a couple of hard ones in the second round and when I realized that, it didn't take long."

## New Tourney For PGA Tomorrow

CORONA, Calif. (UPI)—A $7,500 pro-amateur tournamentt served as a warmup today for 145 professionals and 10 amateurs who will compete in the 72-hole Mountain View Golf Open starting tomorrow.

The four-day tournament will carry $40,000 in prizes, including $5,800 in first place money.

Although Arnold Palmer, Jack Nicklaus and Tony Lema will pass this time around, most of golf's big names are present for the first Mountain View Open on this tight new course measuring 6,600 yards.

Host pros Bobby Nichols and Billy Casper rated probable co-favorites, with the former having the added advantage of living in a house that adjoins the 36-35—71 layout.

Nichols, PGA champion, holds the course record of 67.

Since only a relatively small number of those in the field have played it before, the pros welcomed today's pro-am and whatever practiced they could get on the course.

Among those competing for the prize money are Jacky Cupit, Jim Ferree, Mike Souchak, Tommy Jacobs, Al Geiberger, Doug Sanders, Gene Littler and Dow Finsterwald.

Casper, Finsterwald, Littler and Souchak represent what has come to be the "middle guard" of golf, or players who have been established as top performers for the past eight to 10 years.

A newcomer who won his first tournament a week ago is Dan Sikes, former NCAA champion, who captured the Sahara Invitational at Las Vegas, Nev.

This tournament was added to the tour with the cancellation of the Sinatra Tournament in Palm Springs.

## Indian Valley Golf Winners

George Sherba and Warren Smith will meet in the finals of the Indian Valley Men's Golf Club championship next weekend.

Sherba defeated Bob Brossier 3 and 2 in his semi-final match and Smith downed Byron Dickson, also 3 and 2. Other semi-final results.

**First flight**—Connie Caneman d. Jim Carroll, 1 up; Hank Brossier d. Hank Hartman, 19th hole.

**Second flight**—F. L. Reese d. Vern Flinn, 5 and 4; Art Sears d. Bill Jonas, 4 and 3.

**Third flight**—Bob Keller d. Roger Williams, 2 up; George Perry d. Chet VanKovering, 5 and 4.

## Tough Job In Store For Stanford Injuns

STANFORD, Calif. (AP)—The Stanford Indians took a look at their next opponent's defensive statistics yesterday and began emphasizing their offense.

Stanford meets Notre Dame at South Bend, Ind., Saturday and the undefeated Fighting Irish are the nation's leading college team in rushing defense, surrendering an average of 33 yards in four games.

Halfback Bob Oar of Aberdeen, Wash., was rated out for the season yesterday with a knee injury received two weeks ago in the Rice game.

BERKELEY, Calif. (AP)—Ron Calegari, recovered from an injury, is scheduled to start at defensive tackle for the University of California against USC Saturday.

Coach Ray Willsey also announced after yesterday's practice that Jim Penson would be switched to starting defensive tackle. Mike Gridley hurt his shoulder in the practice but will probably start at end if he is well Saturday, Willsey said.

PULLMAN, Wash. (AP) — Washington State football coach Bert Clark mapped out an aerial attack yesterday in preparation for Saturday's battle with rival Idaho.

Quarterbacks Tom Roth and Dave Petersen tossed their way through a long, tough workout against the secondary of the WSU defensive unit. Near the end of the sesson Clark had the two backs share signal-calling honors in running plays, in case rain forces the Cougars' to a ground game.

SEATTLE (AP) —Coach Jim Owens fudged a little to get 12 first string Huskies on the field in Washington's football practice yesterday. Owens wanted to give halfback Charley Browning back his purple jersey without eliminating scatback Steve Bramwell or kicker Ron Medved from the starting squad.

Browning lost the jersey after a mediocre offensive performance against Stanford last week, which the Huskies managed to turn into a 6-0 victory. Owens indicated he may alternate Browning and Bramwell in Saturday's tussle with the unbeaten Oregon Ducks.

Jim Sartoris remained at quarterback and was connecting on passes to big Al Libke. To liven the scrimmage, defensive quarterbacks were given a white jersey bearing star Duck quarterback Bob Berry's No. 15.

## Davidson's Arm Leads The Raiders

OAKLAND, Calif. (AP)—Cotton Davidson, Oakland Raider quarterback, is ranked second among American Football League passers.

The veteran jumped up in the statistics race by gaining 619 yards in the last six quarters he played.

When the Raiders take on Denver Sunday at Frank Youell Field, the 34-year-old Texan will have a chance to surpass his 1963 passing total.

Already this season Davidson has completed 65 passes for 1,105 yards and eight touchdowns. Last year he passed for 1,276 yards on 77 completions.

Davidson's totals are even better than they seem at first. He did not play in the season opener against Boston and saw only second half duty against Houston, Kansas City and Buffalo. Broken down by quarters, Davidson has passed for 92 yards per period.

## Mrs. Newman Wins In Golf

Mrs. Al Newman was the winner and Mrs. Martin Smallback the runner-up in the June putting tournament held at the Las Gallinas Women's Golf Club yesterday.

Winners of the 3-month eclectic tourney were.

*BRAVES EXECS IN HUSH-HUSH MEETING*

CHICAGO (AP) — The Milwaukee Braves owners, amid cloak - and - dagger and Keystone Cop maneuvering, met today for an apparent formal vote to move the club to Atlanta next season.

The club stockholders, mostly young Chicagoans, assembled shortly before noon at an exclusive club, then nested press representatives in a plush suite at a hotel around the corner.

A formal statement on the club's future was tabbed for mid-afternoon release at the Braves' Chicago office, some four miles away from the meeting place.

## Strawberry Cove Sailing, Rowing Champs Listed

Strawberry Cove Yacht Club today announced winners of its sailing and rowing regatta for junior members held last Saturday.

Winners in sailing competition were Richard Cogswell, Shelley Smith and William and Lori Allan.

Rowing trophy winners were Eric Rayner, Chris Cogswell and Kent and Sherry Partridge.

Other award winners included Scott and Carolyn Partridge, Peter and David Schwartz, Jill Rayner and Greg and Philip DeGeller.

Judges were Commodore Owen Carstarphen and Walter Post and chairman was Arno Rayner.

## 49ers Lose Don Lisbon For Season

SAN FRANCISCO (TP)—The San Francisco 49ers football team, hobbled this season with an epidemic of crumbling knees, had another knee operation yesterday.

Halfback Don Lisbon, injured in Sunday's 42-14 loss to the Los Angeles Rams, underwent surgery to repair the injury that had put him out of uniform for the rest of the season.

Lisbon is the 12th victim since Sept. 1, 1963.

Besides Lisbon the 49ers have now lost J. D. Smith and Bill Cooper since the season started. Vern Burke was lost before the National Football League campaign got underway.

Bob St. Clair is watching the games go by with a severed Achilles tendon.

The 49ers will face the Minnesota Vikings Sunday at Kezar Stadium with only three backs. The squad is now down to 36 playable men—five of whom had knee operations last year.

## Houston Colts Are Looking For New Name

HOUSTON (AP) — The National League Houston Colt .45s will change their name before the start of the 1965 season, Colt officials indicated yesterday.

The change results from differences with the Colt Firearms Co. over use of the name Colt .45s.

It was understood the Colt Firearms Co. has no objection to the baseball club using its name, but is objecting to the baseball club sub-licensing to manufacturers the right to use the name on novelties and souvenirs sold at baseball parks.

Rather than give up this revenue or share profits with the Colt Firearms Co., Roy Hofheinz, president of the Houston club, has decided to change the team name.

He reportedly is trying to decide on a name that will go along with Texas and the $24 million domed stadium, which will be the home of the team next season.

Hofheinz' No. 1 choice for a name is reported to be the Stars.

Fans originally submitted names for the Houston teams, and the Colt .45s was chosen by a committee prior to the team's entry into the National League in 1962.

There will be no name selection contest this time.

# CRUCIAL MARIN GRID GAMES THIS WEEKEND

It seems the Marin Athletic League's football schedule is chock full of "crucials" this season and the coming weekend has no less than three big games on the agenda.

The big show, of course, will unfold at Kentfield Saturday afternoon, 2 p.m., when undefeated Drake High battles the tough Novato Hornets who have lost only once this fall—and that to the unbeaten Terra Linda Trojans. Drake has a 5-0 overall record and 3-0 in league while Novato is 4-1 and 1-1, respectively.

Meanwhile, Terra Linda (6-0, 3-0) expects a tough time with the Redwood Giants (3-2, 1-1) in their Saturday night clash at Kentfield.

The third prep feature on the weekend is a Friday nighter at San Rafael High between San Rafael and Marin Catholic. San Rafael is 0-2 and scoreless in league play and Marin is 0-3 and scoreless in league play. This is their big game for the loser will be relegated to sole occupancy of the cellar.

## *Wake-Riding The Newest Fad; Sensible Gifts For Boaters*

Surfing was once the sport of only the favored few who lived near the nation's coasts. But now boating's newest fad, called boat-surfing, or wake-riding, is moving to inland waterways where there are no breaking waves.

The fun consists of riding a surfboard down the front side of a wake created by an outboard boat moving at slow speed. And the components for it are a short towline, like the type used by water skiers, and a surfboard. Two more items are necessities of course, a craft, also an 85 or 100 h.p. motor.

Some of the boards designed for conventional surfing will be successful in boat-surfing. Perhaps you're lucky and already own one. It should range from 8 to 12 feet in length and close to two feet wide. One model, made especially for boat-surfing can be bought in kit form and put together in a few hours.

Now, there's a trick in creating the larger-than-usual wake that is needed for this sport. The Mercury outboard boating authorities suggest moving heavy items, such as fuel tanks, anchor and passengers aft to make the towboat's stern "dig" into the water. Because that's the main secret, it r e a l l y has to droop and drag. Change the tilt-angle of your motor. Experiment with it. It will affect the size of your man-made surf.

The need for a huge wake is the top reason for the slow speed of 8 or 10 mph. Today's fast planing hulls make their biggest wake at about this speed.

QUESTION: What would you suggest as a sensible—yet not too expensive—gift for a boater? Bob S., Tiburon.

ANSWER: A good rugged pocket knife is a mighty handy item. It has an inexhaustable number of uses. What would come in more handy for making an emergency rig out of anchor line? And sooner or later every boater is faced with freeing a lump of tangled rope. The knife that will be most appreciated is rust-resistant. It should be easy to open, and be the type having a blade which locks open. Did you know because of design and weight, some knives are uncomfortable to carry around. With the clerk's permission, of course, put it into your own pocket and test it for comfort.

Popular among boaters who operate on waters with far-away shorelines are pen-sized signal flare guns. These propel brilliant balls of fire a great distance into the sky. A marvelous safety factor to have on remote and lonely waters!

Good sunglasses are always a highly appreciated gift. It has been claimed that boatmen depend on their eyes more than any other group of sportsmen. But open water and sandy beaches in the slanting sun rays reflect light. As a matter of record, as much as snow does.

Eskimos solved their problem with "specs" of solid wood, having a horizontal slit cut in them. This reduced some of the light that bothered their eyes.

The sunglasses come in tinted glass, rose colored, dark green and other shades, which cuts down on the amount of light striking the eyes. More expensive ones have special glass, filtering out ultra-violet and infra-red rays .This improves vision because it reduces haze.

There are many inexpensive items to please a boater; however it would be better to buy him the gift he has a need for. One he doesn't already possess.

followed a wedge of white helmeted motorcycle policemen through a throng of howling Japanese, estimated at one-half million, before turning back into the stadium for a final lap around the track.

Hayes, the bulky Florida A&M flash who won the 100-meter gold medal, was given full credit by his teammates for the 400-meter relay world record.

"He got the stick three yards back," said No. 3 man Dick Stebbins of Los Angeles. "I got off a perfect pass to him, but it was up to Hayes to do the rest." He won by two yards.

Gerry Ashworth of Haberhill, Mass., and Paul Drayton of Cleveland were the other members of the team that reclaimed the title the United States lost in Rome on an illegal baton pass.

Carr, the 200-meter gold medalist from Detroit, swept in some five yards ahead of Great Britain for the 1,600-meter record. He was supported by Mike Larrabee, the 400-meter winner from Fillmore, Calif., Ollan Cassell from Nutley, N.J., and Ulis Williams of Compton, Calif.

The United States was generally considered to have its best chance at the 1,500 meters in four decades.

But those hopes dimmed when only Burleson reached the finals, and died on Snell's brilliant performance. Snell's time was only 2.5 seconds off the world record set by Australia's Herb Elliott when he won the event in Rome.

Burleson was timed in 3:40.

The U.S. yachtsmen, who had never won more than three medals in Olympic competition before, gained five in the finals today. Peter Barrett of Mequon, Wis., and Dick Stearns of Northbrook, Ill., took silvers in the Finn and Star classes, respectively, and bronze medals went to Lowell North of San Diego in the Dragon class, Harry Melges Jr. of Zenda, Wis., in Flying Dutchmen and John McNamara of Jamaica Plain, Mass., in 5.5-meter class.

The United States also collected bronze medals on the semifinal defeats of three boxers and one judo man.

Bob Carmody of Paterson, N.J., lost his flyweight boxing match, Charlie Brown of Cincinnati was outpointed by a Philippine featherweight and Ron Harris of Detroit was eliminated in the lightweight semifinals.

Joe Frazier of Philadelphia reached the heavyweight finals, however, with a second round TKO over Russian champion Vadim Yemel Yanov.

Judo lightweight Jim Bregman of Arlington, Va., lost in semifinals.

## Marin Catholic 'C' Cagers Win

Marin Catholic High School's Class C basketball team whipped Redwood 41-16 yesterday on the M.C. courts. The win put Marin's record at 5-1.

# Phil Wallace Stars, But Padres Beaten

An 847 four-game series by Phil Wallace went for nought Sunday as his San Rafael Padres teammates suffered a 19-11 loss to the Carmichael Colts in Western Pro Bowling League action at Carmichael.

The loss was San Rafael's fourth against two victories while the Colts posted their fifth victory against one setback, staying just one game behind league-leading Stockton (6-0).

Wallace's series f e a t u r e d games of 213, 205, 191 and 238, but Carmichael's Bob Dunne was the difference in the match as he blasted a 920 on lines of 236, 237, 257 and 190.

The Colts took a commanding lead in singles and doubles to offset the strong San Rafael comeback in the team event — a 1052 total with Wallace firing his 238, Terry Booth 232, Walt Silva 204, Larry Mar 193 and Dick Treadway 185.

Other Padre scores in t h e singles and doubles: Treadway, 196, 214, 167; Silva, 181, 192; Booth, 178, 156, 179, 211; Mar, 190.

San Rafael hosts first place Stockton and its great scorer, Al Chan, next Sunday, 6 p.m. at Country Club Bowl. Chan has maintained a 227 average during the first six weeks of play.

## Mel Stottlemyre Sprains Ankle

MABTON, Wash. (AP)—Young Mel Stottlemyre, the rookie New York Yankee pitcher who was thrown a curve on his first day of hunting, was reported resting comfortably with a badly sprained ankle last night.

The 22-year-old righthander, who had a 1-1 World Series record, sprained the ankle yesterday morning when he tripped and fell into a ditch while he and his father were pheasant hunting.

## Warriors Play Detroit Quint

DETROIT (UPI)—The San Francisco Warriors take on Detroit tonight, still hopeful of winning one or two without Wilt Chamberlain in the pivot.

Chamberlain r e m a i n s in a Philadelphia hospital, where he is undergoing more tests for his stomach pains. The Warriors hope to get Wilt back in action for their home opener Oct. 13.

## Cal's Blanchfield Gains In Coast Scoring Derby

SAN FRANCISCO (AP)—A scoring race is developing between Mike Garrett, University of Southern California halfback, and Tom Blanchfield of the University of California.

Garrett, who has led point makers in the Pacific Athletic Conference through the young 1964 season, now faces a challenge from Blanchfield, the 1963 point king.

Garrett has 38 points and was well ahead until he was shut out last Saturday at Ohio State, while Blanchfield was scoring a touchdown and adding three extra points against Navy for a 35-point total.

Blanchfield's performance enabled him to move ahead of Stanford's Braden Beck who has 27 points.

Other leaders in the conference are Bob Berry of Oregon in total offense with 923 yards; Ray Handley of Stanford ahead in rushing with 530 yards and a 5.7 yard per carry average; Cal's Craig Morton ahead in passing with 958 yards on 81 completions and a .604 mark; Cal's Jack Schraub leading receivers with 26 for 288 yards and one touchdown; and Len Frketich of Oregon State taking over the punting lead with a 40.9 average.

## St. Vincent's Gridders Win

St. Vincent's School for Boys footballers downed Kennelworth yesterday 12-0 on the winners' field.

St. Vincent's first touchdown was scored by Frank Archibald on a two-yard run, after he had set up the play with a 70-yard pass to Herman Maheran. Rich Leonhardt scored the second touchdown on an eight-yard run.

## Seals Drop To Bottom

The San Francisco Seals continue their road trip Friday at Seattle and Saturday at Portland and general manager Bud Poile warns them that they had better show some improvement.

The Seals have scored but two goals in the last three games while dropping to the bottom of the league standings with a 1-4 record.

"This is ridiculous," Poile says. "This is essentially the same club that scored 228 goals last season and won the championship. Either they snap out of it this weekend or there'll be some changes made."

Poile said the team was doing well on its penalty-killing tactics and that goalie Bob Perreault was doing his share. But as for the rest:

This is 99 per cent mental. The guys are fat, complacent . . . inept. This might just be the year when some of our guys have come to the end of the line. In that case changes will have to be made soon."

# Tulsa Quarterback Picked Nation's Back Of Week

TULSA, Okla. (AP) — "I had a lot of help in that . . . Coach Dobbs, the receivers, the other boys — even the defense."

That was Jerry Rhome's comment today about the record seven touchdown passes he threw for Tulsa University last Saturday to win him Associated Press Back of the Week honors.

If Rhome keeps getting help like that, he'll write his name in national collegiate football record books three more times before 1964 is over.

Rhome said Coach Glenn Dobbs set up plays to give him a chance to break the 23-year-old record for most touchdown tosses in one game. His receivers grabbed 32 of the 44 passes he launched "and even the defense helped by trying to get the ball back."

The Rhome-led onslaught has topped 50 points in each of the last two games, with Louisville the latest victim 58-0.

Rhome, who led the Southwest Conference in passing as a sophomore at Southern Methodist, now has good shots at two season and one career record.

With six games left, he needs only nine touchdown tosses to break the collegiate mark of 23. He has 86 completions this season — out of 131 attempts — toward the season standard of 174.

And he needs only 59 more completions to set a career record.

TENDER CABBAGE is filled with savory meat balls for a new version of a hearty main dish. Serve with Molded Waldorf Salad, Buttered Carrots and creamy brown gravy. This recipe for New Fashioned Stuffed Cabbage adds a new twist. Ground meat is combined with onion and other seasonings and with evaporated milk, which makes the mixture light and tender, yet juicy and satisfying. The mixture is shaped into small meatballs which are lightly browned and then steamed.

# New Fashion For An Old Favorite

When you're in the mood for a hearty, family-style supper, count on stuffed cabbage to satisfy the family and keep them well nourished. Recipes for stuffed cabbage vary according to the countries where they originated. France, Germany, Sweden, Russia, each has its own favorite method of preparation.

**THIS RECIPE** for New Fashioned Stuffed Cabbage adds a new twist. Ground meat is combined with onion and other seasonings and with evaporated milk, which makes the mixture light and tender, yet juicy and satisfying. The mixture is shaped into small meatballs which are lightly browned and then steamed.

The cabbage, hollowed out and cooked separately, is filled to the brim with savory meat balls and served with a creamy brown gravy. Evaporated milk adds something to the gravy, too; wonderful satin-smoothness and creamy flavor. Because evaporated milk is heat treated, it has characteristics to make it one of the most dependable foods a homemaker can use. There's never a lump in the sauce or gravy made with evaporated milk.

**TO ROUND OUT** a colorful main dish platter, surround the stuffed cabbage with tender young carrots gently steamed and buttered and additional meat balls, A tangy Molded Waldorf Salad makes a perfect contrast. This is another unusually good variation on an old-favorite recipe. Diced apple, celery and nuts, the usual Waldorf salad ingredients, are mixed into lemon gelatin made creamy and flavorful with evaporated milk.

Pour tall glasses of milk as the finishing touch for this hearty, well-balanced meal.

**"NEW FASHIONED" STUFFED CABBAGE**

4 servings

Saucepan, 3-quart
Skillet, 10-inch
1 medium cabbage
1 pound ground beef
¾ cup coarse bread crumbs
1 tablespoon instant onion
1 teaspoon salt
Dash of pepper
⅔ cup evaporated milk
1 tablespoon butter
½ cup water
2 teaspoons flour
½ teaspoon salt
Dash of pepper
Dash cayenne
1 quart hot water

In large saucepan or kettle, saute onion, green pepper and garlic in oil. Add remaining ingredients and bring to boil. Cover and simmer 1 hour.

1 cup evaporated milk
Brown gravy coloring

Cut top off and hollow out cabbage so that the sides are about ¾ inch thick. Place cabbage in saucepan with about 1 inch salted water. Cover and bring to boil rapidly; reduce heat to low and simmer 25-30 minutes or until cabbage is tender. Meanwhile, in a mixing bowl, combine ground beef, bread crumbs, onion, 1 teaspoon salt, pepper and ⅔ cup evaporated milk. Shape into balls 2 inches in diameter. In skillet melt butter; add meat balls and brown lightly. Add water; cover and cook over low heat about 20 minutes. Remove meat balls; keep warm. To drippings in skillet blend in flour, ½ teaspoon salt and pepper; gradually add 1 cup evaporated milk. Add brown gravy coloring to color sauce. Cook, stirring constantly, until mixture thickens and loses starchy taste. Place cooked cabbage on serving plate; fill with meat balls arranging extra meat balls on platter with butter-glazed carrots. Serve with gravy.

**MOLDED WALDORF SALAD**

4-6 servings

Mold, 4-cup
1 package (3 oz. lemon-flavored gelatin
1 cup hot water
2 tablespoons fresh lemon juice
¾ cup evaporated milk
1 cup diced apple
¼ cup diced celery
¼ cup coarsely chopped walnuts
2 teaspoons (⅔ env.) unflavored gelatin
2 tablespoons cranberry juice cocktail
¼ cup sugar
Dash of salt
1 cup hot cranberry juice cocktail
Salad greens

Combine lemon gelatin and hot water; stir until dissolved. Add lemon juice; cool to room temperature. Add evaporated milk; chill until jelly-like in consistency. Add apple, celery and walnuts; pour into mold and chill until set. Meanwhile soften gelatin in 2 tablespoons cranberry juice; add sugar and salt. Add 1 cup hot cranberry juice cocktail; stir until gelatin is dissolved. Cool to room tempera; ture; pour on top of gelatin in mold. Chill until firm. Unmold on salad greens.

## Pork Hocks Hearty Fare

An old-time main dish is hearty cold-weather fare.

Pork Hocks with Vegetables
Hot French Bread
Fruit and Cookies Beverage

**PORK HOCKS WITH VEGETABLES**

6 fresh pork hocks, cleaned
½ teaspoon salt
6 medium potatoes, peeled
6 large carrots, parred
1 medium green cabbage, cut into 6 wedges

Cover pork hocks with boiling water in a kettle. Simmer 1½ to 2 hours or until fork-tender-meat should pull away from bone. Remove hocks and keep warm. Drain liquid from kettle leaving enough to come up about 1 inch; add salt and bring to boiling. Add potatoes and carrots; boil, covered, until tender, adding cabbage 10 to 15 minutes before end of cooking period. Serve hocks with vegetables; pass a pepper grinder. Makes 6 servings.

## Seafood Is Heart Of Creole Dishes

Gumbo, the famous soup-stew of creole origin, is one of the great contributions to American cookery. Such regional favorites have been adopted enthusiastically by people throughout the U.S.

Seafood is the heart of countless creole dishes as the Louisiana waters are rich with fish and shellfish. The Gulf abounds with red snapper, trout, pompano and flounder. There are soft-shelled crabs, shrimp and crayfish (from the marshes when the rice fields are drained). New freezing and canning techniques make these delicacies without flavor loss available throughout the country.

All kinds of seafood, chicken, turkey, giblets and greens — alone or in combination with seafood—are used in gumbos. Okra and file powder (powdered sassafras leaves) can add characteristic flavor. File is added shortly before serving as heating causes it to become bitter.

Rice accompanies gumbo. A generous mound of rice is placed in each serving of the fragrant gumbo. It makes a satisfying supper for family and guests with crisp vegetable relishes, hot rolls, butter and a beverage.

**SEAFOOD GUMBO**

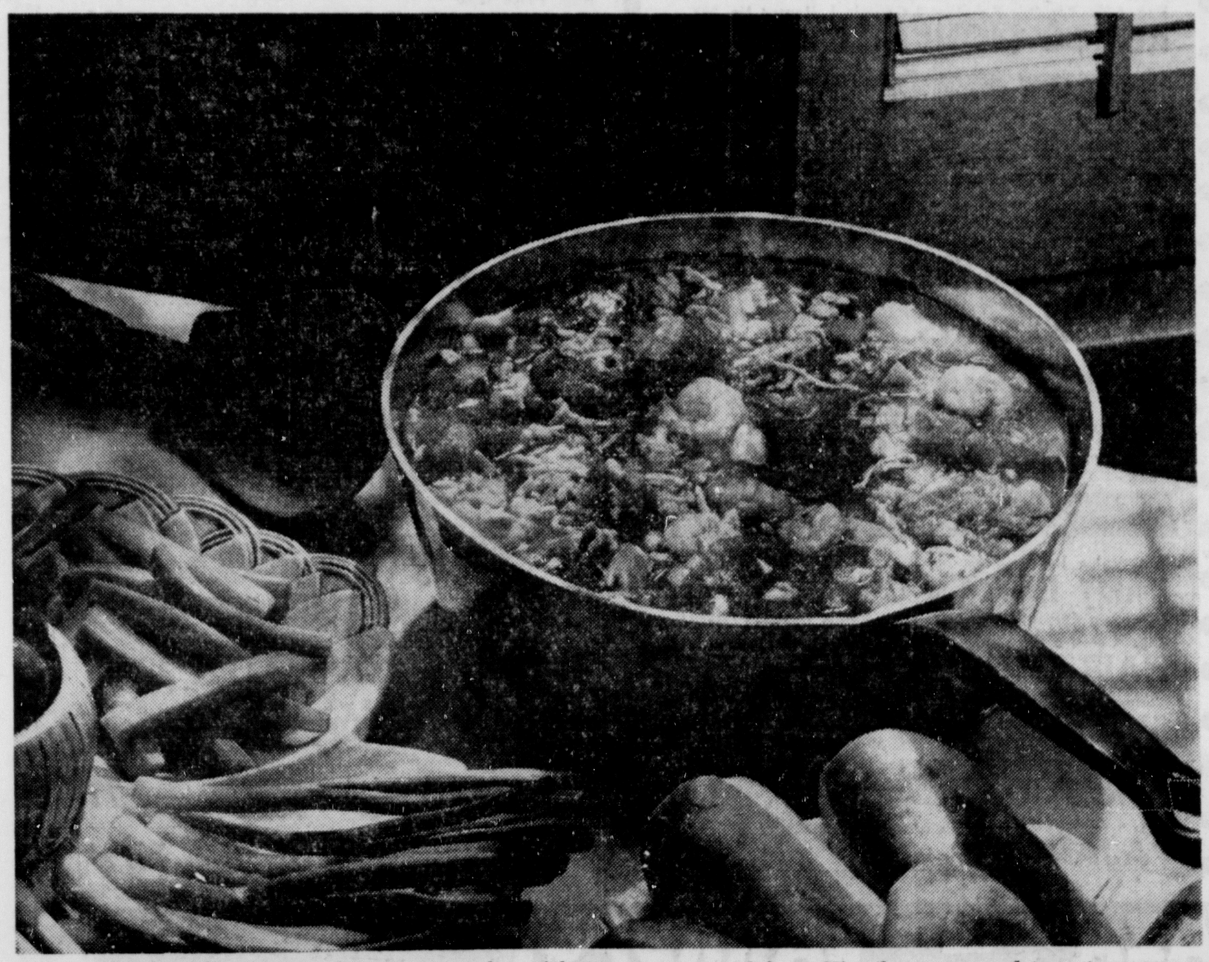
(6 servings)

1 cup chopped onion
½ cup chopped green pepper
1 clove garlic, crushed
2 Tablespoons pure vegetable oil
1 (14-oz.) can solid pack tomatoes
2 (8-oz.) cans tomato sauce
¼ cup rice
1 (7-oz.) can crab, drained
1 (4-oz.) can shrimp, drained
1 (8-oz.) can clams, not drained
1 teaspoon salt
1 bay leaf
¼ teaspoon thyme

## Royal Roast Is Elegant Dinner

3-rib standing beef roast (3rd, 4th and 5th ribs)
1 large clove garlic
1 teaspoon seasoned salt
¼ teaspoon pepper
½ teaspoon paprika

Have entire shortrib section cut from beef to use another time. Insert peeled slivered garlic wherever possible in meat without slitting. Rub mixture of seasoned salt, pepper and paprika over meat and fat surfaces. Roast, fat side up, in a shallow pan in a moderate (350 degrees) oven with meat thermometer as a guide to doneness. If meat is at room temperature, count on about 20 minutes per pound for 140-degree beef. Allow cooked roast to stand at room temperature for 30 minutes before carving.



REGIONAL FAVORITE — Seafood gumbo with rice, vegetables relishes, hot rolls, butter and a beverage makes a welcome change of pace from more usual fare. Thanks to canned tomato sauce, this version of the famous soup-stew has appetizing color and flavor.

# Measure A For Elderly Housing

County Measure A on the November ballot is the Marin County low rent housing project proposal for the elderly.

The measure asks voters whether the Housing Authority of Marin should build and operate up to 200 units of low rent housing, with federal financing. No state or county tax money would be expended, although the land would become tax exempt.

Eligible for this housing would be residents of Marin who have lived here at least a year, are aged 62 or more (50 or older if their physical condition is such that they are unable to engage in substantial gainful activity).

Their net assets (real property, savings and all personal property put together) cannot exceed $4,000, and total annual income cannot exceed $3,700 (for one person or two), $3,900 (for three or four-person family), or $4,200 (for a family of five or more).

No location for the housing has yet been selected, but the Committee on Housing of Marin's Elderly has proposed that it be located near present concentrations of low-income elderly residents, and near doctors, shops and transportation. Smallest economically feasible clusters of housing (not one big project) will be built to blend in with existing community patterns, if the committee's recommendations are followed.

The committee says rents will be charged according to the ability of an elderly household to pay, with a minimum of $35 per month and the average about $45.

Income from the rents is to cover operating costs, including an annual payment to the local taxing bodies equal to 10 per cent of the rent income for public services such as fire and police. This payment takes the place of property taxes, HOME officials point out.

## Novatans Get Behind Transit Unit

Novato Citizens for a Marin County Transit District organized Monday night at a meeting of representatives of service clubs at Novato High School.

Thomas D. Hardcastle, Golden Gate Bridge and Highway District director, was named president of the committee.

James Meyes of De Leuw, Cather and Co. of San Francisco, consulting transportation engineers, told of the increase in commuter traffic since formation of the Alameda-Contra Costa Transit District. The first year, it picked up 9 per cent, he said.

On the Bay Bridge, 48 per cent of the peak traffic is handled by busses, compared to 20 per cent on the Golden Gate Bridge, he said.

Meyer said that the Alameda-Contra Costa District was an example of "how much you can improve the situation without abandoning buses."

## Vandals Spray Cars With Silver Paint

Seven cars parked on the second level of the Cote D'Azur Apartments in Sausalito were sprayed Monday night with silver gray paint, it was reported yesterday by Frank Shields, apartment manager. In addition, radio aerials on some of the cars were bent and broken.

The damage occurred, said police, between 10 p.m. Monday and 8 a.m. yesterday at the 100 South Street Apartments. Some cars were streaked down the sides and others had obscene words written on them, police reported.

## Mother Booked For Shoplifting

A 22-year-old San Rafael mother was booked by San Rafael police on a shoplifting charge Monday.

Police said they booked Penny E. Farmer of 1539 Lincoln Avenue at 6:30 p.m. after security clerk Woodrow Shropshire of the Purity Store in the Northgate Shopping Center made a citizen's arrest.

She was charged with theft of three bottles of champagne and a half-gallon of milk, valued at a total of $8.27.

The woman's 13-month-old daughter, with her at the time, was taken to her home for care by a relative, police said.

## United Fund Meet

Special meeting of the executive committee of the Marin United Fund will be held at 4 p.m. tomorrow in the supervisors' chambers at the Civic Center, according to Bert W. Broemmel, president of the Marin United Fund. Presidents and executive directors of member agencies have been asked to attend, he said.

## New Policeman Is Hired For San Rafael Unit

San Rafael's newest police officer, Terry Vern Lucchesi, started work last night.

Lucchesi, 24, was hired Monday night by the city council. He will be paid a monthly salary of $525.

A native of California, Lucchesi was recently discharged from a three-year tour of duty as an Army military policeman.

He lived in the Los Angeles area before joining the Army, according to Police Chief Charles J. Chiesa.

He is married and lives at 1323 Lincoln Avenue, Apt. 4.

Hiring of Lucchesi bring the total number of employees in the department to 47, including 23 patrolmen. He is the fifth patrolman hired since July 1.

## Opera Workshop Is Seeking Help

Experienced costume and set designers, as well as stage hands, are being sought by the College of Marin opera workshop for the production at Christmastime of "Amahl and the Night Visitors."

Rehearsals for the production, directed by Peggy Donovan, are already under way.

# Udall Is Due In Marin To See McCabe

Stewart L. Udall, Secretary of Interior, will come to Marin County Friday morning to confer with Democratic Congressional candidate George E. McCabe and inspect Point Reyes National Seashore.

Mrs. Harold Watkin and Carl Mosher, Marin co-chairmen for McCabe, announced that Secretary Udall and McCabe wil meet at Edgewater Inn, Corte Madera, at 8:30 at a breakfast open to the public.

"Any interested person who wants to attend the breakfast may make reservations at McCabe-for-Congress Headquarters or at Democratic Headquarters in San Rafael," Mrs. Watkin and Mosher announced.

McCabe, administrator at Sonoma State College, will then accompany Secretary Udall on a tour of the National Seashore in West Marin.

## Charges Filed In Car Chase

Misdemeanor charges of reckless driving and making a fraudulent report of a stolen car were filed yesterday in Marin Municipal Court against Leonard S. Fabian, 29, in a Friday automobile chase by San Rafael police.

Fabian, 109 Woodland Avenue, San Rafael, allegedly was driving recklessly when pursued by Police Officer Phillip D. Green at Irwin and Dubois Streets, then abandoned his vehicle after the officer fired a warning shot.

Four hours later, Fabian allegedly reported the car stolen to the Marin County sheriff's office, but later admitted he had been the driver all along. A warrant for his arrest will be issued, district attorney's officers said.

# Firearms Control Hearing Gets Many Proposals—And Opposition

SACRAMENTO (CNS) — The first legislative hearing on firearms control since President John F. Kennedy's assassination brought a wide range of proposals for more controls and the expected opposition to all of them.

The Assembly Committee on Criminal Procedures held the hearing in the Capitol Monday, with discussion limited to proposals for further restrictions on sale and possession of concealable weapons, or handguns.

Gov. Edmund G. Brown, in a statement read to the committee by one of his secretaries, said he felt California had gun laws which were among the best in the nation. But he said there was room for improvement.

Brown made a number of suggested areas of study by the committee for further control of concealable firearms.

These included: (1.) Increase the penalty for possession of concealable firearm by ex-felon from five to 15 years imprisonment; (2.) prohibit possession of such firearm by person addicted to the use of narcotics or dangerous drugs or convicted of such addiction; (3.) limit prohibition of felon owning any firearm to those who were convicted of using firearms in commission of their felonies; (4.) increase the penalty for firearm theft to grand theft; (5.) increase the waiting period for purchase of concealable weapons from three to five days, and (6.) require fingerprints of person applying to purchase a handgun.

Sheriff John Misterly of Sacramento county said a weakness in the present law is the lack of any requirement for verification of information given by persons purchasing concealable weapons. He suggested that such applicants be required to be fingerprinted and these could be checked with the State Bureau of Criminal Identification and local law enforcement agencies before the gun was sold.

"Some of us must be put to a little inconvenience in order to protect the rights of society," Misterly said.

Misterly suggested a change in the law on concealable weapons which in a sense would be a relaxation. At present, a person may carry a handgun in a car without a special permit but must keep it in full view at all times. Some attach holsters to the steering column and others leave the gun on a seat, Misterly said .

However, when such persons leave the vehicle the gun in plain sight is an invitation to have it stolen. Misterly suggested handgun owners be required to put the weapon out of sight when the vehicle is left unattended.

Hilliard Comstock, recently retired superior judge in Sonoma County, appeared before the committee in behalf of the National Rifle Assn. He said the NRA was opposed to unduly restrictive measures over purchase and possession of concealable weapons. Any proposals to require permits for such weapons would be totally unworkable, Comstock said.

In addition, Comstock said law enforcement officers and the courts were "so hedged in" by Supreme Court decisions on search and seizure and rights of criminal defendants that the problem of firearms had become insignificant.

## Woman Sent To State Hospital

A 28-year-old woman who admittedly had eaten rat poison was committed Monday to Napa State Hospital.

Marin County sheriff's officers said Marin General Hospital officials notified them that Arlene Pesner, who has been at Synanon House in Marshall for two weeks, was at the hospital requesting psychiatric help. In her possession, they said, was a one-pound box of the poison. About four ounces were missing, according to the report, and the woman told officers she had eaten this in an attempt to end her life.

Her condition was not serious, however attendants said.

## Ross Trustees Refuse Stand On Proposition 14

The Ross School District board refused to take a stand on Proposition 14 Monday night.

Jack D. Williams, a Ross resident, asked the board to oppose passage of the proposition, which would repeal state fair housing laws. Trustees, however, felt it was not the school board's business.

The board approved the "spirit" of a resolution by Reed School District opposing mandatory unification under the Unruh Education Act, but postponed formal action until a discussion with Reed trustees.

A questionnaire to be sent Ross School graduates to get their evaluation on their grammar school education was approved.

Mrs. Dorothy Horst of Mill Valley was hired as part-time French teacher, and Mrs. Lorraine Miller of San Anselmo, as third grade teacher.

Robert S. Steele of 1825 Lincoln Avenue, Apt. 110, San Rafael, told police someone stole his white Triumph convertible sometime between Saturday night and Monday morning.

# McCarthy Highly Effective Representative For Marin

In his 14 years representing Marin in the State Senate, Jack McCarthy has built up an enviable record as a most effective legislator.

It is well that he should stand for re-election every four years and that some worthy person should oppose him so that his record gets a thorough examination.

We can think of no worthier person to oppose him than Mrs. Vera Schultz, former county supervisor, former city councilman, one-time lobbyist for the League of Women Voters, and long-time participant in Democratic Party activities.

Mrs. Schultz is quite well informed on the workings of government. She knows Marin County, the district which she seeks to represent as State Senator.

If there were some hitherto undisclosed flaw in Senator McCarthy's record, Mrs. Schultz would be qualified to discover it and sufficiently articulate to present it to the electorate.

The one thing that she keeps hammering away at is McCarthy's alleged "absenteeism."

Trouble is, McCarthy has a letter from the Secretary of the Senate which says, "There are few Senators with a better attendance record than yours."

The measure of a man is not really how well he punches a time clock anyway. The real measure is how effective he is in his job.

Jack McCarthy has been amazingly effective in representing the interests of Marin County at Sacramento.

While we like to see women in public office (we supported Mrs. Schultz's candidacy in one of her campaigns for county supervisor), we don't for a moment believe that Mrs. Schultz could be as effective at Sacramento as McCarthy is.

Effectiveness brings stature and prestige. McCarthy has these in state affairs.

Without deprecating Mrs. Schultz's proven abilities, we will again recommend a vote FOR McCarthy for Senator. He can be expected to continue giving Marin exceptionally effective representation at the capitol.

## THREE MINUTES A DAY

By JAMES KELLER

**AVARICE CORRUPTS THE HEART**

Most would agree that avarice is one of the least attractive traits. The dictionary defines "avarice" as "a passion for getting and keeping riches; covetousness; miserliness; cupidity."

It has its roots in the Latin "avaritia," which in turn is derived from the verb "aveo," meaning "I crave."

The Roman letter writer Junius said: "Of all the vices, avarice is most apt to taint and corrupt the heart."

**The Old Testament Book of Proverbs put it this way: "He who is greedy of gain brings ruin on his own house, but he who hates bribes will live." (15-27)**

**Jesus Christ Himself could not have stated it more plainly: "No man can serve two masters; for either he will hate the one and love the other, or else he will stand by the one and despise the other. You cannot serve God and mammon." (Matthew 6:24)**

In striving to lead a well-balanced life, make it a point to use your time, abilities and resources for the glory of God and the advantage of those worse off than yourself. There will be little chance of your becoming the victim of avarice if you do.

Let me get beyond self-gain, O Lord, and seek to share what I have with those in need.

## Californians Need Instruction Against Walking On Freeways

By EDWIN S. CAPPS

SACRAMENTO (CNS) — A five-year study by the division of highways, just released, makes one point crystal clear: freeways were built for motor vehicles and not for pedestrians.

**THE STUDY COVERED** pedestrian accidents on California freeways from 1958 to 1962. It showed than an average of 130 persons are struck each year, with 55 of them killed. Pedestrians are a factor in 13 per cent of all fatal accidents on freeways.

The study turned up some unexpected results. Previously, it had been believed generally that most pedestrians struck by autos on freeways were hitch-hikers. But the study showed hitch-hikers accounted for only 5 per cent of the victims.

By far the biggest group of victims — 43 per cent — were persons who were on the freeway afoot because their vehicles broke down or had been involved in an accident.

Another 33 per cent of the victims were using the freeway as a short-cut, without taking the time to walk to the nearest over-crossing.

Seventy per cent of the accidents took place in the main traveled lanes, with 18 per cent on the shoulders, 7 per cent on the ramps, and 3 per cent on the median.

James E. Wilson, the state's traffic engineer, said a little more care by the biggest group who have figured in accidents — those with car trouble — could do much to improve their record.

**FIRST OF ALL,** Wilson recommends coasting to the right and attempting to get completely off the pavement. Once safely parked—off the shoulder if that's possible—it's best to stay near the vehicle. Sooner or later a highway patrol car or other law enforcement vehicle will appear and the officer can lend assistance in getting the vehicle moved.

If it's absolutely necessary to stand or walk, Wilson said there is a safer way to do it. He recommends getting as far away from the traffic as possible, facing the traffic, and walking to the non-freeway side of any fixed objects, such as bridge abutments or sign standards that may be encountered.

This writer spent some time on the freeways and throughways in the eastern states this past summer. Many of them mark the highway with explicit instructions of what to do in event of car trouble.

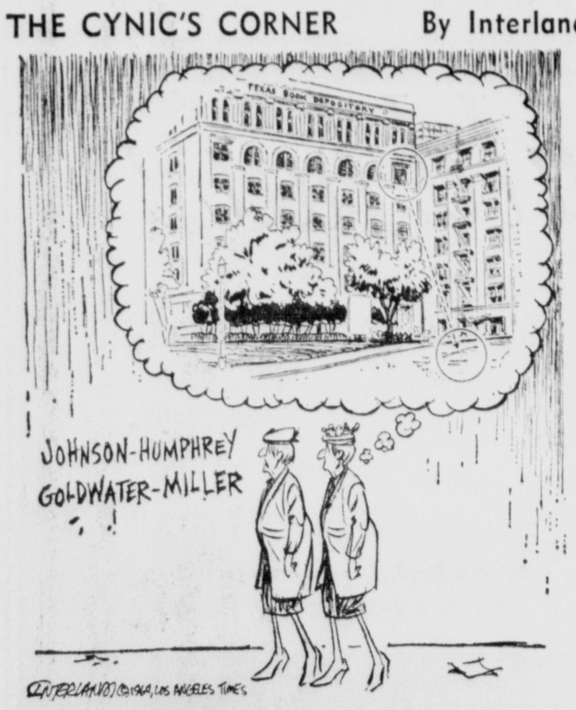
**THE SIGNS EMPHASIZE** to remain with the car and in the car. Motorists are instructed to tie a handkerchief or white cloth to the side view mirror on the driver's side of the vehicle. Passing motorists are supposed to report this at the first opportunity and an officer will be dispatched to the scene.

It was on the New Jersey turnpike that we realized they meant business. The highway was posted for emergency stops only but when one driver became sleepy, it appeared this was sufficient emergency for a stop and driver change.

The switch barely had been made when a patrol car pulled up behind us and we were given a strict warning about stopping. Driver changes should be made at rest stops, he advised. The officer said most of the accidents on their freeways were caused by vehicles making stops.

It would seem ridiculous that people must be warned as to the proper way to walk on a freeway and the precautions to be taken but the report indicates it is necessary.

THE CYNIC'S CORNER By Interlandi



"There's something new in this Presidential election which we've never had to consider seriously before."

## WHAT OUR READERS SAY

### Best Land Use Is Recreational

Editor, Independent-Journal:

Your article of Oct. 14 regarding the action of the Board of Supervisors in denying commercial zoning for a bank on Sir Francis Drake Boulevard between Marin Catholic High School and Wolfe Grade Elementary School certainly seems to be reason for your extending "bouquets" to the entire Board of Supervisors....

It must be obvious . . . that a commercial enterprise such as a bank could not possibly be "the highest and best use" for a piece of land such as this. . . . I should . . . like to second the suggestion of many people that the "highest and best use" is actually recreational, such as a children's playground, tennis courts, etc. . . .

WILLIAM J. FILANTE, M. D.

### College Trustee Tells Viewpoint

Editor, Independent-Journal:

On Thursday, Oct. 8, at a meeting of the Board of Trustees of the College of Marin, I gave a report on a recent conference at Stanford University on "Junior College Planning." The article in the Independent-Journal headlined "Trustee Says Leave New Campus Alone," on Friday, Oct. 9, misquoted me on a most important matter — one which is fundamental to sound, cooperative planning of college facilities. I would appreciate your publishing this letter at the earliest date to "set the record straight."

In my discussion of a suggested general sequence for well-developed and coordinated planning for a new building or for a new campus, I stated that as a second step in planning the members of divisions, together with administrative personnel, develop the Educational Specifications for those disciplines included in the building project. "Educational Specifications should set forth the philosophy and methodology of each discipline and any specific requirement." Educational Specifications do NOT set forth the design of the building. As a suggested third step, the Board of Trustees in regular meeting discusses and approves the Educational Specifications. Then, the architect begins his work of finding the "creative solution to the planning challenge" set forth by the faculty.

I also reported that at the conference it was generally agreed that faculty members have limited ability in planning a building, developing a site; that is, in developing the working drawings for construction. I also emphasized that as building plans—the interpretation of the Educational Specifications—progressed to final drawings there should be regular conferences of the faculty concerned with the architect and administrative personnel.

I cannot imagine and certainly would never propose that faculty members cannot or should not develop the Educational Specifications. Indeed in this area of planning the faculty is the expert team.

In fairness to the reporter, let me say that the report I gave was lengthy. I did have to speak rapidly in order for the meeting to adjourn at an agreed hour. The reporter may well have had difficulty following the discussion. There were, however, several typed copies of the report available to him for reference.

Another point, a reporter, I realize, is not responsible for the headline given an article. But may I point out that the headline for the article under discussion was certainly misleading? The conference recommended that in a multi-campus district each college should to the greatest extent possible operate as an autonomous college. Central administration should be held to a reasonable minimum and be divorced from direct administration of any campus. That plan of development and administration was set forth in the article but not in the headline, in my opinion.

It is not the intent of the administration of this college district nor of the trustees to "leave the new campus alone." Rather it is the dedicated intention of the Board of Trustees of the Marin Junior College District that each college will be developed to offer comprehensive programs to the expanding student population.

ELIZABETH MANNING DEEDY, Board of Trustees, College of Marin

### I-J Scolded For UC 'Mob' Editorial

Editor, Independent-Journal:

After two such fine articles on the Birch Society in which you made a judgment by investigating original sources, how could you write the Oct. 8 editorial on "Mob Action" at the University of California?

The action at "Cal" was misrepresented in the press. Did you contact original sources for this judgment? Or did you merely take the easy path of reading the S.F. papers and making up your mind?

### Giving Away Right To Trial?

Editor, Independent-Journal:

Thank you I-J for giving your readers the opportunity to study the Rumford Act. I would like to feel reassured that it is simply a law that would end bigotry. It seems there are more restrictions invoked than human rights guaranteed. Two facts must be kept in mind:

A. A "no" vote would take away the right to exercise control over one's property.

B. A "no" vote would take away someone's right to a trial by jury.

I have read the argument that Proposition 14 is an attempt to put property values above human rights. Proposition 14 restores the human right to control one's property so long as it is not detrimental to the health or safety of others. . . .

Point B is equally important. If a property owner is charged with discrimination, he will be brought before the Fair Employment Practices Commission. . . . These people would not necessarily be as objective in approaching a case as a jury of fellow citizens.

Perhaps I am over cautious, but let us think carefully before we give away rights our forefathers labored and died for. . . .

## TRY AND STOP ME

BENNETT CERF

**A WEIRD MONSTER** with three heads suddenly appeared at a lakeside resort (could it have been Loch Ness?) and sent vacationers fleeing panic stricken. All but one vacationer, that is. A little old lady put down her knitting and gently patted the three-headed horror on the back. "Boy, oh boy," she beamed, "Have I got a girl for you!"

**HEARD ABOUT** the sheep who simply couldn't get to sleep at night? In despair, he sought a psychiatrist, and told him, "You simply have to find a way for me to fall asleep nights — and please, Doctor, NO WISECRACKS."

**TWO HABITUES** of a corner saloon watched moodily while a false ceiling was installed. It cut down the height of the place a bit, of course. "All this chi-chi," grumbled one. "They'll probably raise the prices when it's finished." "They can't do that," contradicted the other. "They daren't lower the overhead and then raise the prices!"

**A VISITOR** to the World's Fair asked his cab driver, "Who do you think will be elected in November?" "How should I know?" countered the driver. "What am I, a barber?"

### Khrushchev's Ouster Blamed On Ailments In Soviet Role

WASHINGTON — The revolt in the Kremlin comes at a time when the Soviet Union is in deep difficulty throughout the Communist world.

**IT IS CLEAR THAT** Mr. K. was not "retired" in order to restore his health, but in order to remove him from the scene. This is evident in the fact that he was stripped of every thread of power and position and that his son-in-law was simultaneously unfrocked as editor of Izvestia.

Khrushchev's record may look pretty good from outside the Soviet Union—an end to the worst abuses of Stalin, a detente with the West, tremendous feats in outer space, and a reduction in the danger of nuclear war. These are substantial dividends from the man who has been abruptly deposed, even as he deposed Malenkov, Molotov and Kaganovich.

But the Khrushchev record does not look at all good to those who engineered the coup d'etat.

**HERE IS THE** disarray which almost certainly caused Mr. K.'s downfall and the rise of the new Kremlin leadership:

1. His inept handling of the Peking-Moscow split. Here is Red China, a relatively weak, underdeveloped and mismanaged country which has wrested from Soviet discipline nearly every Communist party in the Pacific, from Japan to Indonesia to New Zealand. It has spread its influence to Africa and to Moscow's allies in the Soviet front-yard satellite empire in Eastern Europe.

2. Khrushchev sought to isolate Peking and ended up by so isolating Moscow that the largest Communist parties in Western Europe—the French and Italian—have stymied his grand design for a summit conference Dec. 15, to rally the Communist world behind the Soviet Union and against Red China.

Here was a project which was moving toward calamity, but Khrushchev was so far committed to it that he had to be summarily removed in order to give the new leadership a chance to maneuver.

3. The reason the Italian, French and Eastern European Communist leaders opposed the Khrushchev effort is not that they support Peking — they don't—but because they do not want another Soviet-controlled Communist International. They want independence; they want freedom from Soviet domination. They do not want the split between Red China and the USSR repaired; they want it to continue so that Moscow must court their favor and concede to them increasing independence.

These circumstances — plus shortcomings of Soviet agriculture and the decline in economic growth — have precipitated the revolt. Whether Premier Aleksei Kosygin and First Secretary of the Communist Party Leonid Brezhnev can do any better remains to be seen.

**THE PREVAILING** attitude in Washington is that the new Kremlin leadership will not be disposed to lacerate relations with the West, not because they love us, but because they cannot safely conduct a vigorous cold war against the U. S. while there is so much cold war going on inside the Communist camp.

## GOP Attacks Demos' Defense Slashbacks

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — The Eisenhower administration initiated and developed more than seven times as many major weapons systems as the Kennedy-Johnson regime, 57 to 8.

Of the 57 new weapons systems under President Dwight D. Eisenhower, 30 were combat planes of various types and 27 air, ground and naval missiles, most of them capable of being armed with nuclear warheads. Of the eight Kennedy - Johnson new weapons systems, three are planes and five missiles.

**THIS SCATHING** comparison is a highlight of a forthcoming study by the distinguished GOP Peace Through Preparedness Task Force appointed by Sen. Barry M. Goldwater to analyze key aspects of the hotly controversial defense issue.

In its first report a week ago, the seven-member group, headed by Neil McElroy, former defense secretary, and including two retired chairmen of the Joint Chiefs of Staff — Air General Nathan Twining and Admiral Arthur Radford—charged the Johnson administration with "dangerous reluctance" to maintain an adequate nuclear weapons testing program even to the extent permitted by the test ban treaty.

**"DESPITE OBVIOUS** perils," the forthcoming study will hold, "the present administration has during the past four years neglected and stifled technical innovation. They have thwarted the origination of new systems. They have caused the cancellation of promising projects. They have stifled innovating ideas and new concepts.

"The present superiority of United States strategic military power is the product of the imaginative research and development efforts of prior administrations. The major weapons systems which now make up our strategic forces —B-47, B-58 and B-52 aircraft, and Titan, Atlas, Polaris and Minuteman missiles—were all originated and developed during prior administrations. . . ."

The Republican Task Force singles out for caustic criticism the "over-centralization of defense functions" and the "summary rejection of new systems and improvements based on dogmatic cost-effectiveness tests," vigorously contending that "no initial proposal for a weapons system can be either accurately cost-estimated or cost-justified."

It also charges that the military services "now suffer under an unwritten rule that they shall not volunteer ideas, but merely comment on proposals submitted by the civilian hierarchy, and then only when requested to do so. The sparseness of new development program strikingly evidences these conditions."

**SIX KEY DECISIONS** are held responsible for the Johnson administration's "dangerously" curtailed development of new weapons systems: "Cancelling the B-70 and not initiating and aggressively pursuing a new bomber; terminating the project for an advanced aircraft-launched ballistic missile to extend the life of the manned bomber.

"Equipping the latest aircraft carrier with conventional rather than nuclear power; terminating the mobile medium-range ballistic missile development program, and halting development of the only maneuverable re-entry vehicle for space flight without initiating any substitute program."

"De-emphasizing developments which would meet critical deficiencies of anti-submarine warfare" is also charged in the GOP report.

### The Country Parson

"Wealth doesn't make a man's character better any more than huge pants will make his suit fit better if the coat's too small."

### 20 YEARS AGO

Hundreds of firemen and volunteers battled a stubborn grass fire which started on Bald Hill and swept upper reaches of Ross, Fairfax and San Anselmo before it was put out 18 hours later.

### *Cal Has Campus Politics Woes; Marin College Its Coffin Nails*

The removal of a cigarette machine from the College of Marin cafeteria has created a smoking debate between students and the administration.

**AND WHERE THERE'S** smoke, there's fire.

Fanning the embers is the relative success of Cal students who demonstrated in their fight to keep long-standing privileges which, according to latest interpretation, should never have been allowed on campus in the first place.

A protest march at College of Marin over the removal of the cigarette machine was threatened, but students showed good judgment in not making good the threat. Such a demonstration would have been silly.

Marc Mezzetta, former student body president, told the college board last week that the students should be commended for acting as adults and not putting on a show of disorderliness as Cal students did a few weeks ago.

**FEW WILL ARGUE** the fact that the principles the Cal students were fighting for were of much greater import than one cigarette machine.

College of Marin administrators have agreed that removal of the machine was consistent with the goals of the intensive health education program at the college and the recent Surgeon General's report on the effects of smoking.

There also was concern for the inability to enforce the 18-year-old age limit on purchasers of cigarettes from the machine.

It was an administrative matter which leaned heavily on the school's responsibility to the students and their parents, Irwin P. Diamond, dean of students, said.

Few parents actively encourage their children to start smoking. There are persons who will continue to argue whether smoking is bad for health, but few maintain that it is beneficial.

**NO MOVE TO BAN** smoking on campus has been given serious thought. The administration is simply not going to cater to the cigarette habit.

Mrs. Elizabeth M. Deedy, who was a leader in a program to set up clinics for smokers who wanted to quit, has said the students are not going to stop smoking because they have to buy their cigarettes before they get on campus.

One observer said recently, "The students could get killed crossing the street to buy cigarettes at the market. Smoking may bring the same result, but at least it's slower."

Trustee Joseph D. Gargiulo declared last week that his vote supporting the administration in getting rid of the machine was not an anti-student vote but an anti-tobacco vote.

"It was the first time I was in the majority when it came to a vote on smoking. If I thought I would be in the majority again, I'd make a motion preventing anyone from smoking on campus," he said.

Mezzetta has suggested that, since the administration believed it had a moral obligation to remove the machine on the basis that its presence signified that smoking was condoned, the more proper solution would have been complete abolition of smoking on campus.

**SO THE PROBLEM** remains. The students believe their rights have been infringed The administration will not accept the responsibility for the sale of cigarettes on campus.

What do the parents think?

### *Politico's Profitable Failures Meet With Disastrous Success*

WASHINGTON — Not everyone wants to win an election. On a recent lecture date in a Southern city we heard about a fellow named Zilch. It seems that Zilch was a born politician and had run for every kind of office in the county for the past 26 years. Zilch was always defeated, but this didn't bother him at all.

**THE REASON WAS** that Zilch wasn't interested in winning. He was more interested in raising money for his campaign. Zilch might raise between five and ten thousand dollars to run for office. By being careful in his expenditures and making sure he didn't do anything foolish, Zilch managed to keep 90 per cent of the money for himself. This kept him going until the next election rolled around.

Zilch ran for sheriff, he ran for mayor, he ran for coroner, and he ran for congressman. There was no office he would refuse to run for providing he raised enough money to support himself and get in some fishing on the side.

Of course, some people who supported Zilch were discouraged by his lackluster campaigns, and a few even complained that they would like to see a few more billboards with Zilch's name on them, but he would always retort he had no funds for outdoor advertising and he didn't have money to throw around like his opponent.

**THE TRUTH OF** the matter was that Zilch's opponents were usually his best source of campaign funds.

They knew he didn't have the "will to win," and it was easier to run against Zilch than anybody else in the county. By contributing to Zilch's campaign they were assured of winning an election.

But there happened to be a group of businessmen in the town who were pretty sore at Zilch. They had all contributed at one time or another to Zilch's election campaigns and felt they had not been given value for their money.

So they decided to do something about it. This year Zilch was running for president of the city council. His opponent, a lawyer, had contributed heavily to Zilch's campaign, knowing Zilch had no intention of winning. In no time at all Zilch had a campaign kitty of $12,000 and he was planning on taking a trip to Europe as soon as he lost and the election was over.

**BUT HE HADN'T** reckoned with the disgruntled businessmen in his town. They came up with a plan. They got together a secret fund and, without Zilch's knowledge or permission, they started plastering "Zilch for Councilman" billboards all over town. They distributed thousands of bumper stickers with Zilch's name on them. Schoolchildren were given Zilch buttons, the local radio stations turned out Zilch commercials.

Zilch was panic-stricken. his opponents felt he had double-crossed them and they were furious. Zilch tried to explain he had nothing to do with the campaign and he hadn't spent a dime on himself. The crowning blow came when a postcard was sent out showing Zilch shaking hands with President Johnson (faked, of course, by Zilch's secret backers).

In a special election and despite his protests that he did not want the office and had never met Johnson, Zilch won by a landslide.

**ZILCH IS NOW** the unhappiest man in town, not only because he has to work in an elected office, but because he knows his opponents will never contribute to another Zilch campaign. Why should they when Zilch can never be trusted again?

### 'United States Day' Just Before Election

Editor, Independent-Journal:

It seems almost prophetic that "UNITED STATES DAY" will be celebrated on OCTOBER 23, just a little over a week before the national election.

Specifically, its purpose is to call to the attention of the people of our country the importance of maintaining our national sovereignty and independence . . . and especially to remind ourselves of the great wealth of spiritual strength . . . the unique form of government embodied in the Constitution. . . .

Let Americans everywhere display our country's Flag this Friday—"United States Day" —with the high resolve to preserve through constant vigilance the sovereignty of our nation.

### UNICEFF Opponent Claims Challenged

Editor, Independent-Journal:

The letter of Mrs. W. R. Knight (Oct. 16) contains information which I challenge her to prove.

She states that UNICEF "gave" $1,536,109.46 to Red China. This is untrue. UNICEF offers materials (food, medicines, etc.) to any country which will accept inspection of the means of providing the children with these materials. Naturally, Red China will not accept inspection, nor will certain other satellites. But to those who will, UNICEF will send these materials, but not money.

I hope these facts will allay the fears of any parents who are afraid their children are aiding their enemies. . . .

### Praise Given To College Students

Editor, Independent-Journal:

This morning, Oct. 13, at 11:30 a.m. I had the pleasure to sit and listen with the students of Marin College to a speech given by State Sen. John F. McCarthy of Marin County.

This speech was very interesting and lasted approximately one hour.

I would say several hundred students were present.

Many intelligent questions and answers were brought forth by the college students and the Senator.

Observing and listening very closely, not one sarcastic or defamatory remark was said by the students. The students conducted themselves in an orderly manner and not in any disrespect toward the Senator and the college administration.

The parents, the teachers, the college administration, the people of Marin County in general should be proud for the excellent example of performance by these young citizens.

### Dangers Cited In Proposition 14

Editor, Independent-Journal:

It is urgent that Californians be aware of the dangers of Proposition 14. This . . . does not return rights to anyone. . . . It gives special privileges of discrimination to (property owners and realtors) by abridging the rights of a vast number of people to own or rent property they can afford. Also, this far-reaching proposition would make it impossible for any fair housing legislation ever to be passed anywhere in California.

The Rumford Act only prevents discrimination in selling or renting because of "race, religion, color, national origin or ancestry." It makes no other restrictions. . . .

The question is not one of wanting more State government control, as one of your misguided readers suggested, for there has been State, County and local control for many years in the form of zoning laws, fire codes, etc. . . .

Proponents talk about government control in horror. . . . They helped elect the representatives. . . . They lobby to influence these people. "You cannot legislate morality," proponents say. "It is thought control." . . . From the time of the Ten Commandments there has been legislation on moral issues. . . . In our form of government, if the law has been unfair we have tried to change it, not tried to prevent any other law along the same line from being enacted.

A wise and reasonable electorate will defeat . . . Proposition 14.

### Roosevelt Quote Gives Courage

Editor, Independent-Journal:

In recent days I have become quite alarmed at the way things have been going on in our National Government. So much so that, when I found the following quote of Theodore Roosevelt, it seemed to give me courage, so here it is:

"Patriotism means to stand by the country — it doesn't mean to stand by the President or any other public official, save exactly to the degree in which he stands by the country.

"It is patriotic to support him in as far as he efficiently serves the country.

"It is unpatriotic not to oppose him to the exact extent that by inefficiency or otherwise he fails in his duty to stand by the country.

"In either event, it is unpatriotic not to tell the truth about the President or anyone else—save in rare cases where this would make known to the enemy, information of military value which would otherwise be unknown to him."

So alluding to the above quote, I think that it is applicable to the people who surround the President. . . .

The men whom I wish to call attention to are the following: Rusk, McNamara, McGeorge Bundy, George Ball, Cleveland and many others too numerous to mention. . . .

I think that the voters of this great Republic should look into the background of these men. . . .

### Parenthood Unit Seeking Funds

Editor, Independent-Journal:

Now that the United Crusade fund drive is on, it occurs to me that a good many community-minded citizens may think that since the United Crusade supports a great number of worthy social service organizations, a contribution to it will aid all such organizations.

This, however, is not the case. . . . A number of organizations rely on funds raised independently of the United Crusade. One such group, whose support I would strongly recommend, is the Planned Parenthood Assn. of Marin County. . . .

This association deserves the backing of all citizens who are concerned with the plight of parents burdened with more children than they can adequately support, and with the tragedy of the unwanted, unloved child. . . .

### Steel Guard Rails Boosted

Editor, Independent-Journal:

Your interesting editorial, "Not Ornamental, But Useful," of June 15 has just come to our attention. In view of your interest in medial guard rail, we thought you would like to read the enclosed article in the August issue of Insurance News.

Our interest in this subject stems from the fact that we are public relations counsel to American Iron and Steel Institute, and it has been our observation that where steel guard rail has been used, head-on collisions have been virtually eliminated. We first became interested in undivided highways about two years ago when we learned for the first time that some 48 persons had been killed in head-on collisions on the New Jersey Turnpike from 1951 until a barrier was constructed down its center in 1960 to keep opposing traffic separated. In the four years since that divider was installed down most of its 118 miles, only one person has died in a head-on collision.

We are certainly not posing as safety experts because that is not our field of competence, but we have made a number of significant findings which may be of interest to you:

1. About 6,700 persons are killed annually in head-on collisions;

2. When steel median guard rails are installed, head-on collisions virtually cease;

3. Head-on collision fatalities occur on all kinds of undivided highways but they can be reduced by median guard rail installations only on four or six-lane undivided highways;

4. That there are about 10,000 miles of four-lane undivided highway in the nation, and,

5. That Federal-aid highway program funds are available on a 50-50 matching basis to modernize highways by installation of median guard rail. . . .

### Goldwater-Ike Parallel Denied

Editor, Independent-Journal:

Your editorial of October 10 contrasted the tendency of many Republican candidates to associate themselves with Eisenhower in his presidential campaigns and their reluctance to do so with Goldwater, apparently with the aim of reflecting on the latter's party leadership.

In 1952 the electorate was tired of 20 years of liberal excesses. . . . Ike was a popular war hero whose political views were obscure, and thus he made a perfect candidate. In 1956 he had the advantage of an incumbent running against an opponent who aroused enthusiasm in only a minority of voters. Thus, it is unfair to compare Goldwater's position, running against an incumbent, with Eisenhower's. You might also recall that many candidates who did associate themselves with Eisenhower did not fare too well.

Any claim to party leadership in California by Senator Kuchel would seem to have been forfeited by his failure to manage a successful campaign for his candidate in the primary.

While it is true that the polls point to a commanding lead for Johnson and Humphrey . . . the most recent polls point up a decline in Johnson's popularity and an increase in the number of undecided voters. Possibly, people are beginning to realize that postponed decisions on foreign affairs, a politically inspired truce on civil rights agitation, and record pre-election governmental expenditures and handouts will insure peace, domestic tranquility, and prosperity only until Nov. 3.

## ALMANAC

Today is Wednesday, Oct. 21, the 295th day of 1964 with 71 to follow.

**The moon is approaching its last quarter; the morning stars are Jupiter, Mars and Venus; the evening stars are Saturn and Jupiter.**

Swedish inventor Alfred Nobel was born on this day in 1833.

On this day in history:

In 1805, the English fleet under Lord Nelson defeated the French and Spanish fleets off the Cape of Trafalgar.

In 1814, the personal library of Thomas Jefferson was bought by the government to replace the Library of Congress burned by the British.

In 1879, Thomas Edison invented a workable electric incandescent lamp after 14 months of experimentation at Menlo Park, N. J.

In 1917, soldiers of the First Division became the first U. S. troops to see action in World War I.

**A thought for the day: British poet Samuel Taylor Colerige said: "To have lived in vain must be a painful thought to any man, and especially so to him who has made literature his profession."**

## TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey. Western District headquarters Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Lightface type indicates a.m. times; **bold-face type** indicates p.m. times

HOW TO PLAY

## WINNING BRIDGE

By ALFRED SHEINWOLD

### No Need For Mind Reading To Make The Correct Play

Most of the time we play bridge hands by following time-honored rules. If we fail to get the most out of a hand it's the rule's fault.

How can anybody blame us just because we were asleep?

Opening lead — ◇ K

Declarer won the first trick in dummy with the ace of diamonds and got to his hand with a club to lead a low trump. When West followed with the ight of spades, declarer covered with dummy's queen.

**RESULT OF PLAY**

As a result of this play South had to lose two more trump tricks to West. He lost three trumps and a diamond, and was therefore down one.

"If you had only played a low spade from dummy instead of the queen," dummy sighed when the hand was over.

"I'm not a mindreader," South pointed out. "I played third-hand high from the dummy, just as anybody would. We were just unlucky."

**TRUMP BREAK**

What do you think? Was South unlucky, or did he make a bad play?

South should consider the possible trump breaks. If the four missing trumps break 2-2 any play will work, for the opponents can get only two trump tricks.

If the trumps break 3-1, West must have three and East must have the singleton because West is bound to have at least one high spade for his vulnerable opening bid.

**KING INSTEAD**

If West had A-K-8 he would play the king instead of the eight. South can therefore disregard this possibility. The only other possibilities are A-10-8 and K-10-A in the West hand.

In both these cases East has a singleton high spade and South can make his contract only by playing a low trump from dummy instead of the queen.

In short, declarer cannot lose anything by playing a low spade from dummy, and he may gain. South didn't have to read an opponent's mind to make the correct play—he just had to use his own mind.

What do you say?

**Answer:** Pass.

The hand is not quite worth an opening bid. You can afford to bid later, and your partner will then know the limit of your strength since you failed to open the bidding.

# TB Tests Slated Monday For West Marin Pupils

More than 200 pupils from the West Marin and Point Reyes school districts will have tuberculin patch tests in a jointly sponsored program Monday.

The tests will be administered by Drs. Gordon J. Plattes and Leslie R. Webber, who are donating their time. The doctors will also "read" the results of the test the following Thursday.

A postitive reaction from the skin test does not necessarily mean a person has TB, but it does indicate a need for further testing.

The Marin Tuberculosis and Health Assn. and Marin County Health Department are sponsoring the program. The tests were requested by Dr. Plattes, who is also a trustee of West Marin School District.

Supt. Howard Brose expects most of the testing, to be done class by class, will be finished in the morning. Tests will be given at West Marin and Inverness schools. Children from Point Reyes School will be driven to Inverness School to be tested.

The West Marin Parent-Teacher Assn. will assist by keeping records of those tested.

## Peacock Gap Election

The Peacock Gap Homeowners Assn. will hold its annual election of directors at 8 p.m. Nov. 4 at the Peacock Gap Country Club.

## Space Survey Due Trustees

Trustees of the Marin Junior College District will meet at 8 p.m. tomorrow at room 24, Harlan Hall, on the College of Marin campus, with architects from the firm of Falk and Booth to discuss the space adequacy survey prepared last spring for the Kentfield campus.

The survey shows which areas must be replaced, converted or newly built to handle a college of from 2,500 to 3,000 students, as recommended by the architects.

Board members will also discuss landscaping at the physical education complex and the deferred item of employment of a vocational coordinator.

## Noteworthy Cow

Hedegard Jo Dazzler, an 8-year-old registered Holstein cow owned by Marvin L. Nunes, Point Reyes Station, has produced a noteworthy 14,702 pounds of milk and 520 pounds of butterfat in 301 days, the Holstein-Friesian Assn. of America announced today.

### Food is a bargain in the U.S.A.

Our abundant harvests bring us a greater variety of foods, for less money, than any other country. Today it takes us about 37 hours a month to earn a month's groceries, compared to 60 hours in 1947-49. And that 37 hours is just 19% of our income. In Russia, shoppers spend 53% of their income on food—in Britain—29%. Three cheers for America's farmers and processors!

# Heart Specialist Commends Daily Hard-Pedal Activity

NEW YORK (UPI)—Prescription for fitness: Work some hard-pedal activity into your soft-pedal life daily—or several times a week.

The soft-pedal motions you go through when stepping on the gas or brake pedal of your car don't do much for your leg muscles.

The hard - pull movements, meanwhile, tax the leg muscles and lots of other ones. You can do such exercise best and regularly if you gun a bicycle. Fifty-five million Americans do.

Dr. Paul Dudley White, the Boston heart specialist who practices what he preaches about wheeling along to fitness on a bicycle, says leg muscles are important to the prolonging of life.

**REGULAR AND** vigorous use of our leg muscles is essential for an optimal circulation of blood which, incidentally, is essential for the best use of our brains," he reports in "Recreation," the official publication of the National Recreation Association.

Inadequate use of leg muscles, meanwhile, subjects one to the hazard of the blood clotting in the leg veins, and the sending off of emboli to the lungs to block the circulation, often fatally.

"To prevent this trouble," Dr. White says, "I recommend that we never allow ourselves to sit or to stand still for more than an hour at a time, but to get up and walk actively at frequent intervals."

The ideal work for leg muscles, as Dr. White sees it, comes via bicycling.

Walking, swimming, golf, tennis and skiing also are good exercises for the leg muscles.

**"THE LEG MUSCLES,"** Dr. White noted, "are an important and unappreciated accessory of pumping mechanism to assist hearts physically.

"Also, healthy fatigue of the leg muscles is the best antidote known to man for nervous stress, far better than use of the thousand and one tranquilizers and sedatives to which, like tobacco, the American people have become addicted."

Science doesn't quite know why, but the use of leg muscles appears to delay the onset of atherosclerosis in the arteries—prolonging life as well as making such life pleasant.

**THE DISORDER** of vital arteries is responsible for almost all sudden deaths, coronary heart attacks, many strokes, and some high blood pressure.

It has been shown clearly to be more common among peoples everywhere in the world who are physically lazy and overfed," Dr. White said.

SERVING A SAMPLE of what will be featured when the Novato Business and Professional Women's Club sponsors "Christmas In October," a dessert card party, on Oct. 27 at Cloud Five in Novato are Mesdames Charles E. Myers, left, and Irving Links. Frank T. Perachiotti is the lucky recipient.

# Mrs. King Thinks Nobel Prize Will Improve On Civil Rights

ATLANTA, Ga. (AP)—"I wish we could remain on this mountaintop forever," Mrs. Martin Luther King Jr. said of her reaction to her husband's winning the 1964 Nobel Peace Prize.

"For the past 10 years, we have lived with the threat of death always present," she said in an interview.

**"I THINK THIS AWARD** will create a more favorable opinion for the civil rights movement."

Since 1954, when King began preaching nonviolence as a tactic in fighting segregation, he has been jailed 15 times, stabbed once, threatened often, has seen his own peoples' churches in ashes, and while a resident of Montgomery, Ala., was in his own home with his wife and their first child when it was rocked by a bomb blast.

**SINCE HER CHILDHOOD** days in Perry County, Ala., where she was born, Mrs. King said she has been determined to do something worthwhile in the fight for civil rights.

"I want my children to grow up in a world full of compassion and concern," she said.

In 1947, Mrs. King—then Coretta Scott—left Alabama and entered Antioch College in Yellow Springs, O. She was intent on a singing career. A few years later, while studying voice in Boston, she met the young Baptist minister who was to become her husband.

**EIGHTEEN MONTHS** later they were married. Since then, Mrs. King, a former voice instructor, has sung at concerts for numerous civil rights organizations and, when possible, has accompanied her husband on his trips in behalf of civil rights.

"With four children, this isn't always easy to do," she said. The children are Yolanda, 8; Martin Luther III, 7; Dexter Scott, 3, and Bernice, 18 months.

**THE KINGS' RED** brick home with its barred windows is filled with mementos from admirers, many unknown.

A portrait of Gandhi, given the Kings by the Gandhi Peace Foundation, hangs in the living room. King has said he shaped his passive resistance program from the teachings of the great Indian leader.

"A wife needs to be as committed as her husband to his cause," Mrs. King said. "But it has been hard on the children. I've tried to explain to them that their father is trying to help people and I think the children are beginning to understand.

**"ONE DAY OUR** daughter, Yolanda heard a news cast that her father had been arrested in Albany, Ga. I tried to comfort her but she kept on sobbing.

"Then to my delighted amazement, Marty, who was then only about 3, came to my rescue.

" 'Don't cry, Yoki,' Marty told her. 'Daddy's gone to help more people. He's already helped some, but he has to help some more. When he finishes, he'll be back'."

MRS. MARTIN LUTHER KING Jr. displays some of the congratulatory letters and telegrams received at their Atlanta home since her husband won the 1964 Nobel Peace Prize. "I wish we would stay on this mountaintop forever," says Mrs. King, whose family has lived with threat of death constantly for the past nine years. She thinks that the award will create a more favorable opinion for her husband's non-violent civil rights movement. (AP Wirephoto)

## Linda Gail Dee Becomes Bride Of Frank Brunini

Linda Gail Dee became the bride of Frank Albert Brunini Sunday in a 3 p.m. ceremony at St. Patrick's Catholic Church in Larkspur.

The double ring rites were performed by the Rev. Francis J. Scanlon of Our Lady of Mount Carmel parish in Mill Valley.

The bride, who is the daughter of Mrs. John J. O'Brien of Mill Valley, was given in marriage by her stepdaughter and was attended by her five sisters.

She recited her vows wearing a floor length gown of French chantilly lace with full skirt falling into a chapel train. Her silk illusion veil and headpiece of lace and seed pearls were handmade by her grandmother, Mrs. Hazel O'Brien of Mill Valley.

The bride's oldest sister, Mrs. James Bechtold of Minneapolis, Minn., was matron of honor. Bridesmaids were her sisters Deborah, Melanie and Bette Dee of Mill Valley, and her six-year-old youngest sister, Naomi O'Brien, was the flower girl.

All were gowned in waltz length dresses of pastel blue chiffon.

The dress of the matron of honor had a lace jacket and full skirt and the others had lace bodices and buffant skirts.

The bridegroom, who is the son of Mr. and Mrs. Louis I. Brunini of Tamalpais Valley, was served as best man by Louis Piver of Mill Valley. Ushers were James Bechtold of Minneapolis, Joseph Doyle and Roger Griffith of Mill Valley.

Following a reception at the Outdoor Art Club in Mill Valley the young couple left for a honeymoon at an undisclosed destination. On their return they will live in their newly purchased home in Fairfax.

The new Mrs. Brunini is a graduate of Tamalpais High School and the Marinello Beauty College and is employed in a Mill Valley beauty salon.

She is the granddaughter of Mrs. Grace Dee of Sonoma, Mrs. Hazel O'Brien and Fred Dahl and Mrs. Myrtle Dahl of Mill Valley.

The bridegroom was graduated from Tamalpais High School, attended College of Marin and is employed as a lithographer in San Francisco.

He is the grandson of Mrs. Richard Chenoweth of Verdi, Nev., and the late Mr. and Mrs. Tranquillo Brunini and Albert Canet of Mill Valley. Retired Mill Valley police chief Joe Canet is Frank's uncle.

## Art Club Endorses Beach Bond Issue

Mill Valley's Outdoor Art Club members have been urged to support Proposition 1, the bond issue for beaches, parks and recreation.

The resolution was initiated and approved by the club in March of this year. It was acted upon favorably in April by delegates to the Golden Gate District Convention of the California Federation of Women's Clubs and was then presented by the state conservation chairman to the state convention of the federation, where it was approved.

## Novato BPW Card Party Set Oct. 27

The Novato Business and Professional Women's Club will sponsor "Christmas in October," a dessert card party, at 8 p.m., Oct. 27 at Cloud Five Restaurant in Novato.

Homemade cakes will be served prior to the evening of cards, including bridge, canasta and pinochle. Christmas decorations will be awarded to the high scorers at each table, accoring to Mrs. Irving Links and Mrs. Lynn Scott, co-chairmen of the event.

Assisting Mrs. Links and Mrs. Scott are Mrs. Jack A. Reinagel, Mrs. Sydney Smith and Mrs. D. E. Morrison. Mrs. Scott and Mrs. Morrison are reservations chairmen.

Proceeds from the third annual card party, sponsored by the Novato BPW will be used for the scholarship award which they give each year to a graduate of Novato High School seeking further education in the business field.

## TO IGNITE THE NIGHT

A new spirit for the cocktail hour .... Ardanti adroitly creates the look for little evenings. Split-level splendor to ignite the night, seen in Opulent's marvelous metallic brocade of acetate, rayon, and cotton, decorated with mylar. The bowed top which shelters your shoulders with a neckline that plunges right into fashion is slipped over an easy skirt. Joan Leslie likes the look of opulence in a shimmering brocade for a stunning theater suit. The fabric is by Couleur, woven with acetate, rayon and cotton. The double-breasted jacket covers a dress sheath topped in claret velvet. A pale blue bow accents the raised waistline and beautifully cut A-line skirt.

# Marin Delegates Named To Dental Hygienists Session

The forty-first session of the American Dental Hygienists Assn. will meet at the Jack Tar Hotel in San Francisco for three days beginning on Nov. 8.

Attending will be Mesdames Graham D. Luce of San Anselmo, alternate delegate, Northern California State Dental Hygienists Assn.; Emmet DeDyn of Sausalito, president; A. Y. Watson of San Anselmo, vice president; Ronald Plambeck of San Anselmo, secretary; L. L. Mersereau of Belvedere, trustee, all representing Redwood Component Dental Hygiene Society; Lois Hawk of San Rafael; Anne Marie Teves of San Rafael, and also Ann Zufall of Greenbrae.

## Childbirth Assn. Will Show Films

The Education For Childbirth Assn. of Marin will sponsor a showing of three films on Sunday at 8 p.m. at the Jewish Community Center, San Rafael.

Films to be shown are "Childbirth Without Fear," "Hospital Maternity Care," and "The New Generation."

## Roll-On Cleaner

To avoid sore knuckles and messy soap rub-ins on wash days, just put a liquid household cleaner in an empty, roll-on deodorant bottle and use it on especially soiled spots. Then wash garments as usual.

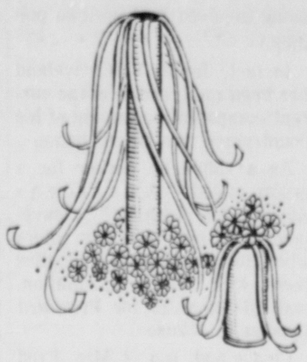
# Demonstrations To Highlight Chrysanthemum Society Show

"Magic Mums of Marvelous Marin" will be the theme for the 15th show of the Chrysanthemum Society of Marin to be held on Saturday and Sunday at Crocker-Citizens National Bank in San Rafael.

Flower arranging by two Marin women will highlight the arrangement section of the show.

Mrs. J. Robert Womer of Greenbrae will demonstrate in the style of the Wafu-Kai School at 3 p.m. on Saturday and Mrs. Ernest D. Stewart of Marinwood will demonstrate Japanese arrangements in the Sogetsu style at 2 p.m. on Sunday.



**MRS. BERNARD** H. Keener, chairman of the arrangement section, announces that reservations for entries and arrangements will be accepted on a space-available basis. The bank will be open to receive arrangements on Friday between 7:30 and 10 p.m. and Saturday from 8 to 9 p.m. Exhibitors will be limited to two entries in each category.

**DIVISION II**

**SECTION A.** Open only to advanced arrangers, judges, lecturers and professional arrangers.

1. MARIN CIVIC CENTER—An arrangement expressing Frank Lloyd Wright's design of the administration and courts building of the Civic Center. The colors of the mums should be as close as possible to the major color tones of the building.

2. CHINA CAMP—An arrangement in the Moribana style, using red and gold-tone mums.

**SECTION B.** Open to all with the exception of judges, lecturers and professional arrangers. A premium is offered for the best arrangement selected from this section.

1. MISSION SAN RAFAEL ARCANGEL — A line arrangement using pink and/or rose colored mums with a religious figure.

2. THE BEACHES OF MARIN—An arrangement combining at least two of the following items found along the seashore: sand, seaweed, driftwood and shells.

3. MT. TAMALPAIS — Interpretation using an interesting rock with mums in white and bronze.

4. ALPINE LAKE — An arrangement of white or green-tone mums, using a mirror in the arrangement.

5. STATE PARK VACATION LAND — A miniature arrangement in the bonsai manner not to exceed 5 inches in any direction. Your own interpretation of the theme.

**SECTION C.** Novice (one who has never won ribbons or awards).

1. MUIR WOODS — An arrangement using mums and only conifer foliage.

2. THE DRY HILLS OF MARIN — An arrangement using dried and/or preserved materials with yellow and/or orange colored mums in a brass or copper container.

3. INDIAN LEGEND OF MT. TAMALPAIS—An arrangement using a figurine fitting to the "native" with berries and bright-colored mums in an earthy type container.

4. GOLDEN GATE—A line arrangement to express span of the gate bridge.

AN ADDITIONAL AWARD will be made for the best-in-show arrangement to be selected from Sections B and C.

**SECTION D.** Juniors, ages six to sixteen.

1. Six to eight years: BOYD NATIONAL SCIENCE MUSEUM—An arrangement using animal figurines.

2. Nine to twelve years: SAMUEL TAYLOR STATE PARK—an arrangement using an interesting piece of wood with evergreen foliage.

3. Thirteen to sixteen years: SIR FRANCES DRAKE'S LANDING IN MARIN—An arrangement using sand and rocks. An appropriate figurine and/or boat would be desirable to dramatize the arrangement.

## Alice Darlene Bauer Bride Of Phillip Edward Nuding

Alice Darlene Bauer and Phillip Edward Nuding were married in a recent evening ceremony at the home of her parents, Mr. and Mrs. Harold E. Bauer of Mill Valley.

Family members and close friends only attended the ceremony performed by the Rev. G. Russell Oakes of Mill Valley at 8 o'clock.

The bride was given in marriage in the double ring rites by her father and wore a green mohair suit.

Joyce Brown of San Francisco, maid of honor, was attired in a light beige suit. Best man was James Janson, who is with the U. S. Navy stationed on Treasure Island. Following the wedding a reception was held in the home of the bride's parents.

The bridegroom, who is the son of Mr. and Mrs. Edward Nuding of Fremont, Neb., was educated in Fremont and is serving with the U. S. Navy in Japan.

Alice is a graduate of Tamalpais High School and is employed at the Royal Glove Insurance Co. in San Francisco. She will join her husband as soon as he can arrange for living quarters near Tokyo.

Her sister is Elizabeth Bauer of Mill Valley.

# Marin Girl Leaves For Peace Corps

Yvonne Gavre, 22, daughter of Mr. and Mrs. William Gavre of 54 Ross Avenue, San Anselmo, left for Philadelphia and a week-long Peace Corps orientation program today.

"This is my year for traveling," she said yesterday in the midst of suitcases being packed for the trip.

She received a telegram in Paris in August telling her that she had been accepted for Peace Corps training.

SOME SADNESS

"I had been bicycling in Europe and staying in youth hostels since June. My happiness at being accepted by the Peace Corps was mixed with a little sadness at having to leave Paris," she said.

"I got on the student boat back to New York in Le Havre Aug. 29 and arrived in the United States 11 days later with only $2 to my name.

"Thinking I could find rides to bring me back to California, I accepted a ride to Mississippi with a friend I met on the ship. I got as far as New Orleans when my mother sent me an airplane ticket to San Francisco.

GETS WORRIED

"None of us knew when I was supposed to report for Peace Corps training and I was getting worried that I would get home too late to participate in the South American regional handicrafts project."

She asked to be sent to South America, but was surprised to learn she would be trained for the handicrafts project.

"I have never taken an art course and although I have worked on some of my own crafts projects, I don't think I have much talent," Miss Gavre said.

ART INTEREST

"I'm interested in art, though, and have enjoyed working with children especially in crafts."

After orientation in Philadelphia, she and Wally C. Radtke of Fairfax, who has also been accepted by the corps, will travel to Puerto Rico for training.

She and Radtke, who graduated from Sir Francis Drake High School together, expect to be assigned to Colombia, Peru or Ecuador where they will work with residents of villages whose economy is based on local crafts.

## Larkspur Trustees Due Building Plans

Architect Burton Rockwell will present plans for construction of four classrooms and a library at Henry C. Hall School and two classrooms at San Clemente School at tomorrow's meeting of the Larkspur School Board.

The meeting is set for 8 p.m. at the district office, 20 Magnolia Avenue, Larkspur. The board will also formally set a policy for public non-school use of the school buildings.

# Trees To Honor Memory Of Oko

Mrs. Adolph S. Oko, widow of Capt. Adolph S. Oko of Point Reyes Station, will fly to England next week to plant a redwood and an English oak in the garden of 700-year-old Buckland Abbey near Plymouth, the home of Sir Francis Drake.

The Buckland Abbey committee issued the invitation to Mrs. Oko through the work of A. A. Cumming, director, after he received a request from the Drake Navigators Guild of Marin County for the memorial to its president emeritus.

She will plant the trees at a special ceremony Nov. 5 at Buckland Abbey, which was founded in 1278.

Sir Francis Drake lived in the abbey much of his life. Today it houses England's Drake Museum which holds many relics including "Drake's Drum" from his flagship.

## Agricultural Work Reports Are Due

Report of wages paid agricultural workers and contributions to the employee's disability insurance made during July, August and September must be filed with the State Department of Employment by Nov. 2, Charles J. Brady, auditor in charge of the department in Marin County said today.

A penalty and interest will be charged if the report is filed after the deadline, he said. Employers needing assistance in preparing the contribution and wage reports may notify Brady at the San Rafael office of the department, 807 E Street.

# Bagley Gives Warning Of New Tax Proposals

Assemblyman William T. Bagley (R-San Rafael) warned today that a rash of proposals "the likes of which we have never seen before" is being cooked up by the Brown Administration.

Bagley spoke at a breakfast meeting of the Sonoma County Life Underwriters Assn.

"There will probably be new tax proposals totaling more than three million dollars put before the next session of the Legislature," said Bagley.

Total welfare costs, for example, increased 400 per cent more than the state's population during the last seven years, he declared.

"There is simply no excuse for this huge increase," Bagley asserted.

## Garden Club Talk

Author and traveler Frank Beckman will tell members of the Marinwood Garden Club "What Every Man Should Know About His Garden" at 8 p.m. tomorrow at the Marinwood Community Center, at Miller Creek and Lucas Valley roads.

## Ex-Marinite Works For LBJ In England

Living in London has not kept a former Mill Valley man from being involved in American politics.

In fact, James R. Cleaveland has been more active in the current campaign than many of his countrymen who stayed home.

As a volunteer worker for a group called "Americans Abroad for Johnson," Cleaveland seeks out American voters who live in Britain, supplies them with voting information, and solicits votes for President Lyndon B. Johnson.

Cleaveland, son of Mrs. Fred M. Cleaveland Jr., of 41 Buena Vista Avenue, Mill Valley, has been in London two years working toward a master's degree at the University of London.

## Novato High Makes Alumni Dance Plans

The Novato High School student body is making plans for the sixth annual alumni dance and homecoming on Nov. 7.

This year each class is to compete in a float competition, with floats to be exhibited during halftime ceremonies at the football game. Winners of this competition, along with the homecoming queen, will be announced at the dance.

# Music Chest Head Re-elected 5th Time

Mrs. Samuel Archibald will again head the Marin Music Chest.

She was re-elected to the post for the fifth consecutive year at the Marin Art and Garden Center in Ross Monday.

Also re-elected were Mrs. Wallace Scott, first vice president; Mrs. Carl Riznick, second vice president; Mrs. Milton Esberg, third vice president; Ralph Mannella, treasurer, and Kitty Oppenheimer, secretary.

New directors named are Mrs. Charles Davies of Novato, Mrs. Charles Sayers of Larkspur, Mrs. John Wolfe of Kentfield, Mrs. Peter Skaer of San Anselmo, Mrs. Lee Parks of Greenbrae and Mrs. Babcock Smith of Kentfield.

Mrs. Archibald said an organizational meeting to plan the 1965 subscription drive will be called in January. The drive will open in April.

Prior to the elections, a tribute was paid to the late Mrs. Powers Symington, founder of the organization. She died earlier this month.

## Retired Officers Group To Meet

First meeting of the Marin County chapter of the Retired Officers Assn. will be held at 8:30 p.m. Nov. 5 at the Hamilton Air Force Base officers open mess.

Retired officers of the Air Force, Army, Coast Guard, Marine Corps, Navy, Coast and Geodetic Survey and Public Health Service and their wives have been invited to the meeting, according to Col. Arthur A. Watson (ret.), of Terra Linda, who has been authorized to start the new group in Marin County by the national headquarters of the association.

# Complaints Against Two In Fuss Are Dismissed

Complaints against Richard L. Strong, 22, Kentfield, for exhibiting a firearm in a threatening manner and against Kay Branton Collette, 23, of 497 Scenic Avenue, San Anselmo, for obstructing a police officer were dismissed in Marin Municipal Court yesterday.

Deputy Dist. Atty. Gary Thomas said lack of prosecution witnesses led to request for dismissal on grounds of insufficient evidence.

The charges followed a fight July 27 at Standard Station at 729 Fourth Street, San Rafael.

Richard Elliott Blair, 18, of Fairfax still faces a charge of disturbing the peace in the affray, Thomas said. Court trial is scheduled for 9:30 a.m. Monday.

## Enlists In Navy

Robert N. Ghilotti, son of Mr. and Mrs. William Ghilotti of 940 Meadowsweet Drive, Corte Madera, a graduate of Sir Francis Drake High School, has enlisted in the Navy for four years. He has been sent to San Diego for 10 weeks of recruit training.

## Dope Hearing Is Set Nov. 6

A 17-year-old Sausalito youth, arrested Sunday for alleged possession of marijuana, was in Marin County Juvenile Hall today pending a hearing Nov. 6 before the Juvenile Court judge.

Marin County sheriff's officers said they found what appeared to be 24 marijuana pod seeds, which when crushed and mixed with tobacco would make about two cigarettes, scattered in the youth's car. They said he admitted having started smoking marijuana. It was not learned where he obtained it.

Deputy James B. Kane said the suspect was spotted driving near the intersection of Almonte and Homestead Boulevards near Mill Valley about 11:30 p.m. Sunday and was halted on a curfew check.

## Former Commander New Harbor Aide

Eli E. L. Ritson of 503 Johnson Street, Sausalito, a former Navy commander, has been appointed administrative assistant tot he chief of the State Division of Small Craft Harbors.

Ritson's appointment was announced today in Sacramento, reported United Press International. He will be a staff assistant on budgeting, finance and division reports.

QUEEN CANDIDATE — Patricia A. Wilson of 37 Porto Bello Drive, San Rafael, is one of eight finalists for homecoming queen at the University of Santa Clara. Winner will be crowned at half-time of the school's homecoming football game Saturday.

## Bagley, Pockrus Debate Tomorrow

Incumbent William T. Bagley (R-San Rafael) and his Democratic opponent, James Pockrus of Rohnert Park, for the California State Assembly will debate at 9 a.m. tomorrow on Radio KTIM's "Marin Sounding Board."

Listeners may telephone questions for the speakers during the program.

The program will be rebroadcast at 12:30 p.m., Sunday.

## Court Drama Is Revealed

GRAHAM, N.C. (AP) — Prosecuting witness Robert Harvey, testifying in a larceny case, was carried away with later proceedings, then was carried away himself.

Harvey heartily approved testimony of another witness. He applauded.

Superior Court Judge James L. Latham of Burlington turned to the bailiff, Deputy Sheriff Lonnie Craven, with two directives:

"Sheriff, bring that man up here. Sheriff, put that man in jail." The citation: contempt of court.

## Birds Make Steel Nest

ALLENTOWN, Pa. (AP) — City Hall pigeons have become steel-conscious.

Workmen at the Allentown City Hall project discovered a vacated birds' nest—built entirely of wire. The birds had carefully carried, piece by piece, lengths of steel wire discarded by construction crews and built their own "steel-framed house."

The 100-year-old steel industry, constantly exploring new markets as it enters its Century Two, hopes people will follow the birds and build durable homes of steel.

## Fire Chief Elected

San Rafael Fire Chief Vance Trivett was elected president of the fire chiefs' section of the League of California Cities at the league's 66th annual conference in Los Angeles.

## When A Family Buys A Home In Southern Marin, Where Do They Come From?
Latest Research* shows that 65.9% of home buyers in Southern Marin are ALREADY LIVING in the County.

| BUYER ORIGIN | % |
|---|---|
| Marin County | 65.9 |
| San Francisco | 31.9 |
| East Bay | — |
| Peninsula | — |
| Northern California | — |
| Southern California | — |
| Outside State | 2.2 |

- And the PRIME MEDIUM for reaching Marin families is the Independent-Journal, COVERING 2 OUT OF EVERY 3 HOMES in the County.
- The I-J daily circulation in Marin County is GREATER than that of the San Francisco Chronicle and the Examiner COMBINED.
- In the I-J, your sales message goes where the GREATEST NUMBER of BUYERS are.
- NO WASTE — NO HIGH-PRICED SPACE GOING TO NON-PRODUCTIVE AREAS.
- The Prime Market then, for home sales, is Marin itself . . . and the I-J Classified "gets home" to the people who buy the MOST HOMES in Marin . . . Marin families themselves.
- SOURCE: "A Survey on the Origins of Home Buyers in Marin County," conducted by the Marin County Abstract and Title Company.

WHERE
DO
THEY
COME
FROM?
(we refer to home buyers)
- The largest percentage of home buyers (71.9%)* who buy homes in the Novato Area are ALREADY living in Marin County.
- And the PRIME MEDIUM for reaching Marin families is the Independent-Journal, COVERING 2 OUT OF EVERY 3 HOMES in the county.
- The I-J daily circulation in Marin County is GREATER than that of the San Francisco Chronicle and the Examiner COMBINED.
- In the I-J, your sales message goes where the GREATEST NUMBER of BUYERS are.
- NO WASTE — NO HIGH-PRICED SPACE GOING TO NON-PRODUCTIVE AREAS.
- The Prime Market then, for home sales, is Marin itself . . . and the I-J Classified "gets home" to the people who buy the MOST HOMES in Marin . . . Marin families themselves.

### Novato

**Indian Summer**
is the time for planning next year's new way of life. If your dreams for the future include seven secluded country acres where your family can swim and fish in their own lake, learn horsemanship in their own paddock, raise vegetables, chickens, livestock, etc. We have the place. There are a rustic but snug cottage (with a snappy new roof) and miscellaneous ranch-type improvements now in place, plus a number of wonderful view sites for the home you'll want to build. Still deep in the country but only ten minutes from town, there's nothing else like this available so close to the city. For people who recognize value, it is interestingly priced at $49,000.

**NOTICE OF SPECIAL ELECTION ON A PROPOSAL TO ANNEX CERTAIN INHABITED TERRITORY TO THE CITY OF NOVATO**

NOTICE IS HEREBY GIVEN that on Tuesday the 3rd day of November, 1964 a special election will be held in that certain territory designated as "Ignacio-Loma Verde Annexation No. 1," and more particularly described in Exhibit "A" attached hereto, for the purpose of submitting to the electors residing in said territory the question whether such district shall be annexed to, incorporated in, and made a part of the said City of Novato, and the measure to be submitted at the said special election shall be as follows:

"Shall Ignacio-Loma Verde Annexation No. 1 be annexed to the City of Novato, and shall the property therein be after such annexation subject to taxation, equally with the property within said City of Novato, to pay that portion of the following bonded indebtedness of the City of Novato outstanding at the date of the first publication of the notice of election, 1964 Swimming Pool Bonds - $100,000.00.

Ballots for the election shall be provided of the form and to the number provided by law. On the ballots, in addition to any other printed matter which may be required by law, two voting squares shall be set off to the right of the proposition hereby submitted at the election, one having the word "YES" printed before it and the other having the word "NO" printed before it.

## Legal Notices

Each voter to vote for the proposition hereby submitted shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of the proposition and to vote against the proposition shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of the proposition.

The special election shall be held in the manner provided for the general Statewide election with which it is consolidated, and within the territory affected by the consolidation, the precincts, polling places, voting booths and the officers of election shall, in every case, be the same as those set forth by the Marin County Board of Supervisors for the general Statewide election.

The polls shall be opened at 7:00 o'clock A.M. of the day of the election, and shall be kept open until 7:00 o'clock P.M. of the same day, when the polls shall be closed, except as to voters in line as provided in Section 14436 of the Elections Code.

Dated: October 5, 1964.

# HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

## *Virus, Rather Than Cancer, Linked To Leukemia Disease*

VAN DELLEN

An all-out attack on leukemia is under way. Interest in the disease expanded considerably with evidence of the existence of a leukemia virus. Everyone wants to get on the bandwagon, including the National Institutes of Health, which is expected to accelerate its research program to capitalize on the newer knowledge.

**VIRUS-LIKE AGENTS** have been isolated from 10 to 25 victims of different types of leukemia. They were not found in 13 patients with other diseases. Through the electron microscope, the particles were detected in the involved cells by Dr. G. Negroni and colleagues at the Imperial cancer research fund laboratories, Mill Hill, England. These researchers do not know whether the agents are passengers, having nothing to do with the cause, or the driver—that is, the prime cause of leukemia.

Dr. William H. Murphy and associates at the University of Michigan also have isolated viral agents from the bone marrow of 12 of 26 leukemic children but none was recovered from 14 leukemic adults or from 13 adult control subjects. The scientists went a step farther: They injected into mice the virus-like agents taken from sick youngsters, inducing a fatal leukemoid disease in these animals.

**THE RESEARCHERS** were cautious in coming to definite conclusions, according to a report in the Medical Tribune. They lack definite proof that the agents are viruses, even though they demonstrated many virus-like properties. In addition, the disease induced in mice was not exactly leukemia but the next thing to it, which is why it was called a leukemoid disease.

Experiments on human volunteers may not be necessary to determine whether leukemia is brought on by a virus. Cells grown in test tubes have been transformed into tumors with other viruses. Furthermore, blood studies have shown that some animals develop protective antibodies against certain types of tumor cells, including the viral agents used in these studies.

For years, physicians were unwilling to refer to leukemia as cancer of the blood. Perhaps we were right in that the disorder may be a viral infection of the blood-forming organs. Will the cure come in the form of a chemical or will a vaccine solve the problem? Our new approach to the problem may speed the answers.

### TEETH AND GUMS

B. T. writes: Can a decayed tooth that is neglected lead to trench mouth?

REPLY

No, but dental caries make the gums susceptible to infection, including the microorganisms (fusospirochetal) responsible for trench mouth.

### PIANO FINGERS

J. L. writes: I took up piano two years ago. Now, whenever I play, my fingers hurt and the ring and small fingers are swollen around the knuckles. Do you think piano playing could have caused arthritis? I'm 45 years old.

REPLY

Pounding the ivories may have injured the joints, but arthritis of the fingers is common at your age.

### GALLSTONE DIET

P. W. writes: Is fat allowed on the diet for gall bladder disease?

REPLY

Not in the acute attack. Later, the diet is not so limited. Send stamped, self-addressed envelope for leaflet on dietary suggestions in gall bladder disease.

### UNCONSCIOUSNESS

L. T. writes: What are the chief reasons for going into a coma?

REPLY

Too much alcohol or drugs, serum reactions, cirrhosis of liver, stroke, diabetes, and overexposure to heat.

### SKIN TESTS

F. H. writes: Do all allergies show up in allergy tests?

REPLY

No. Skin tests, for example, are not reliable for food and physical allergies.

### DANDRUFF AND PIMPLES

S. T. writes: Can dandruff on the head cause pimples on the face?

REPLY

Yes. Seborrheic dermatitis on the scalp often spreads to the face. This disorder and acne are related in that both are associated with overactive oil glands. It is difficult to cure one without eliminating the other.

### PROTECTION

C. M. writes: What is the name of the mental condition in which the disturbed person blames others for all his problems?

REPLY

Those with paranoia tend to do this.

### MENOPAUSE AND WORRY

Mrs. S. writes: Does the change of life make women worry about things that happened 10 or 20 years ago?

REPLY

No. If anything, many have less to worry about than they did 10 or 20 years ago.

### KNUCKLE DAMAGE

T. M. writes: Could the knuckle-cracking habit lead to arthritis of the fingers?

REPLY

Yes, because this habit injures the joints.

## TELEVISION REVIEW

# Negro Roles Issue Is Being Revived

By RICK du BROW

HOLLYWOOD (UPI) — One of Hollywood's most heated issues, the campaign for more roles for Negroes in television, is being revived again after months of relative quiet.

A major campaign was launched by Negro leaders before and during the last video season. Combined with the all-out desegregation drive at the time and the stories of a number of television drama series in that season, it made some large inroads as compared with the past.

**This season, the networks have de-emphasized drama and stepped up situation comedy, and numerous studio and network officials confess privately they disagree with the contention of desegregation leaders that Negroes fit just as well into such shows in the mass public mind. There are exceptions. ABC-TV's "Valentine's Day," for instance, has a Negro girl as a relative regular.**

Furthermore, some Negro leaders had said they were beginning to see daylight in the Hollywood struggle; in addition, the civil rights battle had less of an outward simmer than before; and there seemed to be an added sensitivity because of the presidential election coming up. Last May, one leader of the National Assn. for the Advancement of Colored People said of the Hollywood situation: "You have to be a blind man not to recognize and appreciate the efforts made on both sides."

There are signs, however, that the campaign in Hollywood is due for reheating. Yesterday, for instance, Mrs. Liz Bullard, head of the Beverly Hills-Hollywood branch of the NAACP, said she thinks things "are going very badly this (television) season as opposed to last. We just had a meeting today with representatives of the major studios and many of the major guilds, and it is generally accepted that things have slowed down. We are half-way through the season (in production), and there is no appreciable use of Negro acotrs and actresses. Last year it was a very 'in' thing to be associated with civil rights."

Indicating the future drive, Mrs. Bullard said "it is a question of having to remind again and again and again." She also said she felt there were too many video stories last season with racial themes. Meanwhile, Lil Cumber, head of Hollywood's biggest Negro talent agency, says: "I think the pressure has been taken off Hollywood to a degree, and they have gotten a little lax in placing Negroes not necessarily in roles but in key roles."

Miss Cumber said, however, there are "more smaller roles—fringe benefits—than in the past, and not necessarily 'Negro' parts." She said she has had a good year, especially for her newcomers. Ironically, she adds that with "this revolution," white agents are now invading her agency and promising her clients they can do more for them and their careers.

**THE CHANNEL SWIM:** The Republicans bought the 10:30-11 p.m. (EDT) time slot on ABC-TV tonight, and the 10-10:30 p.m. (EDT) period on the same network tomorrow . . . The Democrats, meanwhile, bought the 8:30-9 p.m. (EDT) slot on CBS-TV next Wednesday, the half-hour usually occupied by the high-rated "Beverly Hillbillies."

Comedian Jackie Mason, whose five future appearances with CBS-TVs Ed Sullivan were canceled after the showman objected to his manner on last Sunday's program, is scheduled to be a guest on ABC-TV's "Hollywood Palace" Dec. 19.

Perry Como's Christmas show from Rome, which airs Dec. 17 on NBS-TV, plans to include the Sistine Chorus performing at the Vatican gardens.

# Life Saving Wins Honor For Youth

A Pinole high school student was awarded a bronze Carnegie medal and $500 yesterday in Pittsburgh, Pa. for saving three persons from drowning at Stinson Beach Feb. 23, 1963.

Emron A. Yancey, 15, was one of two Northern Californians to win medals during the annual presentations.

Yancey rescued three teenagers that day. He had just pulled one youth 50 feet to shore when a boy and girl cried for help from 200 feet out. He plunged back in, brought the girl to safety, then went back for the boy and got him close to shore. Others then assisted.

The three were among five who came close to drowning when they entered the water after a picnic lunch at the beach.

One other, James Drew of San Francisco, drowned. He was taken from the surf by a helicopter, but died en route to a hospital.

# Homo Consumist Is Called New Kind Of Man

SAN FRANCISCO (UPI) — Dr. Erich Fromm, author and psychoanalyst, told a San Francisco State College audience yesterday that automation has produced a new kind of man—the "homo consumist."

He defined this as someone who consumes everything around him—cigarettes, gadgets, television, and even sex. The homo consumist experiences sex as something to be consumed rather than a passion.

Dr. Fromm's address drew a standing room only crowd of 3,000 in the school's main gym. Another 2,000 were turned away.

"We save time and don't know what to do with it so we kill it," he remarked. "We don't want to feel bored—it's too embarrassing."

As a result, manufacturing is largely concerned with grinding out "boredom combatant products."

## Murphy Is Backed

LOS ANGELES (UPI)—The Los Angeles Times today editorially endorsed Republican George Murphy for the U.S. Senate over Sen. Pierre Salinger. Three weeks ago the Times endorsed Sen. Barry Goldwater for president.

HALF CENTURY MARRIED — Mr. and Mrs. William Alexander (Sandy) McLean, celebrating their golden wedding today, also have lived 46 years in the same Belvedere home—next door to where Sandy grew up. The house at 144 Bay View Avenue was "completely alone" when they moved there, Mrs. McLean recalls. (Independent-Journal photo)

## GOLDEN WEDDING

# They See Many Changes During 50-Year Marriage

Mr. and Mrs. Sandy McLean, who celebrated their 50th wedding anniversary today, have watched through the years from their Belvedere home as the hills of the Tiburon Peninsula changed from being covered with grass to being hidden by homes.

"There wasn't a thing . . . This house was completely alone," Mrs. McLean says of their home at 144 Bay View Avenue.

The couple met aboard McLean's boat, when the future Mrs. McLean was dating someone else. But she returned to go sailing with McLean and on Oct. 21, 1914 they were married in San Francisco. They lived there for a short time, then in Sausalito, before coming to Belvedere and the home where they have resided for 46 years, next to the house in which McLean came to live with his parents as a year-old child.

Sandy McLean, who officially is William Alexander McLean, but says no one knows him by that name, worked for the Northwestern Pacific Railroad for 45 years and became planing mill foreman in the yard at Tiburon.

"It just nearly breaks his heart to look out the window and see no trains," Mrs. McLean says.

McLean served as fire chief of the railroad yard for 37 years and for 14 years he also was chief of the volunteer Belvedere department.

The three boys of the family, William, Robert, and Donald, are carrying on the fire fighting tradition as members and former members of the Belvedere volunteers. The couple also has three daughters, Madelyn, Shirley and Edith, 17 grandchildren, and four great-grandchildren.

Geting along together through 56 years of marriage has been easy, they agree, "just by doing what had to be done. Never both getting mad at the same time," Mrs. McLean says.

# Racial School Plan Devised

OAKLAND (AP)—The Oakland School Board last night devised a plan to end de facto segregation in the city's schools by next year.

The proposal would permit students in overcrowded schools to transfer to less crowded schools, and would seek better use of school facilities.

A three-man committee would be empowered to write a policy statement clarifying the school boards position on racial integration of the schools.

# Federal Aide Expects $5.8 Billion Deficit

WASHINGTON (AP)—Budget Director Kermit Gordon says he expects the government's deficit for the fiscal year that ends next June 30 to run close to the May estimate of 5.8 billion dollars.

He told newsmen Tuesday after a conference with President Lyndon B. Johnson that present indications are that spending will be close to the predicted 97.3 billion dollars, while receipts will be near 91.5 billion dollars.

Choose the RCA Antenna that's best for your location
Increase your enjoyment of color or black-and-white programs. You can select the proper outdoor antenna for better viewing of VHF channels. The RCA 200 is designed for use in city areas to get best reception from local stations. The RCA 300 is built for suburban and "near fringe area" locations. The RCA 400 is designed for "outer fringe area" locations or distant stations.
All three are precisely built for clear, sharp, strong pictures. RCA's unique "cross-fed, stagger-tuned driven element" assembly provides all the necessary characteristics that are needed for outstanding performance.
